## REQUEST FOR PROPOSALS (RFP)

### GENERAL PROCESSING AND SELECTION PROCEDURES

The following procedures are generally used in the selection of vendors to provide professional services:

1. The Evaluation Committee is formed to evaluate the RFP responses.
2. The committee prepares a project description, criteria for selection, and requirements for the specific contract. A Request for Proposals package is e-mailed to interested parties, and a legal notice of the intent to contract for services is published.
3. The committee receives written RFP responses. The RFP responses should include a resume of the firm, references from past and present clients, similar experience, the names and background of project personnel, a narrative or work plan describing their approach to the specific project, a project task schedule (as applicable), and any other submittals requested within the document.
4. The committee reviews and evaluates the RFPs based on the established selection criteria and a comparison of all RFP responses submitted. If necessary, the committee may request a meeting with one or more Respondents to clarify and/or expand on the response. In accordance with the requirements of the RFPs, the College may negotiate terms, conditions, and fees with the successful Respondent.
5. The committee selects the RFP response which, based on the ability to meet the criteria, appears to be the most advantageous selection for the College and subsequently recommends a contract award to the Executive Vice President.
6. Harper College reserves the right to reject all Proposals or parts thereof, waive any irregularities or informalities in the Request for Proposals (RFP) procedures, and award the contract in a manner best serving the interest of the College.
7. The contract is presented for approval to the College Board of Trustees.

#### A. REQUEST FOR PROPOSALS

##### A.01 General:

###### A.01.1 Definition:

Request for Proposals (RFP) is a method of procurement permitting discussions with responsible Respondents and revisions to responses prior to award of a contract. Proposals will be opened and evaluated in private. The award will be based on the criteria set forth herein.

###### A.01.2 Familiarity with Conditions:

Respondents are advised to become familiar with all conditions, instructions, and specifications governing this RFP. Once the award has been made, failure to have read all the conditions, instructions, and specifications of this Request for Proposals, and any subsequent contract, shall not be caused to alter the original contract or request additional compensation.

##### A.02 Discussion of Proposals:

A.02.1 All Respondents are advised that in the event of receipt of an adequate number of RFPs, which in the opinion of the Selection Committee requires no clarification and/or supplementary information, such RFP responses may be evaluated without discussion. Hence, Proposals should be initially submitted on the most complete and favorable terms which Respondents are capable of offering to the College.

A.02.2 The Selection Committee may conduct discussions with any Respondent who submits acceptable or potentially acceptable Proposals. Respondents shall be accorded fair and equal treatment with respect to any opportunity for discussion and revision of Qualification responses. During the course of such discussions, the Selection Committee shall not disclose any information derived from one Qualification response to any other Respondent. The Selection Committee reserves the right to request the Respondent to provide additional information during this process. ##### A.03 Negotiations:

Harper College reserves the right to negotiate specifications, terms, and conditions which may be necessary or appropriate to the accomplishment of the purpose of this RFP. The College may require the RFP and the Respondent's entire Qualification response to be made an integral part of the resulting contract. This implies that all responses, supplemental

information, and other submissions provided by the Respondent during discussions or negotiations will be held by Harper College as contractually binding on the successful Respondent.

A.04 Notice of Unacceptable Responses:  
When the Selection Committee determines a firm's RFP response to be unacceptable, such Respondent shall not be afforded an additional opportunity to supplement its RFP Response.

A.05 Confidentiality:  
The Purchasing Department shall examine the Proposals to determine the validity of any written requests for nondisclosure of trade secrets and other proprietary data identified. After award of the contract, all responses, documents, and materials submitted by the Respondent pertaining to this RFP will be considered public information and will be made available for inspection, unless otherwise determined by the Purchasing Department. All data, documentation and innovations developed as a result of these contractual services shall become the property of the College. ## STATEMENT OF WORK

### COLLEGE BACKGROUND

William Rainey Harper College is one of forty-nine (49) community colleges in the State of Illinois that make up the Illinois Community College System. With over 34,000 students annually, Harper is fully accredited by the Higher Learning Commission through 2027 to offer certificate and associate degree programs. Harper also offers apprenticeships, continuing education, developmental education, and adult education programs. Harper's student population is 50.3% non-White, 56% female, and 39% of students receive some form of financial aid.

The College district is located in the northwest suburbs of Chicago. The 200-acre campus is located in Palatine, with an extension facility at the Learning and Career Center in Prospect Heights. Further information about Harper College can be found on its website.

