TRANSFER CREDIT

Transfer of credit is awarded on a course-by-course basis. Students from community colleges may transfer a maximum of 70 semester hours toward the minimum course requirements at Elmhurst.

Elmhurst participates in IAI and will give automatic credit for 7 of the 9 Areas of Knowledge (general education subject areas) with the completion of an Associate of Arts degree, Associate of Science degree, or Associate of General Studies degree. All transcripts will be reviewed on a course by course basis. IAI courses will be accepted providing that the course is completed with a D or better.

CALCULATION OF ADMISSION GRADE POINT AVERAGE

Elmhurst College will calculate their own GPA based on transferrable courses. In the event that a course is repeated only the last attempt will be calculated into the GPA regardless if the grade is higher or not. Courses do not need to be repeated at the same institution.
