This addendum consists of the following questions received:

1. One other question, regarding the bid form. It's very hard to break down labor and other associated items into each line of drapery. Is it acceptable to include, in each line of the bid form, the equipment needed for that line, and then place all the labor and other associated items into the "Ancillary Charges" line?

Response: Labor, installation, lift rental and any other associated items that are needed to complete the work shall be factored in the ancillary charges line. Vendor can attach an itemized list that details what is included in the ancillary charges.

Sincerely,
