UNFINISHED BUSINESS:
Student Trustee Report

Student Trustee Smith called attention to the following matters: requests to establish a College soccer team; a state program for student grants whereby the State of Illinois matches funds donated by students in order to provide tuition waivers for students who participate in various campus activities; the new Food Service management firm for improvements in the cafeteria and their response to providing adequate selections in the vending machines on campus. She added that there have been requests for information regarding nutritional value of foods to be included on the various food items available in the vending machines. In addition, Student Member Smith requested that the administration review the possible need for better walkways from the College north/northwest parking lots. Students have also suggested that consideration be given to tiered parking during the upcoming building program. She noted that many students have commented about that need for additional math tutors. In regard to the College Foundation, Student Member Smith suggested that participation by a student representative would be beneficial. She also provided the Board with a list of various comments from student questionnaires which were collected during the spring 1991 semester. Student Member Smith announced that a candidate forum would be held on October 17. She also mentioned that 170 students voted in the recent Student Senate elections and there were no complaints regarding procedures. She thanked the student candidates for their interest and congratulated the winners of the election. The student election also included advisory votes on the following: a Student Senate position for a representative of the disabled student population
with Mike Zukor receiving an overwhelming 111 votes to approve his position; a possible change in school colors - the vote was approximately even with some students voting for change and others voting for maintaining the Harper College tradition; and whether or not the Student Senate should be allowed to amend its Constitution - by a 3 to 1 vote, the students felt that the student body should ratify any changes to the document.

Chairman Barton thanked Student Member Smith for her in-depth report. President Thompson stated that the administration would review the concerns expressed and respond accordingly.

**CONSENT AGENDA:**

In regard to the Consent Agenda, Student Member Smith requested a correction to page 13 under Disposal of Obsolete and Unrepairable Equipment. PURCHASE ORDERS: (cont.)

Ex. VII-B2 Approve issuance of a purchase order to Dieckmann & Associates, Ltd. to conduct an executive search for the positions of Director of Development/Foundation and the Vice President of Information Systems in an amount estimated not to exceed $50,000.00.

In regard to Exhibit VII-A1, under Information, Member Bakas felt that instead of stating that the alternates submitted are unacceptable, it would be more appropriate to state: "do not meet specifications."

Member Coste called attention to Exhibit VII-B2 and inquired about expenses incurred by the search firm. President Thompson replied that although there is no estimate on expenses, the College will pay costs incurred for travel, telephone and those items over and above their fee. The firm is located in Chicago. Travel expenses for an out-of-town applicant would be reimbursed by the College. In response to Member McCulley, the President felt that the positions would be filled within 60 to 90 days. He felt that the job market for the Director of Development was good but added that the position of Vice President of Information Systems was a new position and there is no precedent to follow in this regard. He added that the search will not be confined to the community college market.

Student Member Smith stated that she would like to see some environmental stance of companies which are awarded College bids.

Member McCulley requested additional information regarding the change order for Exhibit VII-B1, the removal and replacement of existing underground storage tanks. Vice President Manke stated that it was necessary to remove additional contaminated soil over and above the expected work. He noted that the Environmental Protection Agency has a program to reimburse institutions such as Harper for costs of this nature. There is a $10,000 deductible; however, the College should receive reimbursement for the balance of funds in excess of the original bid.

President Thompson informed the Board that the Management Letter has not yet been received from the auditing firm but will be completed shortly and included with the October Board packet. Member Coste asked whether the recommendation for this item should be deferred to the October Board meeting. President Thompson stated that the auditors have provided a substantial statement relative to compliance by the College. The Illinois Community College Board requires the submission of College audits by October 15 which explains the recommendation for acceptance at this time. He hoped that the Board would accept the audit tonight and discuss both the audit and the management letter at the October 22 Board meeting. Member Bakas acknowledged that many colleges face a
tight schedule with the preparation of the audit in
time to meet the ICCB deadline. The audits are
required annually by the ICCB on October 15 for the
coming year's budget preparation. Member Howard
agreed that discussion of the audit could be
addressed at the next Board meeting.

Upon roll call, the vote was as follows:

Trustees' Official Book of Minutes). He stated that  
the comprehensive report outlines the various  
activities which have taken place during the past  
year in terms of affirmative action, hiring patterns,  
multicultural affairs, and implementation strategies  
for the preferred future. Member Howard inquired  
about campus response to some of the initiatives.  
The President felt that responses have been positive.  
He stated that informational brochures highlighting  
Intercultural Week on campus, an activity that began  
last year, would be distributed to the Board during

felt that additional work is necessary in order to  
accommodate diversity but that good strides have been  
made in this regard.
NEW BUSINESS:
Progress Report on International/Multicultural Programs
(cont.)