Harper's current strategic plan includes a focus on identifying and removing barriers to student success with targets related to closing equity gaps, increasing completion rates, and increasing supporting services for student basic needs. Harper has committed to closing equity gaps by 20% by 2024. Additionally, regional employers have expressed that Harper's technology programs are not producing graduates that have the knowledge, skills, abilities, competencies, and/or credentials needed to fill vacancies. These combined made it clear that resources and support were needed to address gaps identified related to equity in persistence and completion and in emerging technologies programming needed to prepare students to meet regional workforce demands.

The U.S. Department of Labor, Employment and Training Administration Strengthening Community Colleges Training Grant awarded to Harper for the project entitled *Prioritizing Equity in Emerging Technologies Pathways at Harper (EmergingTech@Harper)* will help the College develop new, equitable career pathways in Cybersecurity, Artificial Intelligence (AI), and Cloud Infrastructure. This project also focuses on implementing strategies to address racial/ethnic and gender gaps in these academic programs and career fields. The grant project's outcomes are:

1. Expand educational opportunities in high-tech fields through two new accelerated career pathways in Cybersecurity and AI/Cloud Infrastructure that lead to industry-recognized credentials, meet regional workforce demands, and prepare graduates for high-wage, high-demand jobs and/or transfer.
2. Increase capacity to offer flexible, equitable, and accessible educational opportunities through accelerated learning strategies; stacked credentials; competency-based courses; online/hybrid delivery; accessible course content; and OER, simulation, and Virtual Reality/Augmented Reality.
3. Increase capacity to build and strengthen collaborative partnerships and engagement with regional employers, community-based organizations, and other partners.
4. Improve perception (awareness) of emerging technologies careers among female students and students of color leading to increased enrollment of female, Latinx, and Black students in pathways.
5. Increase access to educational and economic opportunities through new technical bridge programs that provide students with basic skills, ESL, or remediation needed to be successful in pathways.

**As part of the grant requirements, an experienced, independent, objective third-party evaluator will be engaged through a Request for Proposal (RFP) process to conduct an Implementation Evaluation. More detail regarding the evaluator's role is outlined in the scope of this RFP.**

## **PART 1 – GENERAL**

Harper College is seeking an experienced third-party evaluator that will be engaged throughout the four-year grant period to conduct a comprehensive Implementation Evaluation that:

1. Supports the project by developing a conceptual model of the project and identifying key evaluation points to ensure all participants and stakeholders understand the project's structure and expected outcomes.
2. Develops an evaluation plan that is consistent with project goals and complies with federal regulations and the DOL-SCC3 review criteria for program evaluation.
3. Documents the capacity building and equity outcomes and systems change achieved by the *EmergingTech@Harper* project.
4. Works with project staff to design and execute evaluation activities in accordance with DOL/ETA expectations and requirements.
5. Engages students in evaluation activities to provide feedback on outcomes related to the effectiveness of programs, benefits of new learning experiences and infusion of technology, and perceptions of IT-related career pathways.
6. Collaborates with faculty to determine outcomes associated with the technical bridge program effectiveness, development of new courses and programs, integration of technology-enabled learning strategies, and participation in the Business and Industry Leadership Team meetings.

## **PART 2 – TASKS**

**STATE OF ILLINOIS  
BUSINESS ENTERPRISE PROGRAM  
MINORITIES, FEMALES, PERSONS WITH DISABILITY  
PARTICIPATION AND UTILIZATION PLAN**

The Business Enterprise for Minorities, Females and Persons with Disabilities Act (BEP) establishes a goal for community colleges contracting with businesses that have been certified as owned and controlled by persons who are minorities (MBE), female (FBE/ also referred to as WBE), or persons with disabilities (DBE) (collectively, BEP certified vendor(s)). 30 ILCS 575

**Contract Goal to be Achieved by Vendor:** This solicitation includes a specific **BEP** participation goal of 30% of the total dollar amount awarded to MBEs and FBEs, with at least 50% of the total dollar amount awarded to FBEs.

**The BEP participation goal is applicable to all bids or offers.** In addition to the award criteria established for this solicitation, the College will award this contract to a Vendor that meets the goal or demonstrates good faith efforts to meet the goal. This goal is applicable to change orders and allowances within the scope of work provided by the BEP certified vendors. If Vendor is an MBE and FBE certified vendor, the entire goal is met and no subcontracting with a BEP certified vendors is required; however, **Vendor must submit a Utilization Plan indicating that the goal will be met by self-performance.**

Following are guidelines for Vendor's completion of the Utilization Plan. The Utilization Plan must demonstrate that Vendor has either: (1) met the entire contract goal; or (2) made good faith efforts towards meeting the goal.

