

William Rainey Harper College

Master Plan
January 19, 2011

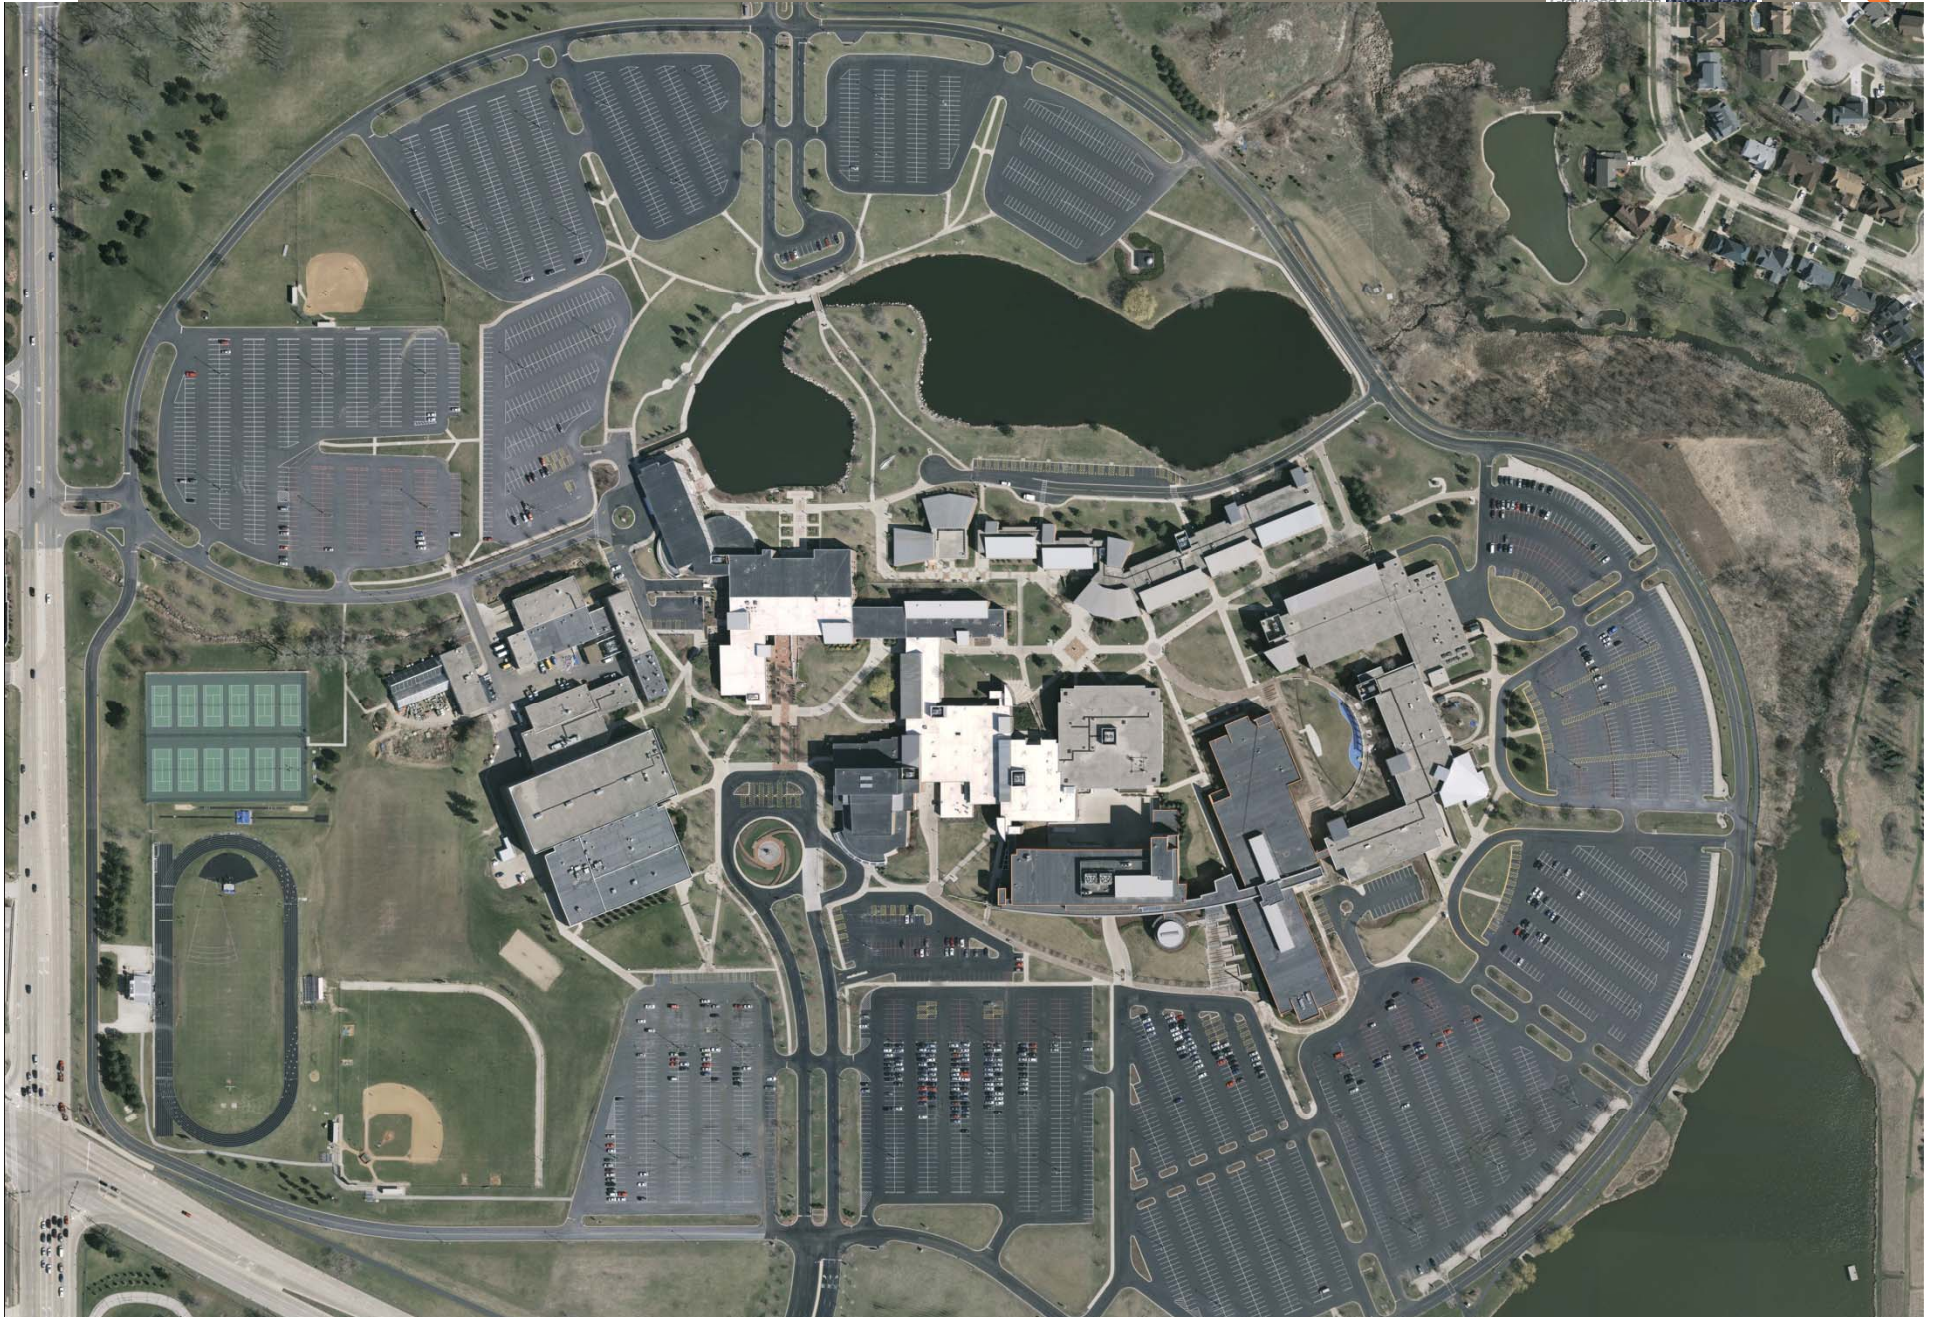

Master Plan Goals

- **A More Effective and Welcoming Campus**
- **Space for Academic Programs
to meet current and future needs**
- **Space for Student Services
to meet current and future needs**
- **A Strategic, Cost-effective Approach
to the Entire Campus**

