

Harper College Survey of 2000 and 2001Graduates

Prepared by the Office of Research - Teaming to Serve Research Needs of the College -October 21, 2003

Executive Summary

- Response rates were 25% for 2000 graduates, and 20% for 2001 graduates. Because response rates are low, results are suggestive rather than definitive concerning perceptions of Harper graduates.
- Overall graduate perceptions of Harper from year to year are similar and positive. 95% of the Harper graduates would recommend Harper College to friends and family and 80% would take further courses at Harper. Graduate open-responses reinforce the quantitative data.
- Graduate perceptions of the convenience of Web-based classes have risen dramatically over the past three years. Graduate perceptions of Internet-based classes are overtaking those of traditional classroom-based classes.
- Nearly 50% of responding Harper Graduates enroll in college after graduating from Harper. Roosevelt University and Northern Illinois University are their most frequent destinations.
- Even with many graduates enrolled in full-time degree programs, Over 75% of responding Harper graduates are employed.
- Many Harper graduates do not use the College's career counseling and transfer advising services. Many responding graduates comment that they have had negative experiences with these services. Additional quantitative results show that 40% of graduate respondents who pursued further education were unable to transfer all of their credits with over half saying that Harper classes transferred only as electives.
- Minority perceptions of Harper College and its services are very similar to those of white students. The absence of perceptual difference among students reflects well on Harper's efforts to be an inclusive, multi-cultural institution.
- There exist significant differences in the perceptions and needs of young adult and adult graduates in both 2000 and 2001, largely due to their differing life experiences and lifestyles. Adults are more likely to seek specific, career-related educational programs. Young adults are more likely to take classes for transfer to a four-year institution.
- Female respondents to the 2001 graduate survey were significantly more positive about Harper College than male graduates. However, these preferences did not appear among the 2000 survey results. This shift may be attributable to one or more societal events including but not limited to: the events of 9/11 and the war on terrorism, the Iraq War, the Harper strike, and the continuing macroeconomic downturn.

Introduction

Since spring of 2000, Harper College has conducted an annual survey of the previous year's graduates. The survey was designed to measure graduate satisfaction with the college and its programs. In 2001, the instrument underwent significant redesign. Earlier data is largely incompatible with the data from the 2000 and 2001 graduates. This report provides results from the revised surveys administered to 2000 and 2001 graduates. Where comparable, data from the 1999 survey is also provided. Open-ended responses and copies of the 2000 and 2001 surveys are included in the Appendix.

Methodology

The Office of Research mails surveys to Harper College graduates annually. Each year's mailing occurs approximately one year after graduation. Table 1 shows historical survey response rates for the period 1999-2001.

Table 1: Survey Response Rates for 1999-2001

| Surveys Received | 279 | 317 | 247 |
| Response Rate | 22.9% | 25.2% | 20.1% |

Due to low response rates, the results discussed throughout this report should be considered suggestive rather than definitive. With regard to age, there were no graduating students in the FTIC (18 and under) category. With regard to ethnicity, minority graduates were aggregated for comparison purposes to white graduates. An analysis of the demographic characteristics of the responding graduates indicates that the sample is very similar to the graduate population in terms of age and ethnicity. However, the sample did manifest gender bias in both 2000 and 2001: females were more likely to respond to the survey, and as a result are over represented in the sample of respondents. Table 2 summarizes demographic characteristics for the 2000 and 2001 Graduate Surveys.

- Female respondents had a significantly higher response rate than their male counterparts.
- In 2001, the percentage of adult graduates shrank. This reflects a typical trend among adults seeking to conserve financial resources during trying economic times.

The survey is a 34-item instrument, including both open and fixed response questions. These questions are broken down into 4 thematic sections.

- Section A collected responses from all graduates about various aspects of their Harper experience.
- Section B focused on the impact of Harper on those graduates who continued their education.
- Section C focused on the impact of Harper on those graduates who were employed at least part time.
- Section D asked all graduates whether they would return to Harper and whether they would recommend Harper.

Table 3: Significant differences among groups by survey section

Analysis of the data reveals a greater number of statistically significant differences among groups of 2001 graduates as compared to 2000 graduates. This is almost wholly attributable to Section A items and specifically attributable to differential gender responses among the 2001 graduates that will be discussed in the next section.

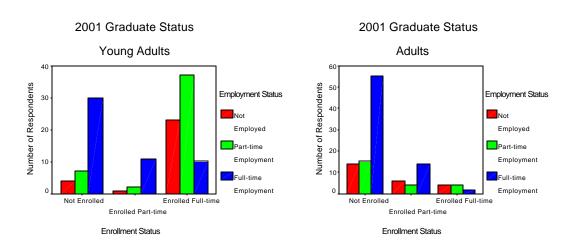

Summary of Findings

This report contains three parts. The first examines overall responses to survey questions. The second part examines significant differences among gender, age, and racial subgroups in the 2000 and 2001 respondents. The final part provides a detailed listing of open-ended responses provided by respondents in 2000 and 2001. Overall, Harper graduates favored Harper College and its services in most areas. Graduate preferences were similar for the three years shown in this report. Harper graduates sought education primarily for transfer to another program and secondarily for vocational reasons. Continuing enrichment was cited as a reason by less than seven percent of responding graduates (Table 4). Overall, a narrow majority of responding Harper graduates continued to be enrolled in college classes after their graduation from Harper.

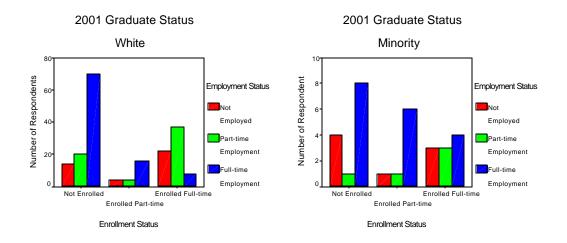

Graduate respondents have apparently embraced Web-based and Internet classes evidenced by higher accessibility ratings and growing participation numbers (Table 11). Furthermore, more 2001 graduates evaluated the Internet-based class location than the Northeast Center location and gave the former more favorable ratings. Maturing technologies, improved teaching methodologies, and growing acceptance and adoption of on-line learning have all contributed to this perception.

Differences among age groups are consistent in the responses for 2000 and 2001 graduates. Adult graduates tend to be more successful in planning their education around well-defined achievements and goals (Tables 28 and 50). They report fewer problems with transferring credit (Table 42), are more likely to be employed full-time (Tables 43 and 59) and their education is more likely to be related to their occupation (Tables 46 and 62). In contrast, young adult graduates are far more likely to transfer to a four-year school (Table 28 and 50), are more interested in pursuing more general advanced studies (Tables 31 and 51), and have a lower average income (Tables 47 and 63). In addition a minority of young adults directly enter the workforce upon graduation.

The varying preferences and characteristics of genders and ethnicities are less clear. Harper graduate groups manifest a variety of tendencies, not all of which are easily explained. Additionally, substantial differences exist between the responses of 2000 and 2001 graduates. These differences may be attributable to impact of societal stress caused by international tension, economic distress, and the Harper strike. Whether these shifts represent a more fundamental trend is unknown at this time; future analysis may provide insight into this matter.

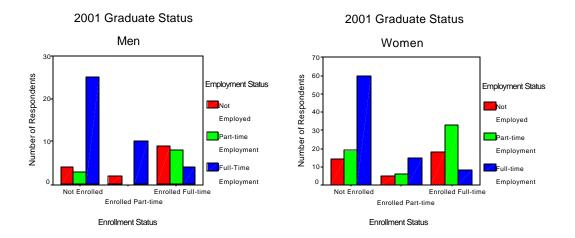

There are few differences of opinion among white and minority students. However, one key difference among 2001 graduates concerns their views of Internet and Webbased learning. Minorities view this type of instruction as being significantly more inconvenient than do white students (Table 39). Possibly, this is due to limited offcampus access to technology among minorities. Minority graduates are also more likely to be employed while enrolled in their further educational endeavors.

The most striking group differences observed were among gender groups in the 2001 survey. Indeed, significant differences among male and female respondents exist more frequently than for other groupings. When asked about Harper's ability to provide education (Table 32), instruction (Table 34), and services (Table 37), differences between

9

male and female graduates' responses were highly significant: female graduates were consistently more positive about Harper than male graduates. It is unlikely that the sample gender bias is responsible for these findings, as a similar bias exists in both the 2000 and 2001 survey pool. Responding female graduates were also more likely to be employed part-time than their male counterparts, whatever their enrollment status.

One area of concern identified by the respondents is student counseling services, encompassing career planning and placement, transfer counseling, and course recommendations. These services appear to receive lower satisfaction ratings than other college services (Table 10). It should be noted that over half of responding graduates did not use the service at all. The qualitative information contained in the open-response section sheds additional light on the quantitative data. Some graduates note that counseling services suffers from poor availability, a lack of training, bad guidance and inconsistent advice.

Make them more readily available. To see a counselor, I had to wait nearly 2 hours. This is unacceptable when you have a full time job.

Almost 2 years ago I went to the athletic advising office in M building. I wanted to transfer to U of I in Champaign. The advisor told me I would not get in and to find another college. I was admitted in to the University in 2002 after graduating from Harper. Good thing I didn't listen to him.

Some graduates were unable to transfer classes that they were specifically told would transfer to four-year institutions. There are other reports that counselors are unaware of the transferability of classes to various schools, causing some Harper graduates to discover that their four-year plans have become five-year plans.

The academic advising services needs to advise students upon the correct classes to take which will transfer. I had thought keeping the same advisor would make the transfer easier but it turned my 4 year plan into a 5 year plan.

I spoke to a few different counselors, and each one told me contradicting things about quality of transfer schools and which classes transfer.

However, there were at least as many positive comments, with graduates complimenting the counselors on their helpfulness and professionalism.

XXXXXX [one of the counselors], she was absolutely fantastic!! I changed my mind in careers several times and each time XXXXXX was there, just as supportive as the first time she helped. XXXXXX excelled in her career as she was supportive academically and personally

The academic advising was great. XXXXX helped me from the beginning and truly went out of his way to help me with my course selections and finding my major.

I was able to transfer to a 4 year college and have all credits transfer.

Cheap, close to home, transfer with Associate to a university, enjoyed most professors and found two academic advisors super helpful.

Graduates leave Harper with a very favorable perception of Harper (Table 27). Graduates are likely to return to Harper for further classes and recommend Harper to friends and relatives. This positive "word-of-mouth" is a potent enrollment asset. This generally positive assessment is strongly backed by the overall results and findings of the surveys.