At the time of bid or offer, Vendor, or Vendor's proposed Subcontractor, must be certified with the Illinois Department of Central Management Services as a BEP certified vendor.

Failure to complete a Utilization Plan or provide Good Faith Effort documentation shall render the bid or offer non-responsive; and subject to rejection and/or disqualification in the College's sole discretion.

1. If applicable where there is more than one prime vendor, the Utilization Plan should include an executed Joint Venture Agreement specifying the terms and conditions of the relationship between the parties and their relationship and responsibilities to the contract. The Joint Venture Agreement must clearly evidence that the BEP certified vendor will be responsible for a clearly defined portion of the work and that its responsibilities, risks, profits and contributions of capital, and personnel are proportionate to its ownership percentage. It must include specific details related to the parties' contributions of capital, personnel, and equipment and share of the costs of insurance and other items; the scopes to be performed by the BEP certified vendor under its supervision; and the commitment of management, supervisory personnel, and operative personnel employed by the BEP certified vendor to be dedicated to the performance of the contract. Established Joint Venture Agreements will only be credited toward BEP goal achievements for specific work performed by the BEP certified vendor. **Each party to the Joint Venture Agreement must execute the bid or offer prior to submission of the bid or offer to the College.**
2. An agreement between a vendor and a BEP certified vendor in which a BEP certified vendor promises not to provide subcontracting or pricing quotations to other vendors is prohibited. The College may request additional information to demonstrate compliance. Vendor agrees to cooperate promptly with the College in submitting to interviews, allowing entry to places of business, providing further documentation, and to soliciting the cooperation of a proposed BEP certified vendor. Failure to cooperate by Vendor and BEP certified vendor may render the bidder or offeror non-responsive or not responsible. **The contract will not be awarded to Vendor unless Vendor's Utilization Plan is approved by the College.**
3. **BEP Certified Vendor Locator References:** Vendor may consult CMS' BEP Vendor Directory at [www.sell2.illinois.gov/cms/business](http://www.sell2.illinois.gov/cms/business), as well as the directories of other certifying agencies, but firms **must be certified with CMS as BEP certified vendors at the time of bid or offer.**

4. **Vendor Assurance:** Vendor shall not discriminate on the basis of race, color, national origin, sexual orientation or sex in the performance of this contract. Failure by Vendor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy, as the College deems appropriate. This assurance must be included in each subcontract that Vendor signs with a subcontractor or supplier.
5. **Calculating BEP Certified Vendor Participation:** The Utilization Plan documents work anticipated to be performed, or goods/equipment provided by all BEP certified vendors and paid for upon satisfactory completion/delivery. Only the value of payments made for the work actually performed by BEP certified vendors, by subcontractors or suppliers to such vendors, is counted toward the contract goal. Applicable guidelines for counting payments attributable to contract goals are summarized below:
  - 5.1 The value of the work actually performed or goods/equipment provided by the BEP certified vendor shall be counted towards the goal. The entire amount of that portion of the contract that is performed by the BEP certified vendor, including supplies purchased or equipment leased by the BEP certified vendor shall be counted, except supplies purchased and equipment rented from the Prime Vendor submitting this bid or offer.
  - 5.2 A vendor shall count the portion of the total dollar value of the BEP contract equal to the distinct, clearly defined portion of the work of the contract that the BEP certified vendor performs toward the goal. A vendor shall also count the dollar value of work subcontracted to other BEP certified vendor. Work performed by the non- BEP certified party shall not be counted toward the goal. **Work that a BEP certified vendor subcontracts to a non-BEP certified vendor will not count towards the goal.**
  - 5.3 A Vendor shall count toward the goal 100% of its expenditures for materials and supplies required under the contract and obtained from a BEP certified vendor manufacturer, BEP certified regular dealer, or BEP certified supplier. A Vendor shall count toward the goal the following expenditures to BEP certified vendors that are not manufacturers, regular dealers, or suppliers:
    - 5.3.1 The fees or commissions charged for providing a bona fide service, such as professional, technical, consultant or managerial services and assistance in the procurement of essential personnel, facilities, equipment, materials or supplies required for performance of the contract, provided that the fee or commission is determined by College to be reasonable and not excessive as compared with fees customarily allowed for similar services.
    - 5.3.2 The fees charged for delivery of materials and supplies required by the contract (but not the cost of the materials and supplies themselves) when the hauler, trucker, or delivery service is not also the manufacturer or a supplier of the materials and supplies being procured, provided that the fee is determined by the College to be reasonable and not excessive as compared with fees customarily allowed for similar services. The BEP certified vendor's trucking firm must be responsible for the management and supervision of the entire trucking operation for which it is responsible on the contract, and must itself own and operate at least one fully licensed, insured and operational truck used on the contract.
    - 5.3.3 The fees or commissions charged for providing any bonds or insurance specifically required for the performance of the contract, provided that the fee or commission is determined by the College to be reasonable and not excessive as compared with fees customarily allowed for similar services.