Master Plan Process

- **Inclusive, transparent: met with over 500 on campus**
- **Thorough analysis of academic program needs, support needs, campus buildings and site**
- **Coordinated with Harper's Strategic Plan**
- **Sustainability is key, in line with ACUPCC**

Existing view of the campus from the air

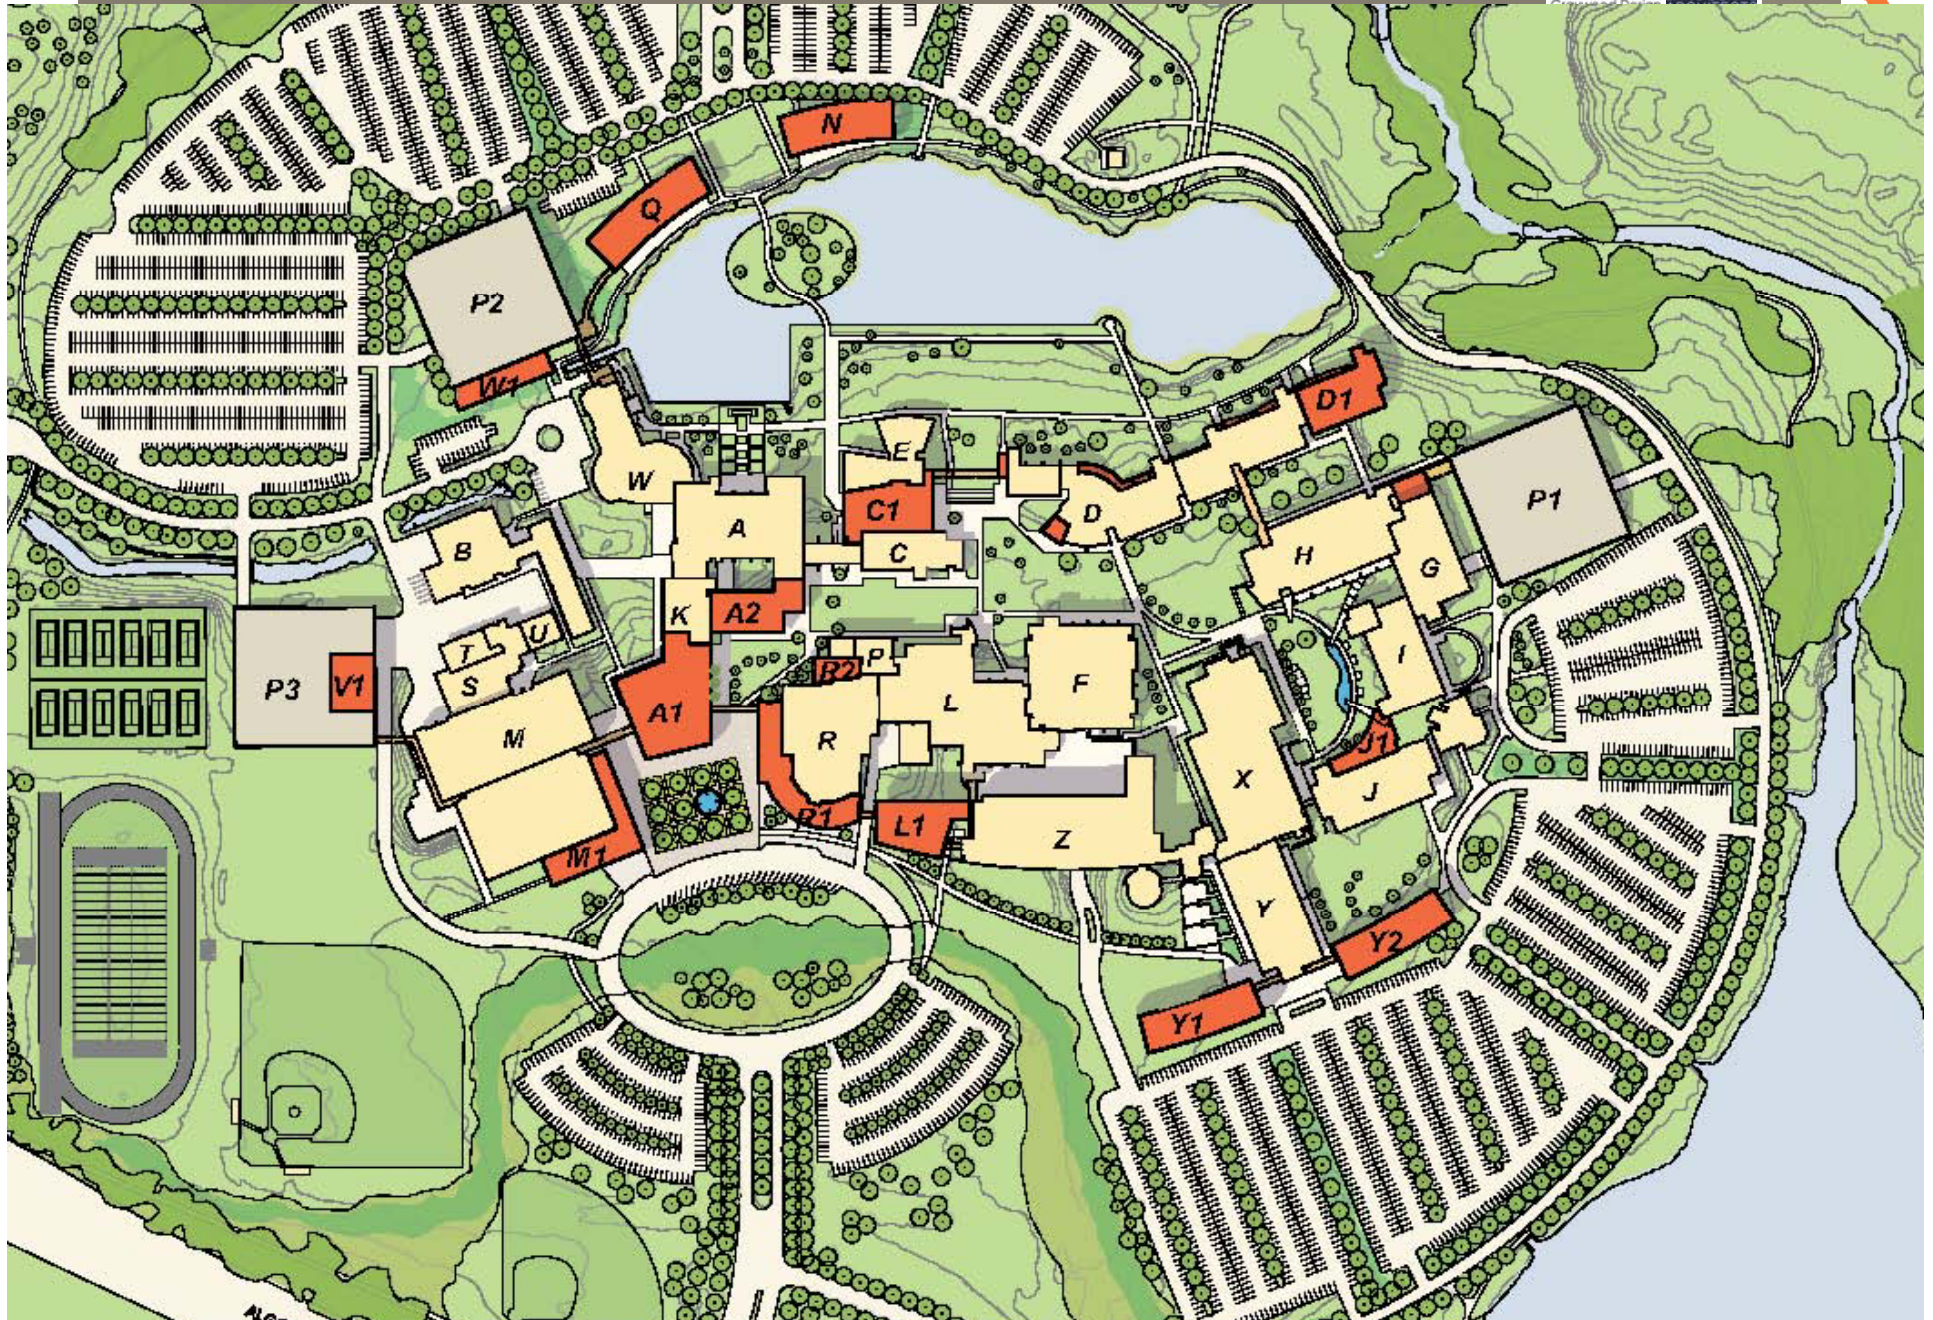

Master Plan Concepts

- Improved entrances to make the campus safer and for better arrival and orientation
- Reinforcing the compact, walkable campus with infill buildings to link whole campus together
- Making the most of existing buildings improving building performance and sustainability
- Greening the campus with less paving, more landscape