Table 4: What was your primary objective when you attended Harper College?

- Among 2000 and 2001 graduates, the "Prepare to enter the workforce" and "Prepare to change careers" response percentages reversed. This may be attributable to the challenging labor market as risk-averse working individuals seek to retain their existing employment rather than seek new employment opportunities.
- The total for job-related educational goals: "Prepare to enter the workforces", Improve skills for current job", and "Prepare to change careers" remained steady among all responding graduate cohorts.

Answers for Table 5 were rated on a four-point scale as follows: "Very successful" (4), "Successful" (3), "Somewhat successful" (2), and "Not at all successful" (1).

*Of respondents seeking to continue their education

- Most Harper graduates plan to earn a Bachelor's or Master's degree.
- 2001 graduates were the first class for whom a Bachelor's degree was more frequently aspired to than a Master's degree.
- In 2000 and 2001, a quarter of Harper graduates plan to continue their education but not seek an additional degree while this was true of only a sixth of 1999 graduates.

For Table 8, answers were rated on a four-point scale as follows: "Extremely helpful" (4), "Helpful" (3), "Not very helpful" (2), and "Not at all helpful" (1).

- Graduates rated Harper College as very "good" with an overall mean of 3.2, (alpha reliability=0.82).
- Graduates' perceptions of faculty availability have steadily improved.
- Quality of instruction received the best rating from 2001 graduates.

For Table 10 answers were rated on a four-point scale as follows: "Excellent" (4), "Good" (3), "Average" (2), and "Poor" (1). The 2000 and 2001 surveys replaced the "Not applicable" response with the "Didn't knew it existed" and "Knew about it but didn't use it" responses.

- Graduates were pleased overall with Harper programs and services.
- While most facets of Harper instruction were deemed at least "good" by respondents, graduate perceptions of major/career counseling and job placement

were more negative. Moreover, graduate perceptions of job placement assistance are quite varied.

- The majority of graduate respondents did not use Harper job placement assistance.
- The responses of Harper graduates showed an increasingly favorable trend with regard to the location of the Student Center.

For Table 11 answers were rated on a three-point scale as follows: "Very convenient" (3), "Convenient" (2), and "Not Convenient" (1). The 2001 survey also included an option to respond "Not applicable."

*New response option on 2001 instrument

• Web-based or Internet classes are identified by graduates as "Very Convenient" or "Convenient" more frequently than the Harper main campus. Improving

perceptions of Web-based and Internet classes may be attributable to the maturing technology base used to offer such classes.

• The introduction of the "not applicable" response has refined the composition of graduate responses and creates more meaningful measures.

*Prior to 2001, the survey instrument asked this question in an open-response format. Based on 1999-2000 results the question was refined to offer either a fixed or an open response.

- "Other" institutions mentioned multiple times in 2001 are: University of Illinois-Champaign/Urbana (6), University of Illinois-Chicago (3), Harper Community College (6), DeVry Institute of Technology (2), and National Lewis University (2).
- The four most popular schools; Roosevelt University, Northern Illinois University, Illinois State University, and Columbia College enroll 43.8% of transferring Harper graduates that responded to the survey.

Segmentation of 2001 Harper Graduates

The results of the 2001 survey were analyzed for significance by paired demographic categories defined as follows:

- 1. Young Adult (Students aged 19-24) Adult (Students older than 24)
- White Non-Hispanic Minority (including all other groups)
- 3. Male

Female

Statistically significant differences for each category are presented below by question.

Table 28: What was your primary objective when you attended Harper College?

- Unsurprisingly, young adult graduates are far more likely to transfer to a fouryear institution than adult graduates, while the latter group pursues education for a wide range of reasons.
- Young adults and adults had significantly different responses in 2000 and 2001.

Answers for Table 29 were rated on a four-point scale as follows: "Very successful" (4), "Successful" (3), "Somewhat successful" (2), and "Not at all successful" (1).

*Of respondents seeking to continue their education

- Young adult graduates are more likely to pursue "academic" degrees (Master's • and doctorates) while adults were more likely to pursue professional degrees. This may reflect different perceptions about education goals between the two groups.
- This group exhibited significances among both 2000 and 2001 graduate respondents.

- Adult graduates rated Harper transfer advising more favorably than young adult graduates. This may be attributable to better academic planning by adult graduates. This is also troubling as young adults are more likely to receive academic advising than adults based upon admissions procedures.
- Adult graduates rated Harper academic and career advising higher than young adult.

- Female graduates rated Harper academic and career advising higher than male graduates.
- Ratings of career and academic advising were mixed; the open responses also show some positive and some negative experiences.
- Female graduates rated the location of the Student Center higher than male graduates.

- Female graduates rated the usefulness of the student handbook/date book higher than male graduates.
- Female graduates rated Harper registration procedures higher than male graduates.

For Tables 38 and 39, answers were rated on a three-point scale as follows: "Very convenient" (3), "Convenient" (2), and "Not Convenient" (1). The 2001 survey also included an option to respond "Not applicable."

How would you rate the convenience of the courses taken in terms of their location?

Table 38: Harper main campus (Palatine)

- Young adult graduates rated the Harper main campus more convenient than did adult graduates. This may be attributable to the working lifestyle of adult graduates.
- Female graduates rated the Harper main campus more convenient than did male graduates.
- Age was a significant factor among both 2000 and 2001 graduates.

Table 39: Web or Internet based (from home or office)

• White graduates rated Web or Internet based courses as being more convenient than did minority graduates. This may be attributable to a lower level of technology access for minority graduates off the Harper campus.

Section B: Impressions of Enrolled 2001 Graduates (Significant Differences)

Section B was completed by graduates enrolled in college at the time of the survey. An analysis of respondents revealed that of the three demographic variables, only the age variable demonstrated any significant differences in this section.

• Adult graduates are more successful in transferring credits than young adult graduates. Again, this might be attributable to adult graduates superior planning and goal seeking.

Section C: Impressions of Employed 2001 Graduates (Significant Differences)

Section C was completed by graduates employed on a full-time or part-time basis at the time of the survey. An analysis of respondents revealed that most statistically significant differences were associated with the age variable.

Table 47: Mark the range that best describes your annual gross income:

• Adult graduates had a higher income than young adult graduates. This is unsurprising given the normal positive correlation between age and income.

• Young adults and adults had statistically significant responses in both 2000 and 2001.

Section D: Overall 2001 Graduate Preferences (Significant Differences)

Answers for Tables 48 and 49 were rated on a five-point scale as follows: "Definitely would" (5), "Probably would" (4), "Uncertain" (3), "Probably would not" (2), and "Definitely would not" (1).

Segmentation of 2000 Harper Graduates

The results of the 2000 survey were analyzed for significance by paired demographic categories defined as follows:

- 1. Young Adult (Students aged 19-24) Adult (Students older than 24)
- White Minority (Including all non-Caucasian groups)
 Mala
- 3. Male

Female

Statistically significant differences for each category are presented below by question.

Table 50: What was your primary objective when you attended Harper College?

- Unsurprisingly, young adult graduates are far more likely to transfer to a fouryear institution than adult graduates, while the latter group pursues education for a wide range of reasons.
- This question and group exhibited significance among both 2000 and 2001 graduate respondents.

*Of respondents seeking to continue their education

• Young adults and adults had statistically significant responses in both 2000 and 2001.

• Adults were more likely to pursue a professional or bachelor's degree while young adults were more likely to pursue a master's or doctoral degree.

For Table 52, answers were rated on a three-point scale as follows: "Very convenient" (3), "Convenient" (2), and "Not Convenient" (1). The 2001 survey also included an option to respond "Not applicable."

How would you rate the convenience of the courses taken in terms of their location?

Table 52: Harper main campus (Palatine)

• Young adults and adults had statistically significant responses in both 2000 and 2001.

• Adults found the main campus to be less convenient than young adults. Given their working lifestyle, this is to be expected.

Section B: Impressions of Enrolled 2001 Graduates (Significant Differences)

Section B was completed by graduates enrolled in college at the time of the survey. An analysis of respondents revealed that all three demographic pairings contained significant differences.

Table 58: What type of courses have you taken?

• The lack of continuing education courses reported by responding students is likely due to the impact of the economic downturn in 2000.

Section C: Impressions of Employed 2000 Graduates (Significant Differences)

Section C was completed by graduates employed on a full-time or part-time basis at the time of the survey. An analysis of respondents revealed that of the three demographic variables, only the age variable demonstrated any significant differences.

Table 59: Employment Characteristics

| TOTAL | 122 | 100.0 | 178 | 100.0 | 300 | 100.0 |

- Adult graduates were more likely to be employed full-time than young adult graduates.
- The percentage of graduates who were not employed is the same for both age groups. With more young adults than adults are full-time students, unemployment is impacting adult graduates.

