## FlexEd<sup>SM</sup> Options

### 📡 Internet Courses

A variety of courses are now available to students via the World Wide Web. Not only will you have the flexibility of class scheduling, testing dates and times, you may also have the opportunity to communicate with your instructor and classmates via e-mail or through discussion forums. If you have access to a computer with specific hardware and software requirements, modem and online access through an Internet Service Provider (ISP), then Internet courses may be the perfect option for you.

### 🕒 Late Start Classes

The name says it all. Late Start classes begin after the normal start date of the fall session. So if you've missed our scheduled registration, look through this schedule or check out our Web site at [harpercollege.com](http://harpercollege.com) for Late Start Classes.

### 📅 Open Entry Classes

Harper has designed this unique class format to meet the needs of many students. Maybe you are unable to attend regularly scheduled classes. Or you want to finish the course work more quickly or you're anxious to start, but the course has already begun. We just require a one-hour orientation, where the instructor will show you around the lab, hand out homework assignments and answer any questions. Open Entry instructors are available for guidance during posted office hours. Open Entry classes are offered in AutoCAD and Computer Information Systems. In addition, all Adult Educational Development classes are open entry.

### 🌅 Sunrise Classes

Harper's early morning classes start anywhere from 6:00 to 7:35 in the morning and are perfect if you want to get in a little learning before you go to work.

### 📺 Telecourses

Harper offers a complete range of courses, from economics to psychology, that may be viewed on cable TV within the Harper district area. Each telecourse has a mandatory, on-campus orientation session in order to give you an introduction to the instructor and course expectations. And any missed classes can be viewed at the main campus Library or select area libraries. A taped set of classes may also be rented from the Bookstore for a fee.

### 📺 Videoconference Courses

Videoconferencing courses are taught at one site and broadcast (two-way audio and video) to at least one other location. These courses originate from Harper or a neighboring college or corporate site. For information, call 847.925.6586.

### 📅 Weekend College

If you have a demanding job or a very active lifestyle, our weekend courses may be the ideal way for you to concentrate on your educational goals. Harper College offers a variety of weekend formats, including the traditional 16-week course or shorter formats, such as courses that earn you three credits in three weekends. For many people, this is often the best way to earn an associate degree or credits that can be transferred to a four-year college or university.

### 📅 XLR8 Courses

On a fast track to complete your degree or certificate? Need to quickly upgrade skills for employment? Earn credit hours fast and receive a Harper Achievement Award by taking a select combination of two classes back-to-back in just one 16-week semester.

#### **Transfer Programs**

Transfer programs at Harper include education, computer technology, business and the natural sciences. A transfer program allows you to finish the first two years of a bachelor's degree, then transfer to the college or university of your choice.

#### **Career Programs**

From new technologies to arts and communications—from business and management to health care—Harper College offers career programs that match your interests, your aptitudes and your aspirations.

These programs can provide a career path foundation or increase existing skills, giving you the edge in a constantly changing and competitive job market.

### STEP 1

Complete the application for admission, and submit it and a \$25 nonrefundable fee to the Harper College Admissions Office. Part-time degree-seeking students are also required to submit an official high school transcript or GED results and official transcripts from each college attended. Part-time non-degree seeking students are not required to provide transcripts.

### STEP 2

You are encouraged to attend a new student advising session. These small group sessions last about one and one-half hours and will give you information about Harper College programs, services, admission requirements and registration procedures. They also include an opportunity for each group member to speak with an advisor regarding course selection. Call 847.925.6208 to reserve a seat. Morning, afternoon and evening sessions are available.

### STEP 3

If you plan to enroll in your first college level English and/or math course, you must take computerized writing, reading and/or math assessment tests. Test results determine your placement in those courses and must be completed prior to registration. You may be eligible for a waiver of testing with appropriate ACT scores and/or college transcripts. Contact the Center for New Students and Orientation at 847.925.6208, or the Assessment Center at 847.925.6541 for details.

### STEP 4

Select class times and sign up for classes. New part-time students can use operator-assisted telephone, e-mail or walk-in registration to enroll in courses. See pages 38-39 for registration options and instructions.

### STEP 5

Pay tuition and fees by the due date given to you at the time of registration.

## Currently and previously enrolled credit students

As a "previously enrolled" student, you have already submitted an application, been admitted to and enrolled in a credit class at Harper College. You do not need to reapply.

### STEP 1

You are encouraged to schedule an appointment in one of the counseling centers for individualized academic advising, educational planning, information on transferring to another institution and/or to determine which catalog edition to follow. Call 847.925.6393 or 847.925.6522 for an appointment. (If you are blocked from registration because of academic standing, you must see a counselor before your registration will be unblocked.)

### STEP 2

If you plan to enroll in your first college-level English and/or math course, you must take the writing, reading and/or math assessment tests. Test results determine your placement in those courses and must be completed prior to registration. You may be eligible for a waiver of testing with appropriate ACT scores and/or college transcripts. Contact the Assessment Center at 847.925.6541 for details.

### STEP 3

Select class times and register. Currently and previously enrolled Harper College students can use walk-in, e-mail, touchtone or operator-assisted telephone registration. See pages 38-39 for options and registration instructions.

### STEP 4

Pay tuition and fees by the due date given to you at the time of registration.

- Beginning January 4 a credit card transaction must be completed in order to validate your registration.

All students are encouraged to contact a counselor for academic advising (847.925.6522 or 847.925.6393) before using touchtone registration. Students who are Deaf, hard of hearing or who have a disability that prevents them from using touchtone registration should contact a staff member in the Center for Access and Disability Services (ADS), Science, Math and Health Careers Center, D119, 847.925.6266 (V) or 847.397.7600 (TTY). Students who are registering for their first English or math course are required to complete appropriate testing prior to registration. Please check the "Guide to Student Services" for Assessment Center hours.

#### You may use touchtone registration for credit courses if:
