

GRAPHIC ARTS DESIGN AND TECHNOLOGY

Associate in Applied Science A.A.S.: Option 2: Graphic Arts Design and Technology Degree - Package Design

This 61 credit-hour program is designed to prepare students for a wide range of employment opportunities in the graphic arts industry. This degree provides a well-rounded foundation of knowledge and skills to prepare students for new jobs as well as provide career advancement opportunities. The curriculum includes current and proprietary application instruction with a focus on creative package design techniques. Emphasis is on the packaging industry, including a complete understanding of print production for a variety of products. All students in the program complete a required sequence of classes and then select this package design specialty to be employable in this visual communication industry or transfer to a 4 year program.

This sequenced degree plan is one of four options that students may pursue to earn the Graphic Arts Design and Technology Associate in Applied Science (AAS) degree. While there are multiple specializations, this particular degree can be awarded only once.
