

2024 Spring MAMMOGRAPHY

Admission Requirements

Important Dates

PROGRAM START

Week of January 15, 2024

APPLICATION DATES

September 1, 2023 – December 15, 2023

Applicants considering this certificate must have an AAS Degree in Radiologic Technology

Questions can be directed to le@harpercollege.edu

Program Information

- Learn more about mammography as a career and the Harper College Mammography Program in particular, including course work, admission standards and program participation requirements by visiting the Mammography web site at <https://www.harpercollege.edu/academics/health/radiologic-technology/mammography.php> or contact Admissions Outreach at 847.925.6700 to request information.
- Submit College Application and Fee**
 - If you have not previously applied to the College, this is your first step.
 - This application and fee can be submitted online at https://harpercollege.my.site.com/apply/TX_SiteLogin?startURL=%2Fapply%2FTargetX_Portal_PB or in person at the One Stop, Building A, Room 250.
- Submit the Mammography Program Application**
 - Submit your Mammography Application online by going to <https://www.harpercollege.edu/academics/health/radiologic-technology/mammography-admission.php> within the time frame indicated above.

Program Prerequisites

Submit Documents

- Proof of current licensure:**

Copy of your card from the Illinois Emergency Management Agency, Division of Nuclear Safety (IEMA, IDNS). Attach copy to your application.
- Proof of good standing with the American Registry of Radiologic Technology:**

You must be registered as a Radiographic Technologist RT (R) and submit your ARRT card indicating you will be currently registered as of the program start. Attach copy to your application. You can request a copy of your card by contacting the ARRT at www.arrt.org or by calling 651.687.0048.
- GPA**

Current or previously enrolled Harper students must have a minimum 2.0 grade point average.

Selection

- Permanent residents or residents whose college district is a member of the CAREER Consortium that submit all required documentation to le@harpercollege.edu by the application deadline date will be admitted in file completion order before any out-of-district residents. (Please note: Working in district does not constitute residency for selection purposes.)
- If more than one person has the same completion date, the date an applicant applied to the program will be used as a tie breaker.
- Applicants will be notified by email of the status of the screening process as soon as possible following the application deadline.

Important Admission Notes

- It is the applicant's responsibility to ensure that all requirements are met and all documentation is on file.
- All Mammography applicants will be considered and reviewed by the Admission Selection Committee for a decision.
- Those who apply for this limited enrollment program are obligated to meet current admission requirements and follow the program curriculum as defined at the time of acceptance into the program.
- All correspondence regarding your limited enrollment application will be sent to the email address on record with the College. It is your responsibility to see that your Personal Profile information is current. You can check your information on the Student Portal on the My Harper tab under Personal Profile. To update your email address (and/or mailing address and phone number), you will need to contact the One Stop Center, Building A, Room A250. Residency is determined by the mailing address on record at Harper by the deadline date when or if accepted.
- Once your program application has been processed, you are able to monitor your limited enrollment file online. Go to **harpercollege.edu** and log into your **MyHarper Student Portal**; limited enrollment information can be found by clicking on the **Registration and Records** icon. Look under the **Limited Enrollment Program Admissions** section and click on 'Check Your Limited Enrollment Status'.
- There is no guarantee that this limited enrollment program will remain open past the application deadline date. Therefore, if you are submitting your application on or just prior to that deadline date, you should take steps to ensure that all required academic and/or official documentation of your having satisfied the admission requirements is submitted with your program application.
- Applicants not accepted into the program who wish to be considered in the selection process for a future term **must reapply**.
- Applicants who are accepted into the Mammography Program will be required to provide evidence of health insurance coverage and have a physical exam and several immunizations and health screening tests prior to the first day of class. In addition, accepted applicants will be required to undergo a background check. Applicants will receive information regarding these requirements following program acceptance.