- 5.4 BEP certified vendors who are performing on contract as second tier subcontractors may be counted in meeting the established BEP goal for this contract as long as the Prime Vendor can provide documentation indicating the utilization of these vendors.
- 5.5 A Vendor shall count towards the goal only expenditures to firms that perform a commercially useful function in the work of the contract.
- 5.5.1 A firm is considered to perform a commercially useful function when it is responsible for execution of a distinct element of the work of a contract and carries out its responsibilities by actually performing, managing, and supervising the work involved. The BEP certified vendor must also be responsible, with respect to materials or supplies used on the contract, for negotiating price, determining quality and quantity, ordering the materials or supplies, and installing the materials (where applicable) and paying for the material or supplies. To determine whether a firm is performing a commercially useful function, the College shall evaluate the amount of work subcontracted, whether the amount the firm is to be paid under the contract is commensurate with the work it is actually performing and the credit claimed for its performance of the work, industry practices, and other relevant factors.
- 5.5.2 A BEP certified vendor does not perform a commercially useful function if its role is limited to that of an extra participant in a transaction or contract through which funds are passed through in order to obtain BEP certified vendor participation. In determining whether a BEP certified vendor is such an extra participant, the College shall examine similar transactions, particularly those in which BEP certified vendors do not participate, and industry practices.
- 5.6 A Vendor shall not count towards the goal expenditures that are not direct, necessary and related to the work of the contract. Only the amount of services or goods that are directly attributable to the performance of the contract shall be counted. Ineligible expenditures include general office overhead or other Vendor support activities.
6. **Good Faith Effort Procedures:** Vendor must submit Utilization Plans, subcontract documents, and/or Letters of Intent that meet or exceed the published goal. If Vendor cannot meet the stated goal, Vendor must document and explain within the Utilization Plan the good faith efforts it undertook to meet the goal. Utilization Plans are due at the time of and must be enclosed and sealed with the bid or offer submission. Copies of subcontract documents and/or Letters of Intent shall be due upon request.
7. **Contract Compliance:** Compliance with this section is an essential part of the contract. The following administrative procedures and remedies govern Vendor's compliance with the contractual obligations established by the Utilization Plan. **After approval of the Plan and award of the contract, the Utilization Plan becomes part of the contract.** If Vendor did not succeed in obtaining BEP certified vendor participation to achieve the goal and the Utilization Plan was approved and contract awarded based upon a determination of good faith, the total dollar value of BEP certified vendor work calculated in the approved Utilization Plan as a percentage of the awarded contract value shall become the contract goal.
- 7.1. The Utilization Plan may not be amended after contract execution without the College's prior written approval.
- 7.2. **Vendor may not make changes to its contractual BEP certified vendor commitments or substitute BEP certified vendors without the prior written approval of the College.** Unauthorized changes or substitutions, including performing the work designated for a BEP certified vendor with Vendor's own forces, shall be a violation of the utilization plan and a breach of the contract, and shall be cause to terminate the contract, and/or seek other contract remedies or sanctions.