Table 60: How would you describe your current employment status?

| TOTAL | 87 | 100.0 | 132 | 100.0 | 219 | 100.0 |

- Adult graduates had a higher income than young adult graduates. This is unsurprising given the normal positive correlation between age and income.
- Young adults and adults had statistically significant responses in both 2000 and 2001.

| 0980 | Location. |
| 0993 | The ease of obtaining courses and having excellent teachers. |
| 0996 | 1) The Honor's Society classes, they were smaller. 2) Extra curriculum activities such as the Harper Speech Team. 3) A selection of full time, tenure professors that were concerned to provide their students with a structured, organized and planned class. |
| 0998 | I played basketball for the Hawk team for 2 years. I will never forget that experience! I felt part of the school and the teachers accepted that. |
| 1001 | Learning, classmates and instructors. |
| 1015 | Availability of courses. |
| 1020 | Library and computer usage. |
| 1026 | I liked the one class that would go outside and learn about all the trees around the campus. |
| 1031 | Very good college to start out. |
| 1032 | Motivated professors, convenient location and class schedules. |
| 1033 | Campus location and size. |
| 1036 | Reasonable tuition. |
| 1040 | Close to home, price. |
| 1055 | Teachers, cost. |
| 1073 | 3 classes = 2 purchasing classes with XXXXXXX and 1 business class. |
| 1077 | Great teachers, great location, affordable. |
| 1078 | Very organized, provided what I needed, excellent teachers, low cost, convenient location. |
| 1081 | In general, the instructors were concerned for the students and I had confidence in their knowledge and ability. I also thought Harper facilities and classrooms to be superlative. |
| | |

| 1096 | Teachers were excellent. |
|------|--|
| 1098 | The closeness to my home. |
| 1099 | It gave me a chance to grow and figure out where I wanted to go afterwards. |
| 1112 | Location and Athletics program. |
| 1124 | Everyone is treated WELL irrespective of nationality and culture. |
| 1125 | Location and class times/schedules. |
| 1137 | Physical fitness programs and convenience. |
| 1138 | Eight week courses which were faster paced. |
| 1142 | The faculty was very helpful. The class sizes were perfect. |
| 1146 | Challenging professors, competitive classrooms. |
| 1151 | The whole learning experience improving myself. XXXXXXX has been a huge help in completing my education. |
| 1154 | My experiences with XXXXXXX. He was very friendly and helpful. |
| 1159 | Teachers that were passionate about their subject. Interesting lectures. Personal attention from faculty. |
| 1167 | There was plenty of interpreters available to interpret for me while I was attending my classes at Harper College without any problems. I really enjoyed working with the wonderful counselor for the deaf/hard of hearing students in Access Disability Service Office. |
| 1168 | The instructors, they were well qualified and good at what they do. I would drive 45 minutes to Harper as an out of district student and never be sorry. It was always very motivating for me. |
| 1170 | Low tuition rates, which is great when you, as IT professional, are forced to take such a banal class as Windows 95 or introductory programming. |
| 1176 | Faculty experience/knowledge. |
| 1178 | The instructors were knowledgable about their field, were available for help and wanted to see students succeed. |
| 1180 | Teachers, courses I took, tutoring center. |
| 1187 | Is close to home, affordable, clean asthetic environment indoors and out. Plenty of parking. |
| 1188 | The willingness of the instructors to help students, and the real world content of course material. |
| 1208 | The small class sizes. I feel that Harper/Paralegal program has prepared me for the work |
| 1216 | The knowledge of the professors. |
| 1218 | I loved Harper. It was the perfect size for effective learning. I learned more and enjoyed more there than ISU, my transfer 4 year school. |
| 1222 | I was in a limited enrollment program. I enjoyed the faculty and students I spent 2 years with. |
| 1225 | Nursing students registered first for classes. |

Survey ID Q31 How can the College improve in its instruction?

| 0011 | Make courses harder. |
|------|--|
| 0024 | More personal, more one on one with instructors. |
| 0029 | The majority of my credits earned at Harper was over 8 years ago. (smaller classes) (more verbal presentations). |

| 0033 | Offer more degree programs in the health care field. |
|------|---|
| 0048 | Needs to stay current with it's computer software versions. |
| 0054 | I don't know why some courses are just offered during the fall or spring semester. Courses like organic chemistry should be offered anytime. |
| 0062 | I believe no improvement is needed. |
| 0064 | As far as the Medical Transcription program is concerned, there was a transition in my final year. It was a bit crazy. I would recommend the department obtain recent tapes with more of a variety of specialties. I would like to see the College pay mentors for students. My on-hands experience helped me the most. |
| 0084 | All professors need to speak English clearly. |
| 0097 | Computer classes need to be updated - BASIC is a joke. |
| 0105 | Look closely at full time faculty and their desire to meet students needs and changing education methods. Your part-timers seem not to care much. Too busy with careers. |
| 0108 | Nothing. |
| 0129 | Nothing. |
| 0130 | Better prepared for class. |
| 0131 | Offer more classes after work hours - 6:00pm - 10:00pm. |
| 0137 | More full-time teachers. |
| 0148 | Varied times so that full time employees can take 2 classes in one evening. Quicker to a |
| 0150 | Include a variety of methods instead of just lecturing. |
| 0153 | Only had one bad instructor, so the instruction is pretty much well over average. |
| 0166 | Nothing I can think of. |
| 0173 | Most instructors are excellent facilitators and are very knowledgeable. |
| 0179 | Better classrooms and lab for nursing. |
| 0203 | Get more qualified and interested instructors who are prepared to instruct the class. Reduce class sizes to a manageable group. |
| 0215 | Hire instructors that speak English well!! |
| 0239 | Smaller class sizes. |
| 0256 | One of the major weaknesses I observed at Harper was the English classes. The classes lacked the strong grammar instruction I needed. Luckily, the current college I attend offered an excellent grammar class - Business Management 320. |
| 0262 | Coordinate test dates, I would have tests in all classes falling within 2 days. They should schedule test dates farther apart. |
| 0263 | More engineering students need to be enrolled in classes such as EGR 205, 260, 262 (I only took 205). The myth of "I'll learn what I'm majoring in at my 4 year school" needs to go |
| 0266 | I was very satisfied with the quality of instruction in the Nursing Program at Harper. |
| 0268 | Most of the teachers in Harper are very good and helpful. But like other colleges, there are a few teachers who were not very enthusiastic about teaching. |
| 0272 | Support the full time and part time instructors with resources and competitive/higher salaries. |
| 0295 | The "tear them down then build them up" philosophy in my program needs to be examined. If not done properly, this approach can do more harm than good. |
| 0302 | Be better prepared to provide qualified teachers when there are unexpected vacancies. |
| 0310 | Instruction good. |
| | |

| 0351 | Make smaller classes. |
|------|--|
| 0365 | Have more offerings especially in the summer. |
| 0374 | More demonstrations involving specific set-up and presentation techniques by instructor. |
| 0397 | Find some more teachers that would do hands on things. |
| 0415 | More career direction early on - had to return to take introductory business classes after graduation. |
| 0420 | I found the faculty very helpful. |
| 0422 | Ask instructors to be more respectful of students and less condescending in their attitudes, and decrease all the "busy work" projects. Concentrate more on clinical skills! |
| 0427 | We could use a few more of those wonderful instructors in the interior design department - too many students to one class. |
| 0435 | Offer more alternative ed courses. |
| 0449 | Insure textbooks are always current, even if they have to be changed every other or every semester. |
| 0464 | Integrate classes with technology - more computer opportunities in "regular" classes. |
| 0467 | Possibly run classes even though student enrollment is below the minimum. Several of my management classes over the years were cancelled due to low enrollment. This was a big hassle in planning my course schedule. |
| 0474 | Smaller classes for everyone. I was in the Honors program and the small class size made it easier to learn. Listen to other students, be heard and build academic strengths and relationships. |
| 0477 | The instructor I received was good, but many of the classes seemed very simple/basic for college level. |
| 0503 | Instructors could invest more time in caring about their students as individuals. In order to make a huge difference in someone's life as a teacher, you must first form a relationship of some kind. |
| 0507 | More acting classes. |
| 0510 | More sensitive to students ability to learn at a different rate. |
| 0517 | Not sure. |
| 0519 | Use instructors that currently work in a full time position - in the real world. |
| 0520 | Give more priority to the Nursing Program - we were stuck in over-crowded classrooms. |
| 0524 | Nothing that I can think of. |
| 0525 | I think Harper is great. I think the school would thrive even more if there was a way to get students involved - make it more of a typical 4 year college experience. |
| 0533 | I think it is fine the way it is. |
| 0564 | More hands on training in class, less book work. |
| 0589 | Better advising and help from counselors. |
| 0599 | It's very good already. |
| 0614 | Time exposure to students in class in order to foster better understanding. |
| 0621 | Finding a staff of teachers whom will not strike in middle of semester. English department ext. poor, learned nothing in 101 or 102, grading procedures make no sense in Eng 1. English prof. started a late start class with all other classes, did not discover error until I brought it to their attention. |
| 0640 | All teachers should be like them, taking time to talk with students. Some teachers I had |

sucked. They were completely by the books and acted like robots. This doesn't make for a good environment. 0643 Offer more telecourses or self directed courses. 0653 Less pressure on students. 0654 Offer a better tutoring center for students and athletes. 0662 Update instruction tools. 0685 In the Interior Design program, a class about running a home-based business taught by someone currently in the field would be a nice addition to elective curriculum. 0687 Upgrade clinical equipment. 0699 Give your teachers better benefits so they don't strike again and my sister can graduate. 0719 I needed a place to study on Sundays away from family, but Harper security would ask you to leave at noon and library closed. 0732 Offer a few more courses than just the basics. For example the biology courses at Harper are biology, zoology, and botany. There should be more !!! 0742 More parking. Registration could be easier, I mean more availability of classes. 0780 It was great. I really can't think of to much. I think your instructors are better than lots of instructors at Columbia where I'm paying thousands more. 0803 Teacher reviews by students. 0806 Satisfied with instructors. 0817 Adequate room size for class (too many/too small/too hot). Also, better coordination of availability of Interactive CD's in the computer lab. Know nothing about programs I was required to do for coursework. 0821 Give them more and better tools to work with. 0825 Self contained departments/certified programs need periodic rotation of instructors for overall view of program in its entirety. 0838 Offer classes on how to prepare for a job in your field. 0856 I think on a whole most instructors were very knowlegable and did a good job. I can only say that there was only one or two that I didn't think was capable, and one or two that were 0890 Every teacher I had, with the exceptions of xxxxxxxxx (English) and xxxxxxxxx (Math, adjunct faculty), was great. xxxxxxxx and xxxxxxxx treat their students unfairly. 0895 I was very satisfied with the instruction. I have no suggestions for improvement. 0897 I wouldn't know - I haven't gone to classes there in 20 years. 0899 I think it is functioning very well already. 0901 I was ok with everything. 0903 Increase the amount of time the nursing lab is open. 0911 More class discussion required in some classes. 0924 Faculty parking lots should be marked in a more obvious fashion. 0940 My major was Interior Design and I would have liked that the course work be geared more to the industry market today. Instructors spent to much time on the fundamentals and less time on what we would face on the job. 0955 I felt that I had outstanding professors overall. I don't feel that (based on my own experiences) the instruction could be improved. 0961 This question really depends on the individual staff. Have the professors for the same

