Included are course equivalency lists which show appropriate, approved courses at Harper for required courses in the respective BSN programs. Requirements change frequently; students are encouraged to check current information with a Student Development Center or with the transfer school directly. **Final responsibility for verifying all transfer information lies with the student.**

Please note that each program has provided contact for further advisement.

AURORA UNIVERSITY

The RN to BSN Degree Completion program is designed for the associate degree or diploma-prepared professional registered nurse who wishes to continue his or her education to earn a Bachelor of Science in Nursing. Coursework builds on prior learning and nursing experience, and provides opportunities for individualized study. The R.N. to B.S.N. Degree Completion Program offers experiences in a variety of hospital and community settings, enhances professional nursing practice and provides a foundation for leadership roles. The availability of a face to face or online format allows the degree completion student to choose the learning style best suited to a busy lifestyle.

Classes meet year-round in eight-week modules, allowing busy professionals to make steady progress toward educational goals. Small class sizes allow for significant interaction among peers and professors. Classes are delivered using a cohort module in a face to face or online format through Aurora University, Woodstock and George Williams College campuses and on-site at local hospitals.

To qualify for admission to the RN to BSN Degree Completion program, you must:

- Be a recent graduate of an accredited School of Nursing or an RN with clinical experience within the past five years. If not, complete a certified RN refresher course.
- Possess a cumulative grade-point average (GPA) of 2.5 on a 4.0 scale at Aurora University or other accredited higher education institution.
- Provide evidence of current Illinois RN license with completed application.

In addition to completing the requirements for the Associate in Applied Science in Nursing, students will need to complete the following additional courses. Courses can be completed at Harper:

- ENG 102
- MTH 103
- MTH 165
- History/Law Enforcement or Foreign Language – Choose 1 from: HST 111, 112, 121, 141, 142, 151, 152, 153, 210, 212, 214, 219, 231, 232, 241, 242, 243, 245, 261, 270, 281, 282; LEJ 101, 104, 122, 200, 201, 202, 205, 210, 214, 216; Foreign Language 101 or 102
- Religion/Philosophy – Choose 1 from: PHI 101, 105, 115, 120, 150, 160, 205, 210, 215, 220, 231, 232

BENEDICTINE UNIVERSITY

Benedictine University's Bachelor of Science in Nursing (B.S.N.) program provides students with the skills necessary to adapt to this continually changing environment.

Benedictine University and Harper College offer a Bachelor of Science in Nursing (B.S.N.) 3+1 Program open to Harper students and alumni who have earned an Associate in Applied Science (A.A.S.) in Nursing degree.

The entire program can be completed at one of our convenient locations: at Benedictine University in Lisle (June start), College of DuPage in Glen Ellyn (January and August start), Harper College in Palatine (August start), Morton College in Cicero (June start) and Triton College in River Grove (January and August start). Building upon previous knowledge and experience, the program is designed for the working RN who is juggling multiple life priorities.

Admissions Requirements:

- Associate in Applied Science in Nursing degree conferred by Harper.
- A minimum 2.5 cumulative GPA from all colleges and universities attended.
- A current, unencumbered Illinois registered nurse (RN) license.
- All Harper year one, two and three coursework (see reverse side) must be completed prior to enrolling in Benedictine's nursing cohort classes.
- Demonstrated computer proficiency by a completed Benedictine University Computer Literacy Questionnaire.
- Letter of recommendation from a manager or supervisor. New graduates may obtain a letter from a clinical nursing instructor.

Please call (630) 829-6300, email hwoods@ben.edu or visit ben.edu/RNtoBSN for information on school visits, tuition, academic planning brochure and other general information.

Please note:

All courses listed in the academic plan designated with an asterisk (*) must be completed with a grade of “C” or better. Applicants who are missing any Year 1-3 Harper courses may be admitted on the condition that missing courses are completed prior to enrolling in Benedictine Year 4 B.S.N. degree cohort classes. Harper courses are not listed in sequence. The A.A.S. in Nursing degree must be completed and conferred in order to be eligible for this academic plan. Please consult with your Harper academic counselor to determine degree requirements and when Harper courses should be taken. Students will enroll in Benedictine courses in a designated sequence with their cohort group. A student must earn a minimum of 120 semester credit hours to qualify for graduation with a bachelor’s degree. At least 37 of the 120 semester credit hours for graduation must be completed at Benedictine University. Students follow the degree requirements for the catalog year in which they enter Benedictine University.

