## Fall 2001

## FlexEd™ Options

### 📍 Internet Courses

A variety of courses are now available to students via the World Wide Web. Not only will you have the flexibility of class scheduling, testing dates and times, you may also have the opportunity to communicate with your instructor and classmates via e-mail or through discussion forums. If you have access to a computer with specific hardware and software requirements, modem and online access through an Internet Service Provider (ISP), then Internet courses may be the perfect option for you.

### 🕒 Late Start Classes

The name says it all. Late Start classes begin after the normal start date of the fall session. So if you've missed our scheduled registration, look through this schedule or check out our Web site at [www.harpercollege.com](http://www.harpercollege.com) for Late Start Classes.

### 📅 Open Entry Classes

Harper has designed this unique class format to meet the needs of many students. Maybe you are unable to attend regularly scheduled classes. Or you want to finish the course work more quickly or you're anxious to start, but the course has already begun. We just require a one-hour orientation, where the instructor will show you around the lab, hand out homework assignments and answer any questions. Open Entry instructors are available for guidance during posted office hours. Open Entry classes are offered in AutoCAD and Computer Information Systems. In addition, all Adult Educational Development classes are open entry.

### 🌅 Sunrise Classes

Harper's early morning classes start anywhere from 6:00 to 7:35 in the morning and are perfect if you want to get in a little learning before you go to work.

### 📺 Telecourses

Harper offers a complete range of courses, from economics to psychology, that may be viewed on cable TV within the Harper district area. Each telecourse has a mandatory, on-campus orientation session in order to give you an introduction to the instructor and course expectations. And any missed classes can be viewed at the main campus Library or select area libraries. A taped set of classes may also be rented from the Bookstore for a fee.

### 📺 Videoconference Courses

Videoconferencing courses are taught at one site and broadcast (two-way audio and video) to at least one other location. These courses originate from Harper or a neighboring college or corporate site. For information, call 847.925.6586.

### 📅 Weekend College

If you have a demanding job or a very active lifestyle, our weekend courses may be the ideal way for you to concentrate on your educational goals. Harper College offers a variety of weekend formats, including the traditional 16-week course or shorter formats, such as courses that earn you three credits in three weekends. For many people, this is often the best way to earn an associate degree or credits that can be transferred to a four-year college or university.

### 🏃 XLR8 Courses

On a fast track to complete your degree or certificate? Need to quickly upgrade skills for employment? Earn credit hours fast and receive a Harper Achievement Award by taking a select combination of two classes back-to-back in just one 16-week semester.

For more information on any of our FlexEd™ classes, call 847.925.6707. Or visit our Web site:

#### **Transfer Programs**

Transfer programs at Harper include education, computer technology, business and the natural sciences. A transfer program allows you to finish the first two years of a bachelor's degree, then transfer to the college or university of your choice.

#### **Career Programs**