| | subjects, have meetings to discuss and align instruction. |
|------|---|
| 0963 | Maintain student standards and accountability. |
| 0966 | Monitor teachers more to see how they are teaching and go from there. Ex:classroom visits where a selected person watches the teacher's instruction for a day. |
| 0967 | Continue to employ the best instructors that you have as always. |
| 0977 | Hire specific instructors that aren't out to make you feel low. |
| 0993 | Keep on doing what Harper is doing. |
| 0996 | 1) Better screening of some instructors (especially part-time instructors) on their class preparation, enthusiasm to teach and after class student availability. |
| 1001 | In the classes I took, I knew exactly what the course was about, what we covered and when papers were due. We also knew when exams would be and what would be covered. This is very good for the students. The rest is up to the student! |
| 1015 | I found I did better in small classroom settings. I do not like lecture halls, you become a statistic in a class like this. |
| 1020 | Motivate staff. Make sure teachers have proper course outline. When entering a 101 course instructors should realize most students are not educated in the 101 topic. |
| 1026 | By explaining things more clearly. |
| 1031 | Best curriculum. |
| 1036 | Monitor part-time hygiene teachers. Make sure they are knowledgeable, but more importantly, able to teach the subject. |
| 1040 | Become a four year institution without changing the small type atmosphere. |
| 1041 | Get rid of xxxxxxxxx. He is an unfair, sexist, jerk! |
| 1073 | Realize adults are working 10-12 hour days then they go home to more work, kids, etc. |
| 1078 | It's great! |
| 1081 | There are a few instructors that need to be weeded out. |
| 1096 | Nothing comes to mind. It is better than my current 4 year college. |
| 1099 | Some of the teachers were not effective at all. |
| 1112 | Make courses more rigorous to prepare for four year schools. |
| 1118 | Try and make it feel less like a high school and more serious, that will help instruction and grades. |
| 1124 | Some instructors don't know their subject. Make sure they have enough knowledge before hiring them. Choose 5 best students in each class, and ask them how the teacher is. |
| 1125 | Hiring more well focused instructors. |
| 1138 | Offer more half semester courses, offer more alternative classes for core requirements like micro bio for biology. |
| 1142 | More feedback from students in reviewing instructors. There are some that are really outstanding and a couple that are really not. Also, give the teachers their raise, the difference will pay out in morale. |
| 1146 | Keep good instructions. |
| 1154 | Some teachers need to focus more on actually teaching and less on telling personal stories. Stories are okay now and then but should not be the class focus. |
| 1167 | I was hoping that those instructors would improve their teaching skills while they are using the chalkboard or the overhead rather than giving their lectures using the textbooks during the whole class period in the future. |
| | |

| 1168 | Maintain your instructional teams, keep your teachers happy. You're on the right track. |
|------|--|
| 1170 | Respond to student e-mails, provide opportunities for professionals to opt-out of classes they already understand/know. Accept transfer credit from other schools - don't just give the idea of transfer credit lip service like you do now. |
| 1176 | Keep experienced instructors. |
| 1187 | The nursing instructors need to update their material to the current trends. For example, care plans are a thing of the past. Teach head to toe assessment. Teach the student nurse how to assess his/her patient rapidly and not waste time with tasks. |
| 1188 | Provide more practical or real world applications of course content. |
| 1216 | No suggestions at this time. |
| 1218 | The instructors are excellent! |
| 1222 | Less busy work. More external real world experience. |

0011 Offer more information about out-of-state schools and hire academic advisors who know what they are doing. 0024 Have activities for students so they can meet more people that attend Harper. 0029 When I attended there was trouble getting on computers. 0033 Bookstore should be open for late evening students. 0048 Counseling center needs to be more current with regards to transferring requirements for 4 year university programs - specifically the HIMA p rogram, only available at 3 Illinois universities at last assessment. I believe, the College needs more tutors in areas such as physics and organic chemistry. I 0054 also believe there should be a program to encourage minorities to major in science. Furthermore, team work needs to be addressed in class.

O32 How can the College improve in its services?

- 0062 Again, no improvement needed.
- 0077 Need to make students aware of weird rules. Like they won't open your transcript til you sign off. I had to sign off twice cuz no one paid attention: terrible at helping students transfer/graduate: slow with transcripts. ALL counselors tell you different courses needed to graduate, I had to take 3 courses I didn't need!!!
- 0084 More advertising of what is offered in mail, posters, etc.
- 0129 Nothing.

Survey ID

- 0130 Better prepared for class.
- 0131 Lower the cost.
- 0148 More info at registration. Went to Harper for 28 years before I knew they had a disability program.
- 0150 Have the services be advertised more.
- 0153 Better, more educated counselors. I had 5 over the years I was there and none really knew how to help with classes and transfer credit. I basically had to do it on my own.
- 0173 Lower costs of books, fees, and tuition.
- 0179 More study areas with computers. Better nursing labs, larger classrooms.
- 0203 Update and provide useful equipment and ingredients in the Culinary and Pastry Arts

| | areas. Reduce class sizes to allow the instructors the ability to properly teach and instruct students in the Culinary and Pastry Arts groups. Otherwise, drop the programs and make arrangements with Elgin CC to accept Harper students in these areas at the same tuition |
|------|--|
| 0215 | The teachers and workers need to be more responsive to individual needs of students. |
| 0216 | Become a 4 year college. |
| 0239 | Better parking! |
| 0256 | Overall, I can't think of any reasons why Harper would need to improve its services. |
| 0259 | Keep counselor appointments on time. |
| 0266 | Keep re-evaluating your services and asking students opinions. |
| 0272 | Promote health services department in addition to the convenience and affordability through radio promotion, flyers, etc. |
| 0310 | Some type of orientation for new students describing the available services. |
| 0338 | Offer additional "early bird" classes or possibly "lunch time" classes for added |
| 0351 | Less administrative work. |
| 0365 | By being better informed throughout the campus offices. |
| 0366 | I had no problem with any of the services at Harper. |
| 0374 | Our classes were split with beginner and advanced students which hindered the instructors ability to give the proper attention to each group. |
| 0410 | I spoke to a few different counselors, and each one told me contradicting things about quality of transfer schools and which classes transfer. |
| 0415 | Offer four-year degrees, only attending Roosevelt because of location, would love to return to Harper. |
| 0420 | Work on getting architectural program being accredited, so more architectural classes |
| 0422 | Provide more preparation for Dental Hygiene students in regards to the "real world", i.e. treatment guidelines based on 1 hour treatment times, more instruction with Ultrasonic scaling and rubber cup or air polishing. |
| 0427 | No improvement needed as long as everyone keeps up the good work! |
| 0449 | Add query feature to Web course listing that allows the user to print all the courses in one department. |
| 0464 | Harper has very useful services - I wish I would've known about them sooner. |
| 0467 | Widen and raise the sidewalk from the north lots to the school. Sidewalk has water ponds and is too small. A $6'8'$ walk is needed, this way plowing snow would be easier too. |
| 0474 | Vegetarian food in the cafeteria, make students more aware of services. |
| 0477 | Make sure the advisors know what they are doing. They made me lose out on 9 hours due to them not transferring. |
| 0503 | Students center is not in a convenient location so I don't think people found it natural to get involved. |
| 0524 | Nothing - it would be good if Harper became a 4 year school. |
| 0525 | Make the Career Center more accessable. I think a lot more people would use it and benefit from their wonderful services. |
| 0533 | I don't think there is anything that needs to be changed. |
| 0564 | Improve parking. |
| 0565 | Make sure counselors help the students more on obtaining a 2 year schedule. |
| | |

| 0599 | Go to a 4 year school! |
|------|---|
| 0614 | Haven't used the services offered. From what I see, services are plentiful. |
| 0621 | Don't put lakes in between parking lot and school. Put in more parking lots. Post grades on line. |
| 0640 | I didn't have a problem with any of it's services. |
| 0643 | Offer more weekend classes. |
| 0653 | Decrease paperwork. |
| 0654 | Improve advising to accommodate students going to out-of-state institutions. |
| 0685 | Healthier snacks in vending machines. |
| 0687 | I noticed many services available to students although I did not personally use the services. I would guess that help is available for any student that needs it to succeed. |
| 0699 | Build tunnels to connect the buildings or from the buildings to the parking for bad weather. |
| 0700 | I think Harper should do a better job at guiding new students. I also think counselors need to be more patient with students. |
| 0732 | I didn't really take advantage of any services. |
| 0742 | Add more classes and parking. |
| 0746 | Do not list classes that will not be given, or if listed, give alternatives. |
| 0767 | Keep tuition rates low. |
| 0777 | Costs of books are too high. They are returned for extremely low cost and then sold again at high cost. Have books available at library. (some) Student discounts for good grades. |
| 0778 | Make it easier to register and pay for classes. |
| 0780 | I would create more social programs and possibly a dormitory because when I attended Harper I really felt like I missed out on some of those basic college experiences. I would also eventually make Harper a 4 year institution. |
| 0801 | Better parking. |
| 0802 | More help with job placement after graduation. |
| 0803 | Non-typical student clubs/services. |
| 0806 | Improve communication between registration and admissions. Have more evening and weekend classes. |
| 0817 | I can't think of anything. I really enjoyed attending Harper. |
| 0828 | For the disabled they need to improve in better bathroom doors. People in wheel chairs have a hard time going in and out. The heavy door is an inconvenience. It needs to be |
| 0856 | The program I was in had a change in heads of department and some of their instructors. I think it was a positive experience. I felt in the end we felt better about how we as students were treated. Somehow, I feel the transaction could have gone a little smoother. It was an emotional time. Everyone was helpful and did try but it did cause some problems and bad feelings for us as students. |
| 0895 | The Academic Advising department could use improvement in availability and accuracy in preparation for students transferring to 4 year colleges. |
| 0899 | Wonderful staff, keep on doing good work. |
| 0901 | Registration is easy. Maybe have a more involved counseling team. |
| 0903 | Make or buy copies of the nursing lab CD's so they can be done in the library during hours when the lab is closed or restricted $d/+$ labs. |
| 0910 | Make sure that there are plenty of computers available for students. |

| 0911 | Make itself more known to advanced ability high school students. |
|------|--|
| 0924 | If a student inadvertently parks in a faculty parking lot, they ought to get at least one |
| 0929 | More parking. |
| 0940 | The College sorely lacks the accessability for the disabled, with very few buildings being adequately accessable. |
| 0947 | 4 year college. |
| 0955 | I can only think of one thing and that is sometimes I encountered unfriendly people in some of the offices, but that may not be something Harper can directly improve upon. |
| 0961 | Improve accessibility to schedules on line. |
| 0966 | More communication with students, staff, and faculty can determine what services should be improved. |
| 0967 | The College's services do not need improvement. Just to continue in being the best it can |
| 0993 | Bigger bookstore and bigger library. |
| 0996 | 1) Car parking availability as a service. Giving consideration to the student parking is just as important as it is to Harper faculty. 2) Quicker and less tedious touchtone registration. |
| 0998 | More classes offered over the internet, both the internet classes I took were extremely delightful! I tell everyone how great it was! |
| 1020 | My mechanical engineering course was cancelled. I did not receive any letters or solutions about the program cancelling. To me it is very displeasing. The counselors could not answer any of my questions. I basically answered everything for them. |
| 1026 | By getting things a little organized. |
| 1031 | So far good. |
| 1055 | Closer parking. |
| 1073 | Label the buildings better. |
| 1078 | Great! |
| 1096 | Better transfer assistance. |
| 1112 | More counseling for deciding on a major and transfer program. |
| 1124 | Better teachers, knowledgeable teachers. |
| 1137 | Better counselors. |
| 1146 | Keep them going. |
| 1159 | The advisors don't know what they are advising for (with some exceptions). |
| 1167 | When I was a student at Harper College, there was lack of tutors to help me with Intermediate Algebra assignments that affected me to receive lowest grades on my tests in class. I had to withdraw that class twice. I was hoping that Harper College would provide better tutors for the deaf and hard of hearing students in the future. |
| 1168 | Begin offering four year degrees. |
| 1170 | More convenient parking (paid faculty should not have better parking than paying |
| 1180 | Desks are too small. |
| 1187 | Bookstore, i.e. Have current books and modules (nursing) available for students before semester starts so they can get a head start on reading and preparing for class. |
| 1216 | No suggestions at this time. |
| 1218 | Counselors need to be just as well trained as instructors. They play a very important role in each students life. Their advice needs to be extremely accurate and understandable! |

