Goal: Alignment of Employee Skills with Strategic Directions

Expand and support professional development opportunities to enhance employee knowledge and skills with respect to the strategic directions and goals.

The enrichment of skills extends to all employees and includes the ability to pursue appropriate forms of relevant professional development. This goal places emphasis on inclusion for all employees, while promoting the acquisition of the knowledge and skills needed to support the College's strategic plan. There should be consideration for allocating sufficient financial resources in order to afford a variety of learning opportunities to engage in relevant professional development, and it should be recognized that Harper College is indeed fortunate to include unique employees with unique needs.