Application procedures:

- Submit a completed adult undergraduate admissions application.
- Submit official transcripts from ALL colleges attended (community colleges and four-year colleges).
- Submit official transcript from Harper with A.A.S. in Nursing degree conferred.
- Submit a letter of recommendation from your employer (new graduates can request recommendation from a clinical instructor).
- Submit a copy of current, unencumbered Illinois registered nurse (RN) license.
- Complete and submit the computer literacy questionnaire. The questionnaire will be emailed to applicants by a Benedictine admissions counselor upon receipt of application.

CHICAGO STATE UNIVERSITY–COLLEGE OF HEALTH SCIENCES- DEPARTMENT OF NURSING - BSN COMPLETION

The nursing program offered at Chicago State University since 1972 leads to a Bachelor of Science degree in Nursing. The Nursing program prepares graduates to practice nursing, serve in entry leadership positions, assume an expanded role in the health care delivery system, and pursue advanced study in nursing.

RN to BSN Flexible Pathway Component

The nursing major provides registered nurse graduates from an associated degree or a diploma program an opportunity to obtain a BSN degree. The Department of Nursing faculty recognizes that the RN student in a baccalaureate degree program differs from an undergraduate student beginning a course of study. The differences reflect the RN as an adult learner having successfully completed an associated degree or diploma program and is licensed. Licensure is seen as meeting minimum competency in nursing. The RN student in contrast to the beginning student has met and in many cases, exceeded minimum competency. The accelerated pathway curriculum was developed to build on prior nursing knowledge and avoid redundancy.

The RN to BSN component consists of 120 credit hours distributed among the natural sciences, social sciences, general education, humanities, nursing, and electives. Most RN students will transfer in many of these courses.

Admission Guidelines for the RN/BSN Accelerated Pathway Component

Application deadlines:

- Fall semester: July
- Spring semester: November
- Summer semester: April

Applications for University admission may be completed on-line.

Department of Nursing Admission Process

Complete the University application and be admitted to the University. The Department of Nursing admission process is completed in the Nursing 343 (Professional Development for the RN Student) course.

Upon successful completion of Nursing 343, all credentials will be reviewed by the RN coordinator and presented to the admission, progression, retention, and graduation committee. The committee reserves the right to determine eligibility into the nursing program.

Non-Nursing Credits by CLEP Examinations

Chicago State University participates in the College Level Examination Program (CLEP). This nationally known program is sponsored by the College Entrance Examination Board and offers the R.N. student the opportunity to obtain credit for courses if a score at the 50th percentile or higher is attained. If applicable, the student may take CLEP examinations in one or more of the following areas; English Composition, General Psychology, and Introductory Sociology, after being formally accepted by the University.

<u>CLEP Subject Examinations</u>	<u>Equivalent CSU Course Credits</u>	<u>Credit Hours</u>

These WM Rainey Harper courses include:

* **BIO 130 – Microbiology**, ***BIO 161 - Human Physiology**

MCN also requires an additional prerequisite course NOT offered by Harper, but required for admission. This course, as listed in the Illinois State Catalog:

*Medical Terminology (which must transfer to ISU as HSC 105)

Students are also encouraged to complete a course that transfers into Illinois State as a global studies course (see ISU catalogue for course description).

Students are expected to work closely with their Harper advisor to ensure that they are meeting all required coursework. It is ultimately the responsibility of the student to complete all coursework necessary for admission. Also, students need to check the www.itransfer.org website frequently as there are periodic changes in the courses that become designated as IAI courses.

For details of all requirements, refer to each institution's Catalog.

For credits to transfer the student must have earned at least a "C" from the courses at least 100-level or higher (not pre-college, remedial or developmental) and from a regionally-accredited college.

This is a general guide, not a final plan for every student. Student's transcripts must be reviewed before IWU can provide a final approval on what credits transfer.

William Rainey Harper College and Indiana Wesleyan University reserve the right to make changes to either the program or the courses identified in this Transfer Planning Guide without prior notification.

UNIVERSITY OF ILLINOIS AT CHICAGO

The College of Nursing at the University of Illinois at Chicago (UIC) offers a Bachelor of Science in Nursing (BSN) Degree Completion Program for Registered Nurses online. Upon successful completion of all coursework, students will earn a fully accredited BSN degree from UIC.