- 7.3.** If it becomes necessary to substitute a BEP certified vendor or otherwise change the Utilization Plan, Vendor must notify the College in writing of the request to substitute a BEP certified vendor or otherwise change the Utilization Plan. The request must state specific reasons for the substitution or change. The College shall notify the Council or its delegate of the request to substitute a BEP certified vendor or change the Utilization Plan. The College reserves the right to approve or deny a request for substitution or other change in the Utilization Plan.
- 7.4.** Where Vendor has established the basis for the substitution to the College's satisfaction, it must make good faith efforts to meet the contract goal by substituting a BEP certified vendor. Documentation of a replacement BEP certified vendor, or of good faith efforts to replace the BEP certified vendor, must meet the requirements of the initial Utilization Plan. If the goal cannot be reached and good faith efforts have been made, Vendor may substitute with a non-BEP certified vendor or Vendor may perform the work.
- 7.5.** If a Vendor plans to hire a subcontractor for any scope of work that was not previously disclosed in the Utilization Plan, Vendor must obtain the approval of the College to modify the Utilization Plan and must make good faith efforts to ensure that BEP certified vendors have a fair opportunity to submit a bid or offer on the new scope of work.
- 7.6.** A new BEP certified vendor agreement must be executed and submitted to the College within five business days of Vendor's receipt of the College's approval for the substitution or other change.
- 7.7.** Vendor shall maintain a record of all relevant data with respect to the utilization of BEP certified vendors, including but without limitation, payroll records, invoices, canceled checks and books of account for a period of at least three years after the completion of the contract. Full access to these records shall be granted by Vendor upon 48 hours written demand by the College to any duly authorized representative thereof, or to any municipal, state or federal authorities. The College shall have the right to obtain from Vendor any additional data reasonably related or necessary to verify any representations by Vendor. After the performance of the final item of work or delivery of material by the BEP certified vendor and final payment to the BEP certified vendor by Vendor, but not later than 30 calendar days after such payment, Vendor shall submit a statement confirming the final payment and the total payments made to the BEP certified vendor under the contract.
- 7.8.** The College will periodically review Vendor's compliance with these provisions and the terms of its contract. Without limitation, Vendor's failure to comply with these provisions or its contractual commitments as contained in the Utilization Plan, failure to cooperate in providing information regarding its compliance with these provisions or its Utilization Plan, or provision of false or misleading information or statements concerning compliance, certification status or eligibility of the BEP certified vendor, good faith efforts or any other material fact or representation shall constitute a material breach of this contract and entitle the College to declare a default, terminate the contract, or exercise those remedies provided for in the contract or at law or in equity.
- 7.9.** The College reserves the right to withhold payment to Vendor to enforce these provisions and Vendor's contractual commitments. Final payment shall not be made pursuant to the contract until Vendor submits sufficient documentation demonstrating compliance with its Utilization Plan.

Below is a checklist of actions that will be used to evaluate a Vendor's Demonstration of Good Faith Efforts and Request for Waiver. **Please check the actions which you completed.** If any other efforts were made to obtain BEP participation in addition to the items listed below, attach a detailed description of such efforts. The College reserves the right to review and audit the results of the vendor's efforts as described below.

- Utilize the Sell2Illinois website: [www2.illinois.gov/cms/business](http://www2.illinois.gov/cms/business) to identify BEP certified vendors within the respective commodity/service codes denoted above and at a minimum e-mail all listed vendors and solicit quotes from all vendors who express an interest via follow-up e-mails or telephone calls.
- Solicit through all reasonable and available means (e.g., attendance at a vendor conference, advertising and/or written notices) the interest of BEP certified vendors that have the capability to perform the work of the contract. Vendor must solicit this interest within sufficient time to allow the BEP certified vendors to respond to the solicitation. Vendor must determine with certainty if the BEP certified vendors are interested by taking appropriate steps to follow up initial solicitations and encourage them to submit a bid or proposal. Vendor must provide interested BEP certified vendors with adequate information about the plans, specifications, and requirements of the contract in a timely manner to assist them in responding promptly to the solicitation.
- Select portions of the work to be performed by BEP certified vendors in order to increase the likelihood that the goal will be achieved. This includes, where appropriate, breaking out contract work items into economically feasible units to facilitate BEP certified vendor participation, even when Vendor might otherwise prefer to perform these work items with its own forces.
- Make a portion of the work available to BEP certified vendors and selecting those portions of the work or material needs consistent with their availability, so as to facilitate BEP certified vendor participation.
- Negotiate in good faith with interested BEP certified vendors. Evidence of such negotiation must include the names, addresses, e-mail addresses, and telephone numbers of BEP certified vendors that were considered and an explanation as to why an agreement could not be reached.
- Thoroughly investigate the capabilities of BEP certified vendors and not reject them as unqualified without sound reasons.
- Make efforts to assist interested BEP certified vendors in obtaining lines of credit or insurance as required by the College.
- Make efforts to assist interested BEP certified vendors in obtaining necessary equipment, supplies, materials, or related assistance or services.