1222 I felt services were fine.

Survey ID Comments

| 0022 | I answered 'no' to sending a questionnaire to my supervisor only because my job has nothing to do with my degree just part time work while I'm finishing school. |
|------|--|
| 0029 | I mentioned above, it has been a number of years since I attended Harper (8-10 years). My responses might not be up to date for your survey. Good luck. |
| 0054 | I have very good memories of Harper College. I had wonderful professors. The best one of all was my anthropology professor. She gave me the courage and will to succeed. I believe her name is XXXXXXX (I am not sure about the spelling). I will always be grateful to her. She knows the course material and makes you appreciate the values of other cultures. |
| 0077 | Why am I filling this survey out if I graduated 2 1/2 years ago? |
| 0179 | I allowed nursing program to contact my present supervisorplease obtain a copy of their information received. |
| 0256 | I think Harper needs to emphasize the experiences of past college students when recruiting. I went to Barrington High School and was constantly bombarded with advisement not to attend Harper College. I was determined to go to Harper and was not swayed, but others might have been. |
| 0263 | You might want to consider restructuring some classes. For example, CS 125 is an excellent UIUC course, but I think you would have to take CSC 121 & 122 for the equivalent. |
| 0525 | I would just like to say thank you for how well Harper College prepared me for my four-year institution. Transferring from Harper enabled me to receive a full tuition scholarship. I wouldn't have gotten that without Harper!! |
| 0549 | I am retired now and enjoy my chance to attend Harper. I am just sorry it took me so long before I chose to take that first class. |
| 0621 | Almost 2 years ago I went to the athletic advising office in M building. I wanted to transfer to U of I in Champaign. The advisor told me I would not get in and to find another college. I was admitted in to the University in 2002 after graduating from Haeper. Good thing I didn't listen to him. |
| 0653 | Please do not send new grads to work at 9 North at NWC hospital. |
| 0661 | My education at Harper was very beneficial and everything about my experience was wonderful. |
| 0662 | I graduated from the Medical Transcription Program during a time of transition for the department. It did, however, look as though it was going to be a positive change. |
| 0699 | I would say yes but I don't think he'd take the time to answer it. |
| 0751 | Please do not send me any surveys anymore. Thank you. |
| 0868 | I answered no to #34 because I am my own supervisor. There is only the owner and myself. The owner is my dad. |
| 0895 | Overall, I was extremely satisfied with my experience at Harper. I am proud to say I attended Harper. The diversity of classes was great! |
| 0911 | I had a great 2 years at Harper with professors who I will remember forever. Thanks for providing me with such a great education in my years there. |
| 0955 | I know Harper is expanding it's facilities, but I hope that not all the grass and trees will be built over! Some of the best times I had at Harper were out on the grassy lawns in the Spring/Fall. Also, I always felt Harper should encourage/provide more recycling. It is important and significant for institutions to support recycling and conservation. |
| 1020 | I have taken many courses at Harper and I feel they were all a waste of time. I took them because it was for transfer credits. The only course I felt that was beneficial to me as far as education was ART 110. That's it. Harper really needs to work some things out. |

- 1040 Harper was a great thing for me. I got to work and live at home while attending college.
- 1078 I actually like Harper better than Roosevelt because of all reasons on question 30.
- 1081 Re: Q34, Supervisor, Although my current employment does not pertain to my major.
- 1124 Some concerns: 1) More parking space is something Harper needs to think about. 2) Some instructors prescribe 3 to 5 books for one course. Cost of books thus exceeds the cost of tuition.
- 1137 The questions regarding work are N/A to me, since I am still a full-time student.
- 1167 Although I really loved William Rainey Harper College, I still wished that I could have better tutors for my math classes. Having better tutors for me was the only way I could improve and pass my intermediate algebra classes in order for me to maintain my dream of receiving a degree and then transfer to a four year college from Harper College.
- 1168 I loved my time at Harper you've got the best SLIP in the state of Illinois.
- 1170 Harper gave me a piece of paper saying I can program a computer. Along the way, I got nothing but headaches. I consider my experience an overwhelming waste of time and money.
- 1178 The paralegal program was very comprehensive.
- 1187 After I graduated I didn't feel I was prepared in charting. Not enough time was spent on teaching organization and prioritizing. Too much time was wasted in lab, sitting. Computer class a waste of time. We learned computers at the hospital we worked at. Many hours were spent teaching foley catheter insertion instruction. Another big waste of time. Again teach what to look for in what patient presents with symptom wise. For more info please write me.

| 0410 | Convenient location, schedule compatible with my kids school calendar, reasonably good quality of program, inexpensive cost. |
| 0417 | The professors! Especially XXXXXXX, XXXXXXX and XXXXXXX. Nice campus too, good size. Nice computers & library. |
| 0431 | Class size, price. |
| 0437 | The flexibility of scheduling classes. |
| 0438 | Open, friendly teachers and services. Great amount of outside class help from instructors and services. |
| 0444 | Teachers and friends. |
| 0446 | Building layout. |
| 0453 | Love to study at LRC, excellent learning environment. Friendly faculty and staff as well as students. A little jogging to the parking lot. |
| 0455 | Convenience, excellent teachers. |
| 0458 | Convenient class times. |
| 0465 | Continuity with instructors and smaller class sizes, campus access. |
| 0470 | Learning new things. |
| 0473 | The professors, friendly atmosphere. |
| 0475 | The excellent variety of courses offered and the superb instruction from most of the faculty. |
| 0480 | The campus, instructors. |
| 0482 | Staff-very helpful and their availability. |
| 0483 | Instructors were great. |
| 0490 | Convenience and professionalism. |
| 0491 | Harper had the curriculum I wanted, was affordable and close by. I liked the small class size, most instructors were great teachers and wanted to see us do well. |
| 0498 | Closeness to where I lived. |
| 0503 | Location. |
| 0508 | That I was able to get a good education as an adult close to home. |
| 0512 | It was close to home and inexpensive. |
| 0518 | The classes and the teachers. |
| 0546 | Great teacher and flexibility in times of courses. |
| 0549 | Convenient class schedule, a lot of night classes. |
| 0557 | The availability of courses. |
| 0561 | Convenient location, nice, caring teachers, campus, class size, atmosphere. |
| 0567 | The friends and contacts I made. The instructors were great. |
| 0572 | Affordable, convenient class times. |
| | |

| 0579 | Variety of classes, telecourses and internet training. |
|------|--|
| 0581 | Very efficient admissions/administration processes. |
| 0584 | My instructors. |
| 0588 | Cultural diversity. |
| 0594 | Class size and majority of my teachers. Humanity courses were excellent, especially History. |
| 0597 | Got to learn new and different things that pertained to my field. |
| 0598 | Being able to complete most of the required courses towards a BSN at NIU. Convenient and less expensive at Harper. |
| 0604 | The teachers were mostly available, and showed concern for students success. Also, Harper does a good job at supporting people with disabilities. |
| 0618 | Speech team and the convenience. |
| 0620 | What I liked best about Harper is the selection of courses and how eagerly the teachers wanted to help the students. I also liked the diversity of students who attended Harper. |
| 0630 | The teacher - student relations and the atmosphere. |
| 0631 | The personal attention that the size of classes allow the feeling of getting a quality education and actually getting are. |
| 0634 | The professors and the background they have. I loved the honors program and the small classes they |
| 0666 | Diversity of classes and the many sections offered for each class. |
| 0668 | Diversity of students. |
| 0674 | Nursing instructors. |
| 0700 | Staff is very friendly and answers all questions. Fun classes. |
| 0702 | My instructors in Paralegal Studies were all excellent. XXXXXXX, I personally consider him my mentor. |
| 0706 | The wide availability of classes at anytime of the day from 6am to 6pm! |
| 0709 | Affordability. |
| 0715 | Enjoyed the courses I took and the challenges they presented. Increased my knowledge and skills. |
| 0719 | One word, instructors!!!! Of course there were a few exceptions, but overall the instructors were knowledgeable, available, understanding and fair. |
| 0730 | Evening class schedules are very convenient. Quality of instructors was exceptional. |
| 0741 | The family type atmosphere that is so easy to be a part of. |
| 0746 | The particular limited enrollment program I was insign language interpreting. |
| 0751 | Close to home. |
| 0762 | The faculty and diverse student body. |
| 0763 | The educational experience. |
| 0769 | Admission procedures, campus facilities, teacher's quality level. |
| 0775 | Academic challenge, Harper was tougher than the college I came from. I liked the challenge and it prepared me well for university exposure/education. |
| 0781 | Location was convenient. |
| 0782 | Socializing, instruction. |
| 0786 | The teaching staff was excellent (with a few exceptions). Very approachable. Classrooms were comfortable. Text and supplies were up to date. |

