

Magnetic Resonance Imaging (MRI) Certificate

Admission Requirements

Important Dates

PROGRAM START

Fall Semester, 2022

APPLICATION DATES

April 1, 2022 - July 15, 2022

Program Information

- Learn more about Magnetic Resonance Imaging as a career and the Harper College Magnetic Resonance Imaging program in particular, including course work, admission standards and program participation requirements by visiting the Harper College web site at www.harpercollege.edu or contact Admissions Outreach at 847.925.6247 to request information.

Submit College Application and Fee

- If you have not previously applied to the College, this is your first step.
- This application and fee can be submitted online or in person at the One Stop, Building A, Room 250.

Submit the Magnetic Resonance Imaging Certificate Application

- The Magnetic Resonance Imaging Certificate Application is now web-based. You can access the application through the MyHarper tab of your Student Portal.
- If you have forgotten your Login ID or PIN or need further assistance with the Student Information System, please contact the Student Service Desk: Call 847.925.6866 or e-mail StudentSD@harpercollege.edu
- Applications cannot be accepted for the same semester for both the Magnetic Resonance Imaging program and the Computed Tomography program. You will need to choose one for Fall 2020, and apply to the other in Fall 2021.

Submit Required Documents

- **Proof of current licensure:** Copy of your card from the Illinois Emergency Management Agency, Division of Nuclear Safety (IEMA). Scan and email to le@harpercollege.edu, or drop of in Building X, Room 250.
 - If accepted into the MRI program, you must maintain good standing with the IEMA Division of Nuclear Safety throughout the program.
- **Proof of good standing with the American Registry of Radiologic Technology:**
 - You must be registered as a Radiographic Technologist RT (R) and submit your ARRT card indicating you will be currently registered as of the program start. Scan and email to le@harpercollege.edu or drop of in Building X, Room 250.
 - If accepted into the MRI program, you must maintain good standing with ARRT throughout the program.

- You can request a copy of your card by contacting the ARRT at www.arrt.org or by calling 651.687.0048.

Program Requirements

- **Human Anatomy (BIO 160) and Human Physiology (BIO 161):**
 - Completed with a grade of C or better at Harper College, or
 - Equivalent courses completed with grades of C or better from another college (as determined by the Harper College transcript evaluation), or
 - Coordinator approval.
- **Grade Point Average:**
 - A 2.5 cumulative grade point average (on a 4.0 scale) from the institution that granted your degree in RAD Technology.
 - All imaging courses that were part of your RAD Tech degree must have been completed with a grade of C or better.
 - If you did not earn your degree in RAD Tech from Harper College, but you were enrolled in credit courses at Harper one time, your grade point average at Harper must be at least a 2.0.

Selection

- The files of all who submit their Magnetic Resonance Imaging Certificate applications by the program deadline will be reviewed by the committee. Preference will be given to applicants in the following order:
 - 1) Harper College Radiologic Technology Degree Graduates, in order of their Harper College grade point averages, followed next by:
 - 2) Harper district residents and college districts that are members of the CAREER Consortium in order of their grade point averages from the college where the RAD degree was earned, and then by:
 - 3) Out-of-district applicants in order of their grade point averages from the college where the RAD degree was earned;

If a tie breaker is necessary, file completion date will be used.

Important Admission Notes

- It is the applicant's responsibility to insure that all requirements are met and all documentation is on file.
- All correspondence regarding your limited enrollment application will be sent to the email address on record with the College. It is your responsibility to see that your Personal Profile information is current. You can check your information on the Student Portal on the My Harper tab under Personal Profile. To update your email address (and/or mailing address and phone number), you will need to contact the One Stop Center, Building A, Room A250. Residency is determined by the mailing address on record with the College as of the program deadline date and will be used by the admission selection committee when admission decisions are made.
- Applicants will be considered Magnetic Resonance Imaging Certificate admission candidates after all the required documents have been submitted and after satisfying the minimum academic requirements.

- Those who apply for this limited enrollment program are obligated to meet current admission requirements and follow the program curriculum as defined at the time of acceptance into the program.
- Once your program application has been processed, you are able to monitor your limited enrollment file online. Go to **harpercollege.edu** and log into your **MyHarper Student Portal**; limited enrollment information can be found by clicking on the **Registration and Records** icon. Look under the **Limited Enrollment Program Admissions** section, and click on 'Check Your Limited Enrollment Status'.
- There is no guarantee that this limited enrollment program will remain open past the application deadline date. Therefore, if you are submitting your application on or just prior to that deadline date, you should take steps to insure that all required academic and/or official documentation of your having satisfied the admission requirements is submitted with your program application, or you may not be considered for admission.
- Applicants not accepted into the program who wish to be considered in the selection process for a future term **must reapply**.
- Applicants who are accepted into the Magnetic Resonance Imaging Certificate Program will be required to provide evidence of health insurance coverage and have a physical exam and several immunizations and health screening tests prior to the first day of class. In addition, accepted applicants will be required to undergo a background check. Applicants will receive information regarding these requirements following program acceptance.
- A higher tuition rate is assessed for career-specific courses; therefore, tuition for the courses in this program is 200 % of the standard tuition.