PRE-ADMISSION ADVISING

The University of Illinois at Chicago (UIC), in collaboration with William Rainey Harper College, offers pre-admission advising to students interested in UIC's RN-BSN Online Degree Completion Program. Please contact the UIC RN-BSN Admission Advisors for a free transcript evaluation. The advisors will work with you to develop a detailed plan that will allow you to enroll at UIC in an upcoming term. You can send transcripts to the UIC RN-BSN Admission Advisors via e-mail or postal mail:

GUARANTEED ADMISSION

UIC offers provisional admission to qualified students which guarantees them a spot in the program once prerequisite and admission requirements are satisfied. Please contact the UIC RN-BSN Admission Advisors for additional information.

UIC ADMISSION REQUIREMENTS

- An Associate in Applied Science Nursing Degree (ADN)
- A current RN license issued in the U.S.
- A cumulative non-nursing GPA of 2.75 (4.0 grading scale) and no less than a "C" in all required coursework
- A cumulative GPA of 2.5 (4.0 grading scale) in all natural science courses
- Completion of all General Education requirements (prerequisite courses)

UIC COLLEGE OF NURSING PREREQUISITE COURSES - 57 Hours

Before you begin the RN-BSN program at UIC, you will need to complete 57 hours of general education requirements (prerequisite courses). You will earn most of these hours at your community college through your ADN program. However, one of the requirements is an "upper division" course (a 300/400 level course), which must be completed at a four-year institution. The upper division course does not need to be completed prior to being admitted to the UIC program, but it must be completed before you graduate from UIC's RN-BSN program.

The RN to BSN degree program at the KU School of Nursing provides registered nurses a way to complete their bachelor's degrees in a flexible, online format. The program can be completed in as little as one calendar year of full-time study or up to five years of part-time study. RN to BSN program courses are assessed the equivalent of in-state tuition (plus an e-learning fee), regardless of state of residence.

The RN to BSN degree program is comprised of three parts:

1. Completion of the AAS in Nursing at Harper College (72 credits)
2. Completion of additional BSN liberal arts & science prerequisite course requirements (33 credits)
3. Completion of the online KU BSN curriculum (30 credits)

HARPER COLLEGE PREREQUISITE COURSE EQUIVALENTS: A total of 60 credits of liberal arts & science prerequisites are required prior to admission. There is no expiration date on prerequisite coursework.

- Liberal arts & science prerequisites included in the Harper College AAS in nursing = 27 credits
 BIO 130, BIO 160, BIO 161, ENG 101, PSY 101, PSY 228, SPE 101, & SOC 101 or SOC 205

- Additional liberal arts & science prerequisites required (as detailed below) = 33 credits

UNIVERSITY OF WISCONSIN GREENBAY

RN to BSN Completion Through BSN-LINC,
University of Wisconsin-Green Bay's National Online Program for Graduates of Harper College Associate in Applied
Science Degree in Nursing

OVERVIEW OF THE PROGRAM IN NURSING

The Professional Program in Nursing at the University of Wisconsin Green Bay (UW-Green Bay) provides an opportunity for Registered Nurses (RNs) holding an Associate Degree or Diploma in Nursing to earn a Bachelor of Science Degree in Nursing (BSN) without having to leave home. This accredited, high quality program is designed to be flexible to meet the needs of adult learners and working registered nurses. Courses are offered online and the degree can be completed in its entirety over the Internet. Prior learning is acknowledged through liberal articulation and transfer policies. You can take as long as you need to complete the degree. On the average, students attend part-time and earn their degree in 6 to 10 semesters.

The program consists of 120 credits for the BSN degree. As a graduate of Harper's RN Associate Degree program, you will be awarded 57 credits. The remaining 63 credits include 30 credits of upper level nursing classes (completed on-line through UW-Green Bay) and 33 credits of general education and nursing support courses, including a three credit hour college level chemistry course (completed post-associate degree at Harper College, online through UW-Green Bay or at another college/university). The attached table lists courses at Harper College that will satisfy specific general education and nursing support course requirements at UW-Green Bay.

REQUIREMENTS FOR ENTRANCE INTO UW-GREEN BAY NURSING PROGRAM

1. Graduation from an Associate Degree in Nursing program or from a three-year diploma program in Nursing;
2. Grade point average of 2.5 on a 4.0 scale (or equivalent) on post-secondary coursework;
3. Current RN license in any state;
4. Designation of the Nursing Major;
5. Consultation with Nursing advisor.

ADMISSION TO NURSING MAJOR

1. Grade point average of 2.5 on a 4.0 scale (or equivalent) on UWGB course work;
2. Current RN license in any state;
3. Completion of an upper level-Nursing course with a grade of C or better;
4. Not on academic probation; and
5. Currently enrolled in a course that will count toward completion of the program.