| 0788 | XXXXXXX and his dedication to the students. |
|------|---|
| 0790 | Convenient. Educated instructors. The cafeteria, great food. |
| 0791 | The teachers were really nice and taught well. Also, the atmosphere on campus was real home like. The campus was another home. |
| 0795 | I enjoyed the small class sizes and the teacher availability. Because of Harper I chose my current university due to the small classes. |
| 0801 | Location, availability of classes, cost, depth of teacher knowledge. |
| 0803 | The courses and the instructors. |
| 0805 | I liked the availability of the computer lab - late access! Also, the counseling department - XXXXXXX. Great counselor and person in general. |
| 0807 | Library hours very convenient. Teachers are very helpful and always available. Grading is fair, not based on curve like some universities grade. |
| 0809 | I appreciated the fact that Harper is available for those high school graduates who aren't quite prepared to move straight to a four year university. It was a valuable experience for me in regards to "finding |
| 0817 | The good education. |
| 0818 | The distance between home and jobs was all very close in distance. |
| 0819 | Small classes, good professors, good location. |
| 0825 | Offered a wide range of hours for every class, centrally located and easy to work a work schedule |
| 0830 | The Dental Hygiene program is excellent. |
| 0831 | Location. |
| 0842 | Some of courses were taught excellent by some teachers. |
| 0855 | I loved the Compact Agreement Policy that Harper has with surrounding universities. It made transferring to NIU so easy! Compared to a 4 year college for the first 2 years, Harper definitely has better tuition! Also, I wouldn't be majoring in anything if it weren't for my sparked interest in English at |
| 0858 | Teacher availability. |
| 0869 | Tuition and location are probably the main things I liked about Harper. |
| 0870 | The one on one contact with the teachers in the paralegal studies program. |
| 0871 | The administration is very well organized. The classes were very challenging. |
| 0872 | Opportunity to discuss ideas and problems with my classmates and exchange opinions and experience. |
| 0884 | Location, easy registration. |
| 0889 | Some of the teachers I had were extremely supportive. |
| 0898 | Harper College was a convenient location and allowed for a transition from high school to a university level instruction. |
| 0909 | Had the program I was looking for. |
| 0913 | Convenient class times. |
| 0921 | The teachers in the Fashion Program and the fact that I could also work at Harper while attending |
| 0938 | Technical knowledge of instructors. |
| 0942 | The location, the variety of classes. |
| 0946 | Staff. |
| | |

| 0951 | Easy access; variety of courses, ABA accredited paralegal studies program. |
|------|---|
| 0966 | Great faculty: XXXXXXX and XXXXXXX! |
| 0970 | The instructors in the marketing department. The ability for people, XXXXXXX, to look beyond the generic course offerings to better align you with your objective. |
| 0979 | Very! |
| 0980 | Close to my home. Easy to transfer credit classes. Convenient time of courses. |
| 0983 | CIS Department. |
| 0985 | The set up of all buildings/classes. The class - Exploring Cultural Diversity in the US - excellent instructors. |
| 0986 | Small class sizes. Great teachers. |
| 0992 | Teachers I had worked full time in the field they were teaching. Could show job relevance very capable to explain a principle in a way so you could understand it and use it. Practicality not just book |
| 0995 | It was convenient for me to attend Harper College. |
| 1005 | The instructors, the help available to succeed. |
| 1015 | The teachers were pretty good; most of them had work experience in the subjects they taught. |
| 1016 | Most of the teachers and the involvement of Latinos Unidos in the campus and the community. A very useful P.R. tool. Please keep funding their activities. |
| 1020 | Cheaper, close to home, transfer with Associate to a university, enjoyed most professors and found two academic advisors super helpful. |
| 1039 | Small classrooms, teachers seemed like they cared. |
| 1041 | XXXXXXX is the only instructor who ever made history interesting for me. His class was the highlight of my day. XXXXXXX and XXXXXXX were great too. |
| 1050 | I liked the size of classes as well as the teachers. It seemed as though they were concerned about their students success in their classes. |
| 1053 | Convenient location, variety of class sizes. |
| 1059 | The campus was close and all my chosen classes were available to me. |
| 1061 | I liked the college because they helped me out, and the job center. |
| 1071 | Variety of course offerings and time slots. |
| 1072 | Excellent interpreters and a couple of very good instructors. |
| 1077 | The way classes are taught, class sizes, and extremely knowledgeable teachers. |
| 1080 | I liked the convenience, flexibility of schedule, ability to attain goals in short period of time. |
| 1082 | The location, availability of classes and the professors. I was at a 4 year university prior to Harper and I enjoyed the education that I received from Harper more than what I received from the university. |
| 1086 | Faculty concern for students. |
| 1092 | It was pretty close to home and not very expensive. |
| 1099 | Math department, recycling. |
| 1103 | It's convenience. |
| 1111 | I loved everything at Harper College; the instructors were wonderful; the course materials were just right, and the environment of the College was excellent. |
| 1113 | 1) Large varieties of classes. 2) Tutoring Center is great. 3) There are desks and chairs everywhere to read or study. (Especially building J and I). 4) Computer Lab. 5) Most of the instructors and |

| | faculties are very kind. They have patience when they talk with a foreigner like me. |
|------|--|
| 1120 | Class size, quality instruction and fairness of grading. |
| 1122 | The location, availability of classes and times. |
| 1124 | All the classes I have attended were interesting, helpful and informative. |
| 1127 | Specialization in many different fields. |
| 1137 | Convenience to home and ease of registering for classes. |
| 1141 | Convenience - met new people (each semester some of the same people, same major). |
| 1145 | The people and the atmosphere. |
| 1148 | It's location. |
| 1153 | Location. |
| 1154 | Nursing faculty the best! |
| 1157 | The small classrooms and the teachers. |
| 1165 | Taking wood plants for one of my classes that I had to take. |
| 1171 | The excellent faculty. I felt all my instructors were/are very knowledgable and prepared. |
| 1178 | Faculty, staff, availability of classes. |
| 1179 | Found assistance anywhere it was seeked for. |
| 1183 | The teachers and classes, the availability of classes. |
| 1193 | Convenient scheduling. Challenging courses and variety in courses. |
| 1197 | The small class size for a close student - instructor relationship. |
| 1200 | Convenient to home. Some excellent instructors who held my interest and challenged my abilities. |
| 1205 | The faculty were the best instructors I have ever had. |
| 1207 | I liked the convenience of the location, the smaller classes so there was more one on one. The courses it offered and times over all, and all the programs it offered. |
| 1209 | Reliable schedule, pretty grounds. |
| 1212 | The instructors challenged us and held us to high standards. |
| 1218 | The majority of the teachers were excellent! |
| 1224 | I liked the class size. They were not too large. The teachers had more time to devote to students one on one at times. |
| 1229 | The excellent faculty. |
| 1236 | Curriculum, convenience. |
| 1242 | I was able to transfer to a 4 year college and have all credits transfer. |
| 1252 | The instructors - they bring life experience, diversity, their job skills, and of course their knowledge into the classroom. |
| 1260 | Convenience, size of classes, availability of resources and the library. |
| 1265 | Working full-time, I was pleased with the class scheduling. I was able to attend classes on weekends and evenings. |
| 1271 | Location. Instructors were very helpful and pleasant. Good resources. |
| 9999 | Most instructors were great they understood that most of us worked full-time and were compassionate to that. I also liked the hours for night classes. |

| Survey ID 0005 | Q31 How can the College improve in its instruction? Offer new ideas and concepts more often. |
|-------------------|---|
| 0007 | Placing students like me in a job suited to my studies. |
| 0010 | None, it's good. |
| 0043 | More time investment from counselors. I've had many counselors give me wrong information! |
| 0045 | Harper needs to stay current on computer-related curriculum and assure availability of software for open entry classes. |
| 0049 | By making sure that only experienced people are hired. |
| 0065 | I would like to tell you one thing that I didn't like about Harper: why teachers were checking attendance? (I felt like in high school). It was a students loss by missing a class, not teacher. Why our grade was depending on our attendance, not on our knowledge. Think about it. |
| 0070 | Pay the teachers more and you might keep the quality teachers longer. Do you really need to pay the administrators such a high salary and the teachers make less to nothing? |
| 0074 | Fix some of the mal-functional of the computers in the classrooms accessed through the computer lab. |
| 0078 | Hiring teachers who like people. |
| 0080 | Continue to employ dedicated professionals who can also teach. |
| 0083 | Pay better to attract instructors. |
| 0084 | Very few of my teachers were enthusiastic. |
| 0088 | No comment. I was pleased with this area. |
| 0090 | Tell students ahead of time what kind of courses are needed for their major. |
| 0095 | Better computer instructors. |
| 0098 | Offer more off campus programs, internet, tv or correspondence classes. College of DuPage offers much more. |
| 0100 | More diversity in class availability. |
| 0117 | It was fine. Sometimes a little overworked. |
| 0118 | Bachelor Degree program. |
| 0127 | It would improve Floral to have a shop to do intern work. |
| 0134 | Continuing evaluation of faculty. |
| 0136 | Obtain more qualified teachers for the Plane Science department. To me two or three instructors is not enough for this department. |
| 0154 | No other way. |
| 0155 | Expand to four year degree. |
| 0176 | More class availability. |
| 0181 | I think that the College doesn't need to improve. Maybe, bigger class rooms. |
| 0182 | I have to say that most of my teachers were excellent but I did have a few that were not so good. It seemed like they wanted some of their students to fail. |
| 0194 | Make all courses or as many as possible transferable for a 4 year degree. |
| 0201 | More teachers like XXXXXXX, XXXXXXX, XXXXXXX, XXXXXXX, XXXXXX |
| 0208 | Bring the students together more. Not enough on-campus activities, socials, mixers. Make everyone meet new people. It's lacking a sense of community since it's a commuter school. For instruction - make class sizes smaller. |
| 0210 | Offer more relevant CIS classes and content. |

