FACTS ABOUT HARPER STUDENTS

Did you know that . . .

* The average age of Harper students is 29?

* Fifty-six percent of the students are women?

* Fifty-seven percent of degree credit Harper students work full time while attending Harper, many of them in semi-professional or technical positions?

* Eight and one-third percent of Harper's degree credit students have a bachelor's degree or higher; in continuing education, 31 percent have already achieved a bachelor's degree or higher?

* Schaumburg township shows the highest percentage of population enrolled in degree credit programs at Harper?

* Sixty-four percent of Harper's career students become employed full time upon leaving Harper?

* Almost half of Harper degree credit students transfer to another college?

* One out of every three full-time students will complete an associate degree at Harper?

* The average income of traditional credit students who are independent is about $20,600, the average income of parents of dependent students is $33,800, and the average income of continuing education students is $29,600?

* Sixty-two percent of the jobs career alumni hold are closely related to their major field at Harper?

* Nearly sixty percent of Harper career students are working within the district, and another eight percent are working close to the Chicago Loop?

* Sixty-eight percent of Harper's degree credit students are part-time students?

* Forty-two percent of career graduates are regularly supervising other employees five years after leaving Harper?
FOREWORD

William Rainey Harper College is a two-year public community college founded in 1965. The College offers the associate degree in the arts and sciences and in 60 career areas. In addition, there are more than 15 one-year certificate programs which prepare men and women of all ages for immediate employment. There are numerous other programs and services such as continuing education, business management seminars, cultural affairs, women's studies, support services for hearing impaired students, and community counseling services.

The spirit of Harper College is reflected in its name. William Rainey Harper was a scholar, teacher, writer and administrator who devoted his life to the pursuit of excellence in education. As the first president of the University of Chicago, Dr. Harper initiated programs to bring education into the community for those who could not become resident students at a university. This concept was the basis for the establishment of the community college system in the United States and the eventual founding of William Rainey Harper College.

In 1967, Harper College opened with an enrollment of about 1,700 students. Today the College's enrollment stands at approximately 25,000 students of all ages participating in degree credit, continuing education, and extension courses at the Harper campus or at other locations throughout the district.

Harper College makes available degree credit and credit free offerings at many off-campus locations, including high schools, hospitals and public libraries.

The College's records contain approximately 220,000 student records dating back to 1967 when the first classes were held. Many more area residents have come to the campus to attend forums, concerts, and cultural and athletic events.

For the many residents in the College community, Harper provides the opportunity for developing a career, obtaining the first two years of a bachelor's degree, learning new skills, retooling for career advancement or change, enriching the quality of one's life, or simply enjoying the discovery of new knowledge. In meeting the varied and changing educational needs of district residents, Harper College continues to be a dynamic institution, a community college in the truest sense of the term.
THE SYSTEM

Although the first public junior college in Illinois was established in Joliet in 1901, the Illinois Public Junior College Act was not passed until 1965. The Act was an outgrowth of the 1964 Master Plan published by the Illinois Board of Higher Education. This legislation, with subsequent amendments, is the basis for the present system of public community college districts in Illinois.

There are currently 39 public community college districts comprised of 52 colleges. Of those 39 districts, 37 have locally elected boards of trustees, one (Chicago) has a locally appointed board of trustees, and one (East St. Louis) has a local board of trustees appointed by the Governor. Thirty-five of the districts have a single college, although most have extension centers. Four districts are multi-college, with Chicago having nine colleges, Illinois Eastern having four colleges, and Black Hawk and DuPage having two colleges each. With the exception of State Community College of East St. Louis, each district has tax levy authority to provide local support for district operations. The 39 districts now include 97 percent of the State's population and 92 percent of the territory in the State.

THE MISSION AND SCOPE

Community colleges have excellence as their principle focus in satisfying the educational needs of the individuals and communities they serve.

Focusing on individual needs requires extensive student and instructional support services designed to analyze individual levels of educational attainment and then to respond with appropriate counseling, placement, and other types of special instructional assistance.

Focusing on community needs requires extensive cooperation with community agencies, organizations, businesses, industries, and educational institutions to identify the needs and address them in a manner which is both educationally and economically sound.

Once educational needs are identified, community colleges provide a broad range of educational programs and services to address them.

Accordingly, the following community college missions, together with their respective scopes which further delineate such missions, are identified.

- Provide Liberal Arts and Sciences Programs: Such programs shall be provided either (1) to prepare students for transfer to four-year colleges and universities or (2) to meet the personal educational goals of individuals throughout their lifetimes.
ILLINOIS COMMUNITY COLLEGES (continued)

- Provide Occupational Programs: Such programs shall be vocational, technical, and semi-technical in nature and shall be for the purpose of providing job training, retraining, and/or upgrading of skills to meet both current and emerging local, regional, and state manpower needs.

