Overall accomplishments	
<ul style="list-style-type: none"> <li>• Launched team with the primary goal of improving the student success rates in 11 high enrollment courses typically taken within the first 15 hours of college credit. Although enrollment in these courses is high, each has room for improvement in success rates.</li> <li>• Developed and began implementation of course-level assessment plans for the 11 courses.</li> </ul>	
Strategy impact on goal achievement	
The 0-15 Milestone to Success strategy supports the goal “Increase the number of certificate and degree completers” by focusing on increasing student success early in the college experience. By increasing success rates during the first 15 credit hours, it is hoped that increases in student persistence and completion will also be realized.