| 0211 | Fire XXXXXXX! He was an AWFUL instructor. |
|------|---|
| 0220 | This survey should have been sent out right after graduation last year! But I think I remember wishing the library had better hours (longer hours). |
| 0223 | Keep Dietetic programs running. My core instructors were excellent - XXXXXXX, XXXXXXX, and XXXXXXX. Keep providing opportunities to those less fortunate. My life is better for those at Harper who provide so many services to their students. |
| 0233 | Don't change. |
| 0244 | If I could answer that, I'd be the President of the institution: small class size. Some of the troubled students (attention seekers) take away from the rest of the class. Teacher(s) had no control. |
| 0246 | Smaller class sizes in particular classes, or at least look out for that from time to time. |
| 0265 | I think the instruction was great. |
| 0269 | Don't cut down class time because only a small number of students registered for a class, check your teachers' ability to teach before hiring them. |
| 0271 | Continue to employ teachers that have current experience with what they are teaching. |
| 0272 | Does the school have the ability to better screen some part time instructors? |
| 0284 | Keep teachers like XXXXXXX. |
| 0288 | Not much. |
| 0302 | More international studies. |
| 0303 | Some of the teachers don't give homework that applies at all to the class (XXXXXXX - Philosophy) or other teachers don't know the subject so well (trigonometry). |
| 0306 | Communicate with graduates about course content. |
| 0323 | Deal with more than just basics - expand thinking, decrease class size - instructors should not be chasing their tails. |
| 0329 | Some auditoriums have poor sound and sitting. |
| 0331 | Bringing in younger teachers with new and fresh ideas. |
| 0342 | Learn from XXXXXXX he is the most effective instructor. |
| 0354 | Offer quarter hours! Semester is too long! |
| 0377 | I can't say, I thought all of my instructors did a great job. |
| 0381 | Certain instructors had problems in their instruction. They needed to improve on their examples by giving examples other than what is in the textbook. We can all read those. Sometimes further instruction in that manner would have been helpful. |
| 0394 | Have open minded instructors, flexible and energetic. |
| 0397 | Some teachers there did not grade fairly or offer help if it was needed. |
| 0401 | More computers and intro computer classes. |
| 0410 | The nursing instructors know a lot about nursing but could use some coaching as educators, specifically in making better use of visual aids while lecturing and in writing exams (I was an A studentsome of their exam questions were almost incoherent). |
| 0417 | Instruction is already excellent! |
| 0437 | Just because a teacher informs the class of their office hours, doesn't make the teacher approachable. |
| 0444 | Have part time teachers be more prepared. |
| 0446 | Offer more vocational skill classes. |
| 0453 | If possible, email contact with instructor. |
| 0455 | More options of class times. |

| 0465 | Doing good job, more available classes for nurses (graduates) for Continuing Education (RN-BSN completion would be great!). |
|------|---|
| 0470 | More office hours with teachers. |
| 0475 | A couple teachers (Psychology 101 & Environmental Science that I can remember) basically just used class time to reiterate the text book exactly. I could have just read the book at home. I appreciate supplemental information & class interaction. |
| 0491 | You need to broaden the technology (computer) class offerings (ASP, higher level C++) for web/programming beyond getting started. |
| 0498 | More helpfulness from instructors. |
| 0503 | Better parking. |
| 0508 | Provide teachers with more up to date facilities. |
| 0518 | I thought the instructions were great. |
| 0552 | Fund paralegal studies library at a reasonable level. It needs increase now. |
| 0581 | Focus on basics, gear classes towards needs of students, more experienced teachers. |
| 0584 | Up date the labs (HVAC). |
| 0588 | Let students be part of instruction. |
| 0594 | More computer rooms (comp. math stat and open math courses can use). |
| 0597 | By hiring people in that field of study that have less than a Doctor's degree and teach at a junior college level not a university level (like English Dept & History Dept). |
| 0604 | I noticed that many classes that weren't in the math and science departments didn't have very high standards. Exmany classes just had take home or multiple choice tests. Also, homework should be collected and graded more, to prepare student to meet deadlines. |
| 0620 | Make it a four year school. |
| 0630 | Give more resources and upgrade teaching equipment. |
| 0631 | Make sure that the professors and teachers love their jobs instead of love getting a paycheck. |
| 0634 | In smaller classes, the teacher should learn the students' names. |
| 0665 | Hire a new MTH202 instructor. |
| 0668 | Smaller class sizes in the nursing program. Updated lab would help. |
| 0702 | The teachers need to be changed! Get rid of the way they teach the course - Introduction to Legal Research. They need to really help the students in the law library and spend lots of time on how to interpret and find case law!!!! |
| 0706 | I am very satisfied with the instruction I received so I wouldn't change anything. |
| 0709 | More full-time professors with job security. It will help students when professors are not worried about if they will have a job at Harper next semester. It truly does reflect on the students. |
| 0715 | Some teachers need to improve - ENG101 - Fall 2000 at Elk Grove H.S. teacher did not control class at all. |
| 0719 | Hire more instructors like XXXXXXX and XXXXXXX who genuinely care and are "experts" in their areas. |
| 0730 | The classes that I enrolled in had more than adequate opportunities for tutoring and one-on-one from instructors. |
| 0733 | The school should guarantee the quality of each course, so, (1) the school must hire an instructor who should be qualified, responsible and have teaching experience, (2) each student should pass the prerequisite course. |
| 0751 | More full time teachers. |
| 0762 | Through diversity faculty and subject matter. |

| 0763 | I have had good instruction-wouldn't change anything. |
|------|---|
| 0769 | Everything was great. |
| 0775 | Everything was okay, but none experienced instructors would help. |
| 0781 | I think you need to supervise the instructors and their ways of grading. Improve your instructors evaluation system. Listen to students more carefully. |
| 0782 | They are good. |
| 0786 | No improvement needed. |
| 0788 | Make sure some of the adjunct faculty has the proper information to teach the class. |
| 0791 | The teachers should share more with experiences within the given subject. Also, teaching out of a book is not the best way to learn, its interaction within the classroom that produces. |
| 0801 | Allow more flexibility to choose what classes I need to meet current needs regarding certification. |
| 0805 | To better steer students in the direction of receiving their associates degrees and follow that path it is extremely important to set your standards right from the start and follow that to a tee. |
| 0818 | Make learning available at a more affordable rate to all kids. |
| 0819 | Hire teachers with strong backgrounds and Masters at least. |
| 0828 | Get better educated teachers from this country (USA) that speak excellent English. |
| 0830 | Update and improve hygiene clinic to better facilitate in instruction. |
| 0831 | By choosing dedicated teachers. |
| 0842 | In some areas, the selection between teachers is very limited. For example, physics, computer science department. |
| 0855 | More upper level classes, 300-400 levels. |
| 0858 | Make sure 3 hour classes get a break. |
| 0872 | Hire more experienced in teaching or keep them at least for a couple of semesters to improve teaching methods and learn some teaching techniques, not only knowledge is important but also the ability to deliver it. |
| 0889 | There are some teachers who do not realize that this is a community college and think it is a huge, impersonal university. |
| 0898 | The teachers were well educated in their field and were able to instruct the students as well. |
| 0910 | Earlier availability of nursing coursework materials prior to semester starts. |
| 0921 | Tell the students what materials are needed for a class before enrolling in it. |
| 0930 | Get rid of XXXXXXX. |
| 0938 | By providing the latest technology equipment/machines at laboratory. |
| 0942 | Better profs. I had a horrible humiliating experience with a Spanish teacher and I wrote a letter of complaint. No one ever followed up with me about the situation - I am only there now because I have to be. |
| 0951 | Paralegal studies courses should include mandatory course on docket keeping, other procedures such as time keeping, records management. |
| 0966 | Have department heads observe classes and actually use teacher evaluations to improve teaching methods. |
| 0970 | To have teachers understand some people are here that are older & work during the day. But yet some classes are taught as if we all should have been 19 or 20 and available any time. |
| 0979 | Instructions were excellent. |
| 0980 | Really bad availability for the disabled people (hard to move around on wheelchair in some of the buildings). |

| 0983 | Have better instructors for weekends and evening classes. |
|------|--|
| 0985 | Get rid of the instructors that don't carerely on different types of media (learning). |
| 0992 | One teacher did not teach or explain his subject. He only read from mimiograph copies - no explanation of how you got the correct answer or how it would be valuable in your job. |
| 0999 | Hire qualified instructors. |
| 1005 | Continue having competent instructors - who cares for students. |
| 1016 | Get rid of some bad teachers that although they are extremely smart they do not know how to teach. No names just follow-up the previous complaints. Diversity, diversity. |
| 1041 | Make sure Physical Science classes use current films, not from the 1970's. |
| 1059 | I think Harper is great! |
| 1061 | They can improve their instruction by helping them one by one and giving them more time for tests. |
| 1071 | Get better instructors. |
| 1072 | Include Macs and Unix computers, use better IDES/compilers than Visual C++ (Unix based are best). |
| 1077 | I would not change anything. |
| 1080 | We live in a complex world. Classwork needs to be reduced to the "absolute minimum I must know for this topic" with additional courses covering the balance. No one person can know it all nor can we expect one class to cover it all either. |
| 1092 | Get teachers who teach. |
| 1103 | Some classes were in tiny cramped quarters. Not conducive to learning. |
| 1111 | The science labs could be improved and more advanced technological equipments could be used. |
| 1113 | When I took ENG101, the teacher suddenly quit in four or five weeks. That was terrible and she didn't return our papers. As I wrote down so much of my personal experiences and emotions, I still feel embarrassed to think of it. I wish the department office had been able to get back our papers and folders from her. |
| 1124 | No improvement needed. |
| 1127 | Course notes on the internet would be helpful. |
| 1141 | Since the classes are small - instructors need to slow down or give individual help. |
| 1145 | The science department needs better teachers or a better class layout, specifically in the physics area of study. The electronics department I was in was falling apart after a couple of our best teachers left. |
| 1157 | Not have tests as the only factor to determine a student's grade. |
| 1179 | By expanding to provide intimate services and better accommodations. |
| 1197 | Instructors should leave personal crusades away from the instructional environment. |
| 1200 | Maintain performance standards, do not diminish requirements to perform, raise them. |
| 1205 | Get more full time teachers. |
| 1207 | To have good flexibility with the teachers and programs, otherwise I think they are doing a good job. |
| 1209 | I'm very angry that in my department a 92.9 is not an "A". They give no credit for motivation and dedication. I gave up alot to get 92.9. I think they should have given too! Other departments are more flexible I hear. |
| 1224 | More time for scanning in echo in Cardiac Technology program. |
| 1229 | In my two semesters of language (Spanish) the classes seemed quite disorganized. The language department should have a "Master Syllabus" for all classes of the same level and enforce it strictly. |
| | |

| 1242 | It could be a little more personalized when it comes to advising. |
|------|---|
| 1252 | Offer some classes more often, some Early Childhood classes run once every two years, either that or allow students to attend another college and do tuition reimbursement regardless if the class is the last one needed to graduate or not. |
| 1260 | The Saturday class I had - the teacher seemed uninterested in teaching. He just wanted to get out of the class early. |
| 1265 | A few classes (not paralegal classes) I attended had instructors who were elderly and didn't care much about teaching - very disappointing. |
| 1271 | Admissions department was very unorganized. A lot of follow-up needed to get things accomplished. |

