

## New for Fall 2006! Computer Support Specialist Certificate

**Train for a new career in only two semesters!**

Computer Support Specialist positions were reported as one of the top 15 fastest growing occupations requiring post-secondary training or an associates degree. (See America's Career Infonet <http://www.acinet.org>.)

The 25 credit-hour Computer Support Specialist certificate program is designed to prepare students for employment as **Help Desk personnel, computer desktop support technicians**, and other **computer support positions**. This program also helps to prepare you for Microsoft Certified Desktop Support Technician (MCDST) certification exams. (See <http://www.microsoft.com/learning/mcp/mcdst>).
