Summer 2001 Continuing Education Course Schedule

Mission Statement

William Rainey Harper College is a comprehensive community college dedicated to providing excellent education at an affordable cost, promoting personal growth, enriching the local community and meeting the challenges of a global society. The specific purposes of the College are:

• to provide the first two years of baccalaureate education in the liberal and fine arts, the natural and social sciences and pre-professional curricula designed to prepare students to transfer to four-year colleges and universities; • to provide educational opportunities that enable students to acquire the knowledge and skills necessary to enter a specific career; to provide continuing educational opportunities for professional job training, retraining and upgrading of skills and for

personal enrichment and wellness; • to provide developmental instruction for underprepared students and educational opportunities for those who wish to improve their academic abilities and skills.

Essential to achieving these purposes are all of the College's resources, support programs and services.

ANIMATION ART

Certification Program

The current media explosion has created a new demand for trained, software-savvy artists capable of creating three-dimensional animated art for use in a variety of business areas. Art animators design animation and 3D modeling for a variety of applications. They work in multimedia, film and TV, Internet/web and video game design. Many also are employed in the medical, forensic, industrial and educational fields. Others work as technical directors and character animators within these corresponding areas.

The Animation Art program focuses on traditional art (drawing, figure drawing, figurative sculpture, classic cell animation, color and composition) along with computer skills using texture mapping, image manipulation, three-dimensional drawing, modeling and animation (Alias Wavefront MAYA). There are four modules of study, totalling approximately 60 CEUs or 600 contact hours. Additional open lab time is necessary. Classes are taken on a pass/fail basis, and coursework is progressive. Tuition is estimated to be approximately \$13,000 for the two-year program and \$17,000 for the three-year program.

Three Certificates are offered:

Core Animation

Certificate: Consists of twenty classes; estimated completion time is two years.

Technical Animator

Certificate: Consists of the core program plus six additional classes; estimated time of completion is three years.

Character Animator

Certificate: consists of the core program plus six additional classes; estimated completion time is three years.

Prerequisites

- Successful completion of a basic drawing class.
- Portfolio review by the Harper College Art Review Committee. Proficiency pass-throughs are permitted upon portfolio approval by the Art Review Committee.

THE WOMEN'S PROGRAM

Harper College was one of the first community colleges in the country to develop and offer programming on women's issues and their emerging needs. Celebrating its 31st anniversary, the Women's Program has served more than 50,000 women in the northwest suburbs. From learning about personal communication and improving relationships to practical studies of home repair and finance, women have learned about themselves, their options, and the importance of their place in our global community.

Grant Funded Support Services

Grant programs allow the Women's Program to provide career, personal, and academic counseling; job readiness preparation; mentoring; information about and referrals to appropriate resources.

Services are available for:

Single parents

Displaced homemakers

Non-traditional career seekers (for example, a male pursuing a career in nursing, or a female desiring to go into heating and air conditioning)

Economically disadvantaged

Those with disabilities or other barriers to educational achievement

The Women's Center

Relax in an informal setting that provides women's resources and referral information along with coffee, campus information, and the chance to interact with others. Men, as well as women, are welcome. Located in the Music Instruction Center, Room P127.

GLACIERS TO WILDFLOWERS

Geologist, botanist and author, Raymond Wiggers, relates the fascinating origins of our state's forests, prairies, peatlands and savannas. Mr. Wiggers, a noted public speaker and professional tour guide, shows how Illinois' diverse array of plant species, habitats, and scenic locales is the product of varying soils and landscape features created by vast geologic forces operating for millions of years. The lecture is partially based on Mr. Wiggers' 1997 book, *Geology Underfoot in Illinois*, and will be followed one week later with a field trip to the Chicago Botanic Garden, where Mr. Wiggers will provide a guided tour. BASIC ANIMAL COMMUNICATION

Join Animal Communicator Carol Schultz, trained by Penelope Smith, for this three-part series on how to get in touch with animals telepathically. Discover your blocks to communicating with animals and the levels of communication possible. Learn how to experience animals' perspectives, how you have already communicated telepathically with animals, and how to expand on that. Enjoy exercises that open your heart, increasing your connection and understanding with animals. Learn how to focus your attention when being with animals. Practice opening the channel to get across to animals and to receive what they communicate telepathically in thoughts, images, impressions, feelings, and messages. This is a three-day program Monday, Thursday and Monday.

PHYSICAL FITNESS I

Take advantage of a structured aerobic and strength training program designed for individuals free of heart, pulmonary and metabolic disorders. Computer-assisted fitness evaluations are coupled with guidance in developing an individualized exercise prescription and professional supervision. The course follows the exercise testing and training guidelines published by the American College of Sports Medicine. Prior to beginning the program, a physician supervised exercise stress test is required for men over 40, women over 50 and all individuals regardless of age who have multiple cardiovascular risk factors. The stress test will be waived, however, if a written physician clearance can be obtained. Continuing education students must attend the orientation sessions and participate in a minimum of 50 minutes in the fitness center twice per week. Pre and post-assessments are highly recommended but not required. The fitness center is open Monday through Thursday 10 am-8 pm.

Introducing **inzone** formerly **Child & Sports Camps**

All the Right Stuff

The In Zone program combines enrichment experiences with opportunities to stretch physical abilities. Choose from a selection of the most popular sport activities and a wide array of classroom courses with a hands-on approach that range from the arts to the sciences and more.