| | 0155 | Don't know. |

| 0174 | Have more lab assistance who is more knowledgeable about computer. |
|------|--|
| 0182 | I think that the services are good. |
| 0194 | Have the teachers stick to the class schedules and not changing class time and combining courses after registration. |
| 0201 | Nothing at this point. |
| 0208 | Make more counselors available. It's hard to get appointments with them. |
| 0220 | I recall having problems when applying for the nursing program with a dispute over past college credit not getting transferred. Past transcripts should be reviewed more carefully so no transferrable classes are missed. |
| 0223 | Keep those tutoring hours rolling at the center! The extra help made a difference in my academics when I was unable to meet with the instructor. |
| 0233 | Don't change. |
| 0244 | I really enjoyed the services! The library was great! Perhaps educate the students on what services are available for their usebecome more public(?) I truly enjoyed my experience at Harper. |
| 0246 | Harper caters to students' needs with perfection to the best of its ability. |
| 0265 | Become a four year college. |
| 0269 | I think they are already great. |
| 0272 | Consider a partnership with Oakton College. |
| 0288 | Be more organized! So many of my papers and payments have been lost, misplaced or mixed up. It was very stressful! |
| 0302 | Parking. |
| 0303 | More computer labs. |
| 0323 | Do not have administrative people give constant wrong advice, do not give secretaries the ability to make your life miserable with ego trips. |
| 0329 | Nothing - your services are great! |
| 0331 | Become more advanced in the registration process. For example, the registration process is the worst part of the services provided. There is a book thrown on a Table. |
| 0337 | Focus on promoting the mechanical engineering degree. The lack of interest is probably connected to the poor quality of lab equipment and the forever V.P. concentrations on her economics curriculum. |
| 0342 | Make them more widespread to let people know what Harper has to offer. |
| 0354 | My Harper experience was painless - everyone at Harper was helpful in achieving my goal. |
| 0359 | Have more people working during registration, book buy back and book buying at beginning of |
| 0377 | Again, you do a good job. |
| 0381 | I was satisfied with the services provided. |
| 0394 | Taking surveys of current students. |
| 0395 | Better answers to common questions - better directions for specific building locations, ex:Building A, B, etc. |
| 0396 | It can try to make the registration process done solely on line. It helps with speed and it is much more effective for students. |
| 0397 | Admissions office needs to learn how to be friendly once in a while. Also, boundaries should not be set in order to go there without paying extra. |
| 0401 | Availability. |

| 0410 | I think Harper does a decent job. It would help if the published course schedule made it clear when a course could be waived by examination. More intro courses should be "waivable" especially for mid-life adults seeking a career change. (Eg. Intro CIS courses, etc.). |
|------|---|
| 0417 | Financial aid office needs more employees that are KNOWLEDGEABLE - too many students in the office who have NO clue. |
| 0438 | The times were convenient and the people were knowledgeable and helpful, no improvement I can think of. |
| 0444 | Honors students grades should be weighted on GPA. |
| 0446 | More visitor parking. |
| 0465 | Offer more classes at night/weekend (ie. Physiology/Anatomy). |
| 0470 | Closer parking to buildings. |
| 0475 | In the few times I used the campus computers, I was usually cut short because a class needed to use the room. The library workers also weren't very helpful in finding materials. |
| 0480 | More parking closer to building for students. |
| 0482 | Registration for special services - advisors should know more about what is offered. |
| 0483 | Mailings? I never knew what was offered/going on unless I found out by accident. |
| 0490 | Re-label the buildings with letters. |
| 0498 | Have closer parking to the buildings for students. |
| 0503 | Print clear information on all forms. |
| 0512 | Advisors need to be more helpful. |
| 0518 | I thought all services were in no need for improvement. |
| 0546 | Make it better for transfer students. I took many classes upon recommendations of counselors that did not transfer. |
| 0594 | Needs more parking space, especially around "L" building. |
| 0597 | By having people answer their phones when calling, no-more voice mails. |
| 0598 | I did not feel the advisors helped enough. Did not ever mention any requirement for prerequisites. I had been out of college for 20 years and wasn't aware of this and had to take 4 prerequisite courses. |
| 0620 | I have no complaints or recommendations. |
| 0630 | The registration process was often inconvenient and confusing. |
| 0631 | It's as good as it can be I think. |
| 0634 | Make sure all counselors are telling consistent information. I went to two different ones and they both told me two different things. |
| 0668 | Have an orientation in which the sources available are made known to students. |
| 0702 | They need better placement people working at the College. I have not found a job since I graduated in 2000. They really need the staff help us get to our goal!! It's not being done. |
| 0706 | For me, the services worked well, so I wouldn't change anything. |
| 0709 | See above. Keep tuition affordable, more classes for working professionals. |
| 0719 | More emphasis on information from and availability to counseling, career and transfer services. It was difficult to make appointments with counselors and some do not have the necessary or pertinent information in order to assist students in decision making. |
| 0730 | I do not know. |
| 0751 | Friendlier staff. |
| | |

| 0762 | Publicity and workshops. |
|------|--|
| 0763 | My experiences have been good. |
| 0769 | By making sure that international credits are properly revised. |
| 0775 | I think so far so good. |
| 0781 | I recommend that you would have much more helpful assistances for the foreign students. |
| 0782 | They are good. |
| 0786 | Offer more courses that apply toward a 4 year degree. |
| 0790 | Parking lot is limited. Food services - too expensive. Too much geese wondering around the campus. I am afraid of them, I was attacked once. |
| 0791 | Maybe a little better food in the cafeteria. |
| 0805 | Registration staff were unfriendly and that is very important for current students and new students (it was intimidating and stressful!!). |
| 0809 | The only problem I had was that some gen eds that count for a Harper degree don't necessarily match the gen eds of Northern (perhaps other universities as well). Much of it is my fault for not doing the research, of course - but it would help if gen eds were "universal". But I know its easier said |
| 0818 | More availability to get things done on the computer. |
| 0825 | Improve student advising and make clear graduate requirements. |
| 0828 | Maybe by reducing homework time and making class time longer. Because most people have a job too and together with homework and school these people have no lives. |
| 0830 | Allow for new clinic materials, etc. |
| 0855 | I have had a pleasant experience at Harper. I feel that your goal is to prepare students for college and beyond and to enrich skill and knowledge and I feel the school does a fine job at that. |
| 0858 | Expand parking lot in front of building L. |
| 0870 | Have the bookstore open longer on Saturday. |
| 0871 | Offer a satelite program for a university. I think many students would take advantage of the convenience and quality of education Harper is known for. |
| 0872 | Allow more computer time to the non-computer related programs (paralegals use computer at work all the time. I have no computer hours in college). |
| 0898 | The academic advising services needs to advise students upon the correct classes to take which will transfer. I had thought keeping the same advisor would make the transfer easier but it turned my 4 year plan into a 5 year plan. |
| 0921 | More counselors to help advisors in many aspects. |
| 0938 | By continuing the class even though the students were less than ten so that the students can finish their goal in specific time frame. |
| 0942 | More computer lab hours. |
| 0966 | Continuing improvements in facilities. |
| 0970 | Offer a 4 year program! |
| 0979 | Services were excellent. |
| 0985 | Longer hours (registrar), etc. |
| 0986 | Library should remain open until 12:00am. |
| 0995 | I found the counselors to be absolutely useless! They did not direct me into the path I wanted to head into. I met with several counselors and not one helped me out. I should be graduating with a four year degree, but it doesn't look like it will happen soon. You need to hire professionals that |

know what they are doing!!!

| 0999 | Hire qualified instructors. |
|------|--|
| 1016 | More diversity among instructors and key P.R. roles and counseling. |
| 1020 | Stronger in academic advisors to be more helpful in guiding students that are confused in courses and career goals. |
| 1039 | More parking spaces. |
| 1050 | If possible, make students more aware of the Career Center/Counseling Services. Looking back, I wish that I had taken advantage of those services. |
| 1056 | Make them more readily available. To see a counselor, I had to wait nearly 2 hours. This is unexceptable when you have a full time job. |
| 1059 | I wish it was a 4 year school! |
| 1061 | I think that they should improve the services for learning disabled people by giving them more services like more computer classes. |
| 1071 | More evening hours and better registration process. |
| 1080 | Information overload leads to burnout and ineffective learning. The College should continue to offer flexible scheduling of coursework. The ability to pick up a course here and there encourages lifelong learning without major lifestyle changes. |
| 1103 | In the RN program - better use of clinical time. We did not receive enough clinical experience. |
| 1111 | Parking spaces and registration could be improved. If registration could be done over the phone, it would be very convenient. |
| 1113 | Sometimes, fluorescent lights were not replaced promptly. |
| 1115 | Need bigger nursing facilities and more up to date nursing equipment. |
| 1122 | Require students to meet with advisors at least 3 times per semester. This will help to organize, plan their future and receive support if needed. |
| 1124 | More parking spaces. |
| 1127 | Spend more money on its' athletic's program. Fix the football field, track, tennis courts, etc. |
| 1141 | Many questionaires asked about instructor availability (which was good) but not really helpful with subject matter. |
| 1145 | I want the big letters back on the buildings. |
| 1148 | Make it a 4 year college. |
| 1157 | The parking situation is a definite complaint from many students. |
| 1179 | I strongly believe that education begins at the promises. However, good service, good assistance. |
| 1193 | Put the letters back up on the buildings. |
| 1197 | Transportation to and from train station would be helpful for commuters. |
| 1205 | Get more full time teachers. |
| 1207 | Just try to offer the same programs and courses as the other colleges in the area. |
| 1209 | 1) Many instructors seem to have an "I'm better than you ever will be" attitude which is very discouraging. 2) They do not put salt on the curb/street intersection and I nearly had a serious accident this winter while walking. |
| 1212 | Better use of CD Roms on campus. Other colleges/universities allow CD Rom use on campus - why doesn't Harper's library? |
| 1229 | The services are good as they are. |
| 1236 | More computer access, more courses via computer. |

- 1242 Make services more well known, I didn't know about most of it until I was ready to transfer.
- 1252 I can't think of anything at the present time.
- 1260 Make it a 4 year institution!
- 1265 Why were the letters removed from the buildings? Very difficult to find building until up close.
