Greetings!

I am pleased to share general information regarding transfer students from William Rainey Harper College. This information is not specific to each individual course of study.

Students may choose to study at our distinct on ground locations in Atlanta, Hong Kong and Savannah. (We also offer residential study abroad courses in Lacoste, France.) Or, they may choose to study through our award-winning eLearning programs. SCAED eLearning takes the university's comprehensive curriculum to the next level with a global online community that puts the power of SCAD at the fingertips of working professionals, artists and designers around the world.

SCAD accepts transfer credit from William Rainey Harper College as outlined in our course catalog. The college does not accept physical education, pre-college, developmental, remedial or non-credit bearing courses. All other courses are evaluated for transfer credit to determine course equivalency based upon course content and level of instruction.

A maximum of 90 quarter hours (18 courses) of undergraduate credit for the bachelor of fine arts degree may be given for courses appropriate to the SCAD curriculum. Only grades of at least "C" for undergraduate credit may be transferred. A portfolio review is required for transfer of specific studio courses during the student's first quarter of enrollment and for final determination of transfer credit. Students who transfer an average of one year of classes (45 quarter hours) traditionally have fewer sequencing issues. When the majority of courses transferred are general education course requirements (non-studio), scheduling and course sequencing of remaining studio courses can become very difficult for the student.

A student's course of study is the one in effect at the time of their first quarter matriculation at SCAD. The courses listed on the following pages are some of the William Rainey Harper College courses that are currently transferable under the 2014-15 SCAD course catalog for specific SCAD requirements. Please refer to the catalog to see if specific courses are required for a student's intended major course of study

To receive specific studio course credit at SCAD, students must follow the portfolio submission criteria and guidelines available in the admission office. Additionally, a review of all course syllabi may be required. Portfolios are reviewed by faculty members from the applicable department. Transfer credit is granted when faculty members assess that the quality of work in the portfolio is

equivalent to that which would earn a grade of C or better in an equivalent or comparable course at the Savannah College of Art and Design. Failure to submit a portfolio during the first quarter of enrollment results in loss of opportunity to transfer studio credit.

The following courses are not required for all majors. Please refer to the SCAD course catalog and specific program of study to see if specific courses are applicable to a student's intended major course of study.

William Rainey Harper College	Savannah College of Art and Design
ART 111 Drawing II (Course is subject to portfolio review to determine transferability.)	DRAW 101 Drawing II (Course is subject to portfolio review to determine transferability.) The course may transfer as a studio elective or free elective without a portfolio review if applicable to student's specific course of study.
ART 250 Digital Photography Studio (Course is subject to portfolio review to determine transferability.)	PHOT 113 Photographic Fundamentals I (Course is subject to portfolio review to determine transferability.) The course may transfer as a studio elective or free elective without a portfolio review if applicable to student's specific course of study.

If you have students who are interested in architecture, please contact me and I will be happy to discuss the specific course of study with them. To maximize transfer of credit, it is important to carefully advise students on the number of free electives, general education electives and studio electives required for each major program of study.

We look forward to working with you and your students in the future and hope to increase the number of students transferred to SCAD from William Rainey Harper College.

Warm Regards,