Programs are held from:

9:00 am - 10:25 am
10:35 am - 12:00 noon
1:00 pm - 2:25 pm
2:35 pm - 4:00 pm

or

9:00 am - 12:00 noon
1:00 pm - 4:00 pm

or

9:00 am - 4:00 pm

Programs are held

June 11 through August 16

Programs meet

Monday through Thursday for one or two-week sessions

Add our FUN Friday Field Trips to complete the week!

The popular In Zone hands-on learning experiences have been coordinated to allow kids to participate in a variety of activities during the same one or two week sessions. You will find it easy to combine sports and enrichment for a half-day or full day of activities, from 9:00 am to 4:00 pm. In addition, we offer supervision Monday-Thursday before 9:00 am and/or after 4:00 pm and during lunch. Want to make a week of it? Try our all-day FUN Friday Field Trips to many exciting locations.

Parents: For safety reasons students should not be on campus before 8:45 am unless enrolled in Before Care. Students must be picked up within 15 minutes after dismissal of their program unless registered for After Care.

Lunch Program (three options)

1. Bring a brown bag lunch
2. Order a convenient pre-paid meal plan.
3. Bring money (\$5- \$6 recommended) to purchase a daily lunch of your choice.

All lunch supervision is free regardless of meal choice. The prepaid meal plan may be ordered at the time of registration.

Before and After Camp Supervision

Extend your child's fun with our Before and After Camp plan. Supervision is provided Monday through Thursday from 7:00 to 9:00 am and/or 4:00 to 6:00 pm. Students meet in the Wellness and Sports Center Gym. Register for Before and/or After Camp at the same time you register for programs.

Relaxation Station

Have free time between classes? We've got you covered with a special supervised area featuring a variety of fun activities. From board games to videos to arts and crafts, our Relaxation Station is just the thing to fill time slots between regularly scheduled classes or camps. (Please note that students may participate in only one Relaxation Station section per day.)

FUN Friday Field Trips

Complete the week with a day of fun "in the field". You'll be on the right track at Arlington Park and glow in the dark at Argonne Labs. Then it's center stage when you're the star at Chicago's coolest theatre. These thrills and much more can be had on our all-day excursions, which offer students the chance to see how their camp and classroom experiences correspond to real life careers.

One-Day Road Trips

Got some free time between the end of camp and the start of school? Join us for our last big summer splash! Roller skating, swimming, movies, Lipizzan stallions and outdoor adventures fill the days August 13 through 16 from 9:00 am to 5:00 pm.

Our Mission

The In Zone program is dedicated to providing young people with learning opportunities that stretch both mind and body. Our hands-on approach enables kids to be doers, rather than watchers. Not your run-of-the-mill day camp, this program soars beyond the regular school curriculum and provides unique opportunities to really explore popular topics in-depth. Under the guidance of excellent instructors, our broad array of topics span the arts, sciences, technology, and physical fitness and are geared to current interests that today's kids find fascinating. Today's parents will appreciate that the In Zone program provides a balance between academic enrichment and physical activities that will excite and challenge the most seasoned summer camper!

Tuition and Fees

FEES, PAYMENT AND POLICIES

Tuition and Fees Payment Policies

Tuition and fees must be received by the Business Office no later than 14 days from the date of registration or four days prior to the start of the class, whichever is sooner. If payment is not received by the deadline, students will be dropped from the class. When registering within four days of the start of class, students should take their paid receipt to the first class.

Additional charges for out-of-district residents may apply. Tuition and fees are subject to change without notice.

Note: There is a non-refundable \$10.00 registration fee per student per semester.

Senior Citizen Discount

District residents age 65 and older are eligible for a 100 percent tuition discount for most Continuing Education classes on a space available basis. Available space is determined by the number of class seats open three days before the start of classes. Seniors wishing to take advantage of the discount should register three days prior to the start of class. Tuition discounts are offered on the student's initial enrollment in the class. Students may not drop and re-enroll to obtain the senior citizen discount.

Get Fit, Aquasize and classes in the Older Adult section dedicated to seniors already reflect a discounted price and do not qualify for the 100 percent tuition discount. Seniors also have the option to pay full tuition to guarantee a seat in any class. All refund policies and registration fees apply to all senior citizen enrollments.

You may qualify for an early 100 percent tuition discount, increasing your chances of obtaining a class space, based on meeting requirements for income thresholds. An application is required and may be obtained in the Office of Student Financial Assistance or by calling 847.925.6248.

Appropriate Age

Continuing Education courses are designed for those age 16 and older, with the exception of special offerings and camps for kids and teens. Some classes may be inappropriate for students under 16 and enrollment will be at the discretion of the Program Coordinator for the course. Students under 16 must be accompanied by a registered adult to enroll. Please call 847.925.6300 for more information.

Withdrawing From Continuing Education Classes

If a student needs to withdraw from any class, a full refund will only be granted when the following guidelines have been met:

1. The Continuing Education Registration Department is notified by telephone (847.925.6300) or in person (New Student Services and Art Center, C102).
2. The following drop day schedule is followed:

First Day of Class	Last Drop Day
Mon., Tues., or Wed.	Previous Thursday
Thursday	Previous Monday
Friday	Previous Tuesday

Please note that Harper College is closed on Friday, Saturday and Sunday from June 4 through August 10.

The \$10 registration fee is non-refundable.

Class Cancellations

The college reserves the right to withdraw any section of any course if enrollment is not sufficient to warrant offering that section. If a class must be withdrawn for any reason, a full refund will be automatically granted.