Student Member Smith inquired about specifics for retaining or recruiting the older Afro-American and Hispanic students. President Thompson stated that some of the College programs are inclusive of the older international students and different cultures.

Director Solano called attention to some of the scholarships received. He stated that the College is making a major effort to assist this segment of the population. In addition, he called attention to a grant specifically designated for Hispanics and African-Americans to attract them directly from the high schools.

Member McCulley asked if the Affirmative Action Plan had been approved. President Thompson stated that the Plan has not been approved at this time. Director Solano replied that he will serve as chair of the Affirmative Action Committee this year and review of the final draft of the Plan will be one of the first orders of business for the Committee. In response to Member McCulley, President Thompson added that the Committee has been sensitive to Mr. Foley's comments and these will be apparent when the document is reviewed.

1991-92 Administrative Organization Charts

President Thompson called attention to the 1991-92 Administrative Organization Charts, as shown in Exhibit VIII-H (attached to the minutes in the Board of Trustees' Official Book of Minutes). He noted that the charts had been discussed thoroughly with Board members during the last retreat.

OTHER BUSINESS:
ACCT Surcharge

Member Coste called the Board's attention to the ACCT annual convention which will be held in Biloxi, Mississippi on October 16-19. He noted that the state Trustees' Association has requested that each college instruct their delegate to vote on the surcharge. Information regarding this matter has been distributed to Board Members, along with costs for membership dues in both the state and local associations. He pointed out that the College is paying approximately $23,000 per year for membership in the State trustees' associations. He felt this was unduly high. In addition to the national trustees' association dues of $1,910.00, the proposed surcharge will be $636 annually for six years to pay off the debt for the property purchased in Washington, DC. It was Member Coste's understanding that the national association moved from Washington to Virginia in 1986 because it would be cheaper. They have now relocated back to Washington, DC. He questioned who made these decisions.
Chairman Barton stated that the previous Executive Director of ACCT, who is no longer with the association, was instrumental in moving from Washington to Virginia. The present location in Washington provides greater flexibility because it is in close proximity to legislators. She added, however, that this is the only organization that is strictly for Trustees. She stated that concerns have been expressed as to whether the ACCT engaged in long-term planning. In addition, ACCT memberships have decreased because of financial difficulties by some institutions and attendance at ACCT functions has also declined. She noted that there will be no representative from Harper at the October ACCT meeting, but she questioned whether additional colleges will drop out in the future. As President of the Illinois Community College Trustees' Association, Chairman Barton said that she has received many phone calls about this matter. President Thompson noted that Harper College does not have to make a decision in this regard until after the vote in Biloxi. Member Howard felt that the Harper Board and administration have worked long and hard to encourage the state association to focus its energies better and not to indulge in empire building; it should be the same at the national level. She felt that the national association should keep their primary purpose in mind. Chairman Barton stated that options will be presented to the Board following the ACCT meeting in Biloxi.

President Thompson distributed brochures and called attention to the third annual Intercultural Week at Harper College to be held October 14-17. He stated that an excellent program was planned, including concerts, lectures, films, and food. He encouraged Board members to participate in any events that may be of interest.

Results have been received on Harper College nursing graduates who took their exam for the first time in July 1991. The passing rate for Harper students was 94 percent with 106 out of 113 individuals passing. President Thompson stated that this is an excellent record and he was proud of the nursing graduates and their instructors.

President Thompson expressed appreciation to Faculty Senate President Roger Mussell and the Senate for providing a forum today for Board candidates for the November 5 election. He felt that this was a good opportunity for members of the Harper Community to hear the views of the various candidates.
Congratulations were also extended to Student Member List Smith on the recent election of student senators. He noted that he would send a personal note to each senator and that he looks forward to working with them.

On Sunday, October 6, the College will host a 5K Walk/Run for Wellness, sponsored by the Friends and Alumni of Harper and the Daily Herald. Additional sponsors will provide funding for tee shirts for participants. President Thompson encouraged everyone to attend and participate if possible.

Chairman Barton noted that a Special Meeting will be held on Monday, November 11, at 7:30 p.m. to canvass the votes of the Board election. The reorganization of the Board will take place following the canvass.

Member McCulley moved, Member Howard seconded, that the meeting be adjourned. In a voice vote, the motion carried and the meeting adjourned at 10:30 p.m.
