

EARLY CHILDHOOD EDUCATION

Associate in Applied Science A.A.S.: Option 3: Early Childhood Education Degree - Teacher

The 60 credit-hour curriculum is designed to provide students with the requisite skills and theoretical knowledge to work in a variety of facilities for young children. Upon completion of courses for the specialized area of teacher, students need to complete an IL Gateways application to qualify for the Illinois ECE Credential Level 4 and Illinois Infant/Toddler Credential Level 4.

This sequenced degree plan is one of three options that students may pursue to earn the Early Childhood Education Associate in Applied Science (AAS) degree. While there are multiple specializations, **this particular degree can be awarded only once.**
