This addendum consists of the following clarifications:

1. Currently Harper College is running Luminis Portal 4.3, but will be migrating to Ellucian Portal on MS Sharepoint.

This addendum consists of questions received:

1. What SSO Protocols do you support?

Response: ADFS, CAS

2. In the reporting section you said that the system should have a way to identify where the applicant came from prior to landing on our site, can you please clarify this. We can set up Google Analytics (records referrers).
