REQUEST FOR PROPOSALS (RFP)

GENERAL PROCESSING AND SELECTION PROCEDURES

The following procedures are generally used in the selection of vendors to provide professional services:

1. The Evaluation Committee is formed to evaluate the RFP responses.
2. The committee prepares a project description, criteria for selection and requirements for the specific contract. A Request for Proposals package is mailed to interested parties and a legal notice of the intent to contract for services is published.
3. The committee receives written RFP responses. The RFP responses should include a resume of the firm, references from past and present clients, similar experience, the names and background of project personnel, a narrative or work plan describing their approach to the specific project, a project task schedule (as applicable), and any other submittals requested within the document.
4. The committee reviews and evaluates the RFPs based on the established selection criteria and a comparison of all RFP responses submitted. If necessary, the committee may request a meeting with one or more Respondents to clarify and/or expand on the response. In accordance with the requirements of the RFPs, the College may negotiate terms, conditions and fees with the successful Respondent.
5. The committee selects the RFP response which, based on the ability to meet the criteria, appears to be the most advantageous selection for the College, and subsequently recommends contract award to the Executive Vice President.
6. Harper College reserves the right to reject all Proposals or parts thereof, to waive any irregularities or informalities in the Request for Proposals (RFP) procedures and to award the contract in a manner best serving the interest of the College.
The College reserves the right to request additional information and/or to negotiate certain clarifications with the Firm selected in the evaluation for this RFP and/or to request best and final offers.

If the negotiation period exceeds 30 days, the College may elect to withdraw the award and consider other Firms.
7. The contract is presented for approval to the College Board of Trustees.

D. STATEMENT OF WORK

D.01 Introduction:

Harper College is a comprehensive community college located in Palatine, Illinois. Harper College's full-time and part-time unduplicated student enrollment for FY 2014 was approximately 26,000. The staff consists of 1,676 full-time and part-time employees which include 819 full-time and part-time faculty members. This makes Harper the third largest community college in the State of Illinois. The college district is located in the northwest suburbs of Chicago, serving 550,000

residents in 23 communities. The main campus is located on a 200-acre site with extension facilities in Prospect Heights, and the Harper Professional Center in Schaumburg. As a comprehensive community college, Harper offers certificates and associate degrees in a wide range of disciplines areas as well as continuing education, customized training programs and adult enrichment classes.

Over the next two decades, many faculty and administrators in community colleges across the country will be retiring or moving on to other colleges to assume key senior administrative positions. Without well-prepared leaders, the ability for Harper to deal successfully with challenges and meet its mission to its various constituents will be compromised. A doctoral degree is required in many high-level leadership positions in post-secondary education. Therefore, the College is supporting an initiative to host an onsite doctoral program focusing on community college leadership to enable employees an opportunity to obtain a terminal degree.

Public Law 113-128, the Workforce Innovation and Opportunity Act (WIOA) will replace the Workforce Investment Act to authorize the federal workforce programs in 2015. The WIOA will modernize the nation's workforce system and emphasizes the demand-driven approach that Illinois has developed over the past several years. The Illinois Department of Commerce and Economic Opportunity (DCEO) will coordinate with state and local workforce and economic development partners to implement the requirements associated with the two year implementation of WIOA in coordination with the Illinois Economic Development Plan (published by DCEO in July 2014).

D.02 Scope of Work

The Workforce Investment Act and the Workforce Innovation and Opportunity Act authorize statewide workforce investment activities for adults and dislocated workers, as described in WIA section 134(a), and Statewide youth activities, as described in WIA section 129(b). They include both required and allowable activities. This grant will support the required statewide activities of partnership development, employer engagement and the provision of technical assistance at the state and local levels. This grant will also support the regional planning process that is required by the WIOA.

Harper College will complete a planning process to determine the actual state of work-based training programs, and employer engagement efforts more generally, as they presently exist in each of the ten economic development regions in Illinois. Phase I of this project involves planning, preparing for, facilitating and reporting on the results of a series of ten focus groups, with the composition of each group conforming to that of the State's ten economic development regions. These groups will be carried out in the context of findings of an environmental scan prepared by the Illinois Department of Commerce and Economic Opportunity, as well as research into the talent development alignment and collaboration in the State. It is anticipated that the focus groups will provide insights for a report that will clearly identify the most important strategic recommendations that form the basis for the subsequent development of the Workforce Education Strategic Plan.

D02.1 This document is a Request for Proposals ("RFP") for Harper College ("College") from a nationally known consulting firm ("Consultant") to complete Phase I of an Education & Workforce Strategic Plan ("Plan") for the State of Illinois.

D.04.4 Implementation Schedule: Provide a table of the schedule for implementation of the project including all significant Statement of Work milestones.

D.04.5 Additional Information and Comments: Include any other information which may be requested in the "Statement of Work" herein, or which you believe to be pertinent to the College's requirements.
