**THIS TRANSFER GUIDE CONTAINS IMPORTANT TRANSFER INFORMATION THAT CAN IMPACT A STUDENT'S ABILITY TO TRANSFER AND COMPLETE THEIR STUDIES IN A TIMELY MANNER.**

*The information on this sheet is subject to frequent change; students should contact the four-year school to keep informed of changes. Final responsibility for verifying all transfer information lies with the student.*

#### TRANSFER OPTIONS

##### Complete AA or AS\* Degree

Students planning on transferring to the University of Illinois at Urbana-Champaign who complete the AA or AS\* degree can benefit from the Illinois Articulation Initiative (IAI). By completing Harper's 1998 or later AA or AS\* degree with a 2.0 GPA in Groups 1-5, UIUC's general education requirements will be considered met. Individual majors may have additional prerequisites and/or requirements that are not covered by this agreement.

##### Transfer without completing AA or AS\* Degree

Students who choose to transfer prior to completing an AA or AS\* degree can still benefit from Illinois Articulation Initiative (IAI) by completing Groups 1-5 of the AA or AS\* with a cumulative 2.0 GPA. This completes the IAI General Education Core Curriculum (IAI GECC) which will meet UIUC's general education requirements.

Students who do not complete the AA or AS\* or the IAI GECC will need to meet UIUC's general education requirements. See the transfer grid on page 5 of this guide

\* On September 18, 2015 the Illinois Community College Board approved the changes to the AS degree. The changes are effective beginning with the 2016-2017 academic year. The new AS model requires fewer humanities and fine arts and social and behavioral sciences and requires additional mathematics and science. Effective the 2016/2017 catalog the AS will no longer include the IAI GECC package. Students who complete the AS degree will need to make sure to meet UIUC's general education requirements.

#### GENERAL ADMISSION GUIDELINES

Admission of transfer applicants is based on a combination of the hours and content of transferable credit and the transfer GPA.

Most transfer programs also require the completion of prerequisite coursework prior to enrollment. The Transfer Handbook lists all such requirements by programs of study. Detailed transfer course information is available on the UIUC Admissions web site (<http://admissions.illinois.edu/index.html>) to help you determine the transferability of any coursework.

If the number of qualified applicants to a college or curriculum exceeds the admissions quota, those best qualified will be admitted, and preference may be given to Illinois residents. Lower-division (sophomore) transfer applicants (students with less than 60 transferable semester hours) may be restricted when space is limited.

Applicants are also required to answer one essay question on the application and are given an opportunity to submit additional information:

- **Essay 1:** In an essay of 300 words or less, explain your motivation to transfer from your current/previous institution and how your academic interests and/or professional goals will be fulfilled in your intended program of study.
- **Essay 2 (optional):** If you selected a second choice major, please explain your interest in this major.

### **ADMISSION DECISION FACTORS**

Admission of transfer applicants is based on a combination of the hours and content of transferable credit and the transfer GPA. Admission of sophomore applicants is based on a combination of college and high school credentials, including ACT/SAT scores.

The following factors are considered in an admission decision:

- Course prerequisites for specific program
- Transferable cumulative GPA and sometimes a technical GPA
- Number of transferable credit hours required for specific program
- Additional information supplied in your application essays
- High school performance and ACT/SAT scores will be reviewed if you are applying with less than 30 graded transferable college credit hours at the time of review

The University of Illinois at Urbana-Champaign considers transfer students for admission at either the sophomore or junior level. The specific requirements for each level are listed below.

### **ADMISSION REQUIREMENTS**

The College of Education has a detailed transfer course pattern for all of its education programs.

All prospective transfer students who are applying directly into one of the College of Education majors (Early Childhood Education, Elementary Education or Special Education) must:

- successfully complete the Test of Academic Proficiency or ACT Plus Writing
- successful completion of 60 transferable hours of college-level coursework
- have a minimum grade point average of 2.5 although a GPA closer to 3.0 (A=4.00) is highly recommended
- provide evidence of having 50 hours of formal experience working with children or youth comparable to the age-level served in the program of application
- successful completion of transfer equivalents listed below before the desired term of entry

Effective Fall 2015 the College of Education will offer a new major in Learning and Education Studies. The Learning and Education Studies (LES) degree program is a non-licensure major with concentrations in Applied Learning Science, Educational Equality and Cultural Understanding, and Workplace Training and Development. This curriculum prepares students for a broad range of positions requiring expertise of informal and non-formal learning and education. Examples include training and program development, international schools, and other education-related positions in agencies, business, and government.

## **ADMISSION REQUIREMENTS**

Admission requirements vary by College and Department at the University and are based on the number of credit hours the student has completed prior to transfer.

Students should consult the Transfer Handbook to verify the latest transfer admissions requirements:

<http://admissions.illinois.edu/apply/Transfer/handbook>

In addition, students should also consult the Transfer Articulation Guides to see specific Harper courses that are required:

<https://www.admissions.illinois.edu/Apply/Transfer/TransferArticulationGuide>

## **TRANSFEROLOGY**

Since the admissions process can be quite complex students interested in the University of Illinois at Urbana-Champaign should create a Transferology account at [www.transferology.com](http://www.transferology.com) to view how courses transfer and to help plan their coursework prior to transfer.

## **FOREIGN LANGUAGE REQUIREMENT**

Although the specific foreign language requirements listed below are for students applying with 60 credit hours completed, all students should make every attempt to complete the foreign language graduation requirement prior to transfer.

**For Admission:** (Must be completed prior to the desired term of entry)

- **two years of one language other than English in high school OR**
- **through the second level (2 semesters) of one language other than English in college**

**For graduation:**

- satisfied by completion through the **third year** of one language other than English in high school **OR**
- through the **third level** (3 semesters) of one language other than English in college.

If this college's Language Requirement for graduation has been completed, additional transferable coursework should replace each of the Language Requirement courses listed below. Consultation with the transfer institution's advising staff is strongly recommended.

## **TRANSFER CREDIT**

Transfer credit is awarded on a course-by-course basis.

UIUC participates in the Illinois Articulation Initiative (IAI) Transferable General Education Core Curriculum. See a Harper counselor or advisor for details.

### **CALCULATION OF ADMISSION GRADE POINT AVERAGE**

All grades for repeated courses are used in calculating the admission GPA. Grades from all transferable coursework attempted will be averaged together.

### **APPLICATION DEADLINES**

**Fall Priority:** February 1  
**Fall:** September 1-March 1 (decision in mid-April)

Due to space constraints, the College of Education will not be able to consider any applicants for spring admission.

### **HOW TO USE THIS TRANSFER GUIDE**

The following page lists general education course work for the College of Education at the University of Illinois at Urbana-Champaign, including areas of study, number of courses required in each, and Harper courses that will transfer to UIUC and meet these various requirements. For a complete listing of transferable courses from Harper to UIUC, consult the Student Development Centers listed below.