- Provide Preparatory, Developmental, and Remedial Programs: Such programs shall include adult basic education, general education development, English as a second language, and any other instruction designed to prepare students for successful experiences in postsecondary education.

- Provide Public Service Programs: Such programs shall include (1) community education activities of an instructional nature such as non-credit adult continuing education and hobby/leisure time activities and (2) community service activities which may include workshops, seminars, forums, and enrichment activities.

THE ILLINOIS COMMUNITY COLLEGE BOARD

The Illinois Community College Board consists of nine members appointed by the Governor and one student member selected by the recognized student advisory group. Board members are appointed at large for six-year terms. The Chairman of the Board is selected by the Governor. The statutory responsibilities of the Board are planning and coordinating the programs and activities of the public community colleges. All colleges are governed by local boards of trustees.

MISSION STATEMENT

The mission of William Rainey Harper College, as part of the system of public community colleges in Illinois, is to provide to District No. 512 residents a comprehensive postsecondary education which includes transfer, career, and continuing education programs. In addition to fulfilling this primary mission, Harper College also offers specialized programs and services in cooperation with local school districts, area business and industry, and other community colleges. The educational and cultural opportunities offered to students and community residents are developed and enhanced within the Harper College philosophy of academic excellence, service to the community, and innovative educational leadership.

Programs developed to meet the needs of the community are offered at reasonable cost to students, district taxpayers, and the State of Illinois. The ultimate goal of Harper College is to provide an educational environment that allows the individual the maximum opportunity to develop through successful learning experiences.

TRANSFER PROGRAMS

Harper College provides programs of study allowing students to complete requirements for the first two years of a baccalaureate degree. Harper defines these programs as transfer programs. Major fields of study are as follows:

Art
Business Administration
Education
Engineering
Health Education

Liberal Arts
Music
Physical Education
Recreation
Science and Mathematics

CAREER PROGRAMS

Harper College offers career/vocational programs. The sequence of courses is designed for individuals who desire to pursue a specific curriculum to prepare them for a particular career. Both associate degree and certificate programs are offered except where indicated.

CONTINUING EDUCATION PROGRAMS

The programs offered in Continuing Education and Program Services are an integral part of the Harper College comprehensive educational effort. They are designed to serve as lifelong learning opportunities for residents of various communities within the district. Programs are aimed at meeting the education and training needs of individuals, business and industry, municipalities, professional and occupational groups. The wide range of offerings covers management training, technical training, psychological and health education needs, as well as fine arts, industrial arts, home economics, and a variety of academic courses.

Seekers
Sophomore Nurses Club
Speech Team
Spread Eagle Ski Club
Student Investment Club
Student Nurses Association of Illinois
Student Senate
The Harbinger, Student Newspaper
WHCM Radio
Word Processing Students Association
FUNDING FOR HARPER COLLEGE

Harper College revenue comes from several sources:

1. **Student Tuition:** For 1983-84, Harper College will obtain 31.9 percent of its income from student tuition. Resident tuition is $25.00 per semester hour.

2. **Local Taxes:** Harper College will obtain 34.9 percent of its income from real estate taxes. The present tax rate is 11¢ per $100 of equalized assessed valuation. An additional 4¢ per $100 of equalized valuation is obtained for the Building and Maintenance Fund.

3. **State Grants:** Harper College will obtain 25.1 percent of its income from state aid. (The state funding formula is explained in the next section.) In addition, 1.3 percent will be obtained from the Board of Vocational Education and Rehabilitation, .9 percent from various state grants to support Adult Basic Education, and .4 percent from the corporate personal property replacement tax.

4. **Others:**
   
a. **Chargebacks:** Harper College will obtain .3 percent of its income from chargebacks to those areas outside the Harper district that do not have community colleges. Chargebacks are also paid for students enrolled in certain programs offered at Harper which are not offered in the students' own community college districts.

   b. **Student fees:** 2.3 percent of the income will be obtained from laboratory and other fees.

   c. **Miscellaneous:** 2.9 percent of the income will be obtained from miscellaneous sources such as interest on investments, and sales and service fees.
I. The Budget Process

The budget is more than a statistical tabulation of numbers that show anticipated revenue and expenditures. It is the financial interpretation of the ongoing educational program for one year beginning July 1 and ending June 30.

Budget planning is a continuous process designed to culminate in the development of a budget that accurately expresses the district's educational program for one year.

Evaluation of the budget at the end of a fiscal year must include an appraisal of the educational program and the total operation of the College.

