REQUEST FOR PROPOSALS (RFP)

GENERAL PROCESSING AND SELECTION PROCEDURES

The following procedures are generally used in the selection of vendors to provide professional services:

1. The Evaluation Committee is formed to evaluate the RFP responses.
2. The committee prepares a project description, criteria for selection and requirements for the specific contract. A Request for Proposals package is mailed to interested parties and a legal notice of the intent to contract for services is published.
3. The committee receives written RFP responses. The RFP responses should include a resume of the firm, references from past and present clients, similar experience, the names and background of project personnel, a narrative or work plan describing their approach to the specific project, a project task schedule (as applicable), and any other submittals requested within the document.
4. The committee reviews and evaluates the RFPs based on the established selection criteria and a comparison of all RFP responses submitted. If necessary, the committee may request a meeting with one or more Respondents to clarify and/or expand on the response. In accordance with the requirements of the RFPs, the College may negotiate terms, conditions and fees with the successful Respondent.
5. The committee selects the RFP response which, based on the ability to meet the criteria, appears to be the most advantageous selection for the College, and subsequently recommends contract award to the Executive Vice President.
6. Harper College reserves the right to reject all Proposals or parts thereof, to waive any irregularities or informalities in the Request for Proposals (RFP) procedures and to award the contract in a manner best serving the interest of the College.
7. The contract is presented for approval to the College Board of Trustees.