II. The Budget Cycle

The budgetary cycle consists of the preparation, implementation, and evaluation of the budget. This cycle can be outlined as follows:

A. Preparation
   A cost center function

B. Presentation
   An administrative function

C. Adoption and Authorization
   A Board of Trustees function

D. Administration and Implementation
   A cost center and administrative function

E. Evaluation
   A combined administrative and Board of Trustees function

Below is a summary of the 1983-84 Program Budget:

Refer to the College Program Budget Book for additional information on the 1983-84 budget.
THE STATE FUNDING FORMULA*

The funding formula is the method used to channel state money to the individual schools. The formula is cost-based and the money is distributed on the basis of enrolled students. The formula determines how much is needed to operate all the colleges for a year. The resource requirements are determined by using the actual enrollment from the past fiscal year, the latest unit cost (how much it cost per student last year) and an adjustment for inflation in the areas of salaries, utilities, library materials and general costs plus other identified special needs.

Then all local tax revenue is subtracted, all local tuition revenue is subtracted and the state appropriation is supposed to be the amount remaining.

The bulk of this money is distributed through credit hour grants.

A certain amount of money is paid for each credit hour generated by all students. If the student is in a program that is costly to conduct, such as a health-related program, the College gets more money per credit hour than if the student is in a low cost program such as an English course.

State money is distributed through credit hour grants in seven instructional categories: Baccalaureate, Business, Technical, Health, Remedial, and Adult Basic Education/General Studies. The College also receives money for grants to fund programs for disadvantaged students on a credit hour basis.

Equalization grants are intended to assist districts where the equalized assessed valuation per student does not meet a state-wide standard. The theory is that all students are entitled to a certain level of educational services whether they live in a poor district or a district with adequate assessed valuation.

The chart on the following page shows how the funding formula works.

**THE ILLINOIS COMMUNITY COLLEGE FUNDING FORMULA**

\[
\text{COST PER STUDENT} \times \text{INFLATION FACTOR} \times \text{ACTUAL STATE ENROLLMENT} + \text{SPECIAL GRANTS} = \text{TOTAL DOLLARS NEEDED}
\]

\[
\text{LOCAL TAXES} - \text{LOCAL TUITION}
\]

\[
\text{STATE MONEY NEEDED} ÷ \text{CREDIT HRS. AT EACH COLLEGE IN 7 CATEGORIES} = \text{MONEY TO EACH COLLEGE}
\]

---

**AMENDMENTS TO THE STATE FUNDING FORMULA**

Changes have been made in the use of the state funding formula which have a significant impact on the finances of Harper College.

In 1980, the formula was changed with the unit cost of two years prior being used in combination with the enrollment for that period rather than the most current unit cost in combination with the actual enrollment for the current year. This has had the effect of decreasing state aid due to the effects of inflation and rising enrollments.

In 1982, the legislature reduced the rates being paid below that described above, further reducing revenues from this source, and making the College more dependent on taxes, tuition and accumulated balances to meet operating costs.

For 1983, the legislature reduced the rates paid below those authorized in 1982, and provided an increase in funds appropriated for this purpose of less than 1 percent (.008%).

CAMPUS BUILDINGS

Capital funds for the College buildings were provided through a combination of General Assembly appropriations and local construction bond issues approved by the district voters in April of 1966. By 1969, 45 percent of the construction master plan was completed. Harper College opened its doors to 5,400 students at the Palatine campus in the fall of that year.

Subsequent buildings were constructed as state appropriations were made available. The physical education center (Building M) was funded through local bond issues approved in a 1975 referendum.

The Harper College Educational Foundation was established in 1973 as a non-profit organization to provide additional funding for the College. Its members are appointed by the Foundation Board, and the appointments are confirmed by the Harper College Board of Trustees. The Foundation works within the framework of goals approved by the elected Board of Trustees, which provides coordinating services for the Foundation.

The purpose of the Foundation is to support the educational mission of the College, specifically to:

1. Assist the College in providing broader educational opportunities for students, alumni, district residents, and employers;

2. Acquire and administer additional assets for the College;

3. Encourage corporations, foundations, and individuals to provide gifts, scholarships, grants, or bequests of money or property;

4. Foster development of special instruction, research, and cultural programs which cannot be funded through the operating budget of the College; and

5. Act in a fiduciary capacity to carry out any of the foregoing purposes.

Harper College Educational Foundation Board of Directors

Officers:

Norval B. Stephens, Jr., President
Executive Vice President
Needham, Harper and Steers Advertising, Inc.

James R. Lancaster, Vice President
President, Bank of Elk Grove

James J. McGrath, Secretary
President, Harper College

Virginia M. Hayter, Treasurer
Mayor, Village of Hoffman Estates

Donald D. Torisky, Trustee Liaison
President and CEO, Borg-Warner Financial Services

Donald E. Wilson
Vice President of Finance
Square D Company
The Friends of Harper is a non-profit support organization which conducts various projects to increase awareness of the College in the community. Membership is open to any individual or group interested in furthering the mission of Harper College. Members also apprise College personnel of concerns and suggestions from residents in the 23 communities served by the College.

The organization is governed by a board of directors elected from the membership to represent each township in the College district. The Harper College Board of Trustees provides coordinating services for the Friends of Harper organization.
