

**Survey of 2004 Career Graduates Tabled Results
For HLC Defined Programs of 30 (or more) Credits**

Teaming to meet research needs of the College

*Office of Research
September 30, 2005*

The tables that follow provide results of the recently conducted surveys of 2004 Career Graduates for HLC programs. HLC programs are those programs offered by Harper College that require at least 30 credit hours to complete. To preserve respondent confidentiality, only programs with at least five respondents are included in the tables.

The Survey of 2004 Career Graduates closely follows the Occupational Follow-Up Survey developed and required for selected programs by the Illinois Community College Board. The Occupational Follow-Up Survey was mailed to selected program graduates during the Spring 2005 semester. Office of Research staff completed telephone surveys for graduates that did not return the mailed Occupational Follow-Up survey.

The Survey of 2004 Career Graduates was a telephone survey of 2004 graduates not included in the Occupational Follow-Up Survey. Comiskey Research was hired to conduct this telephone survey. Phoning was done during May and June, 2005. That is, it was used for graduates of career programs not under program review in FY 2006.

In July, data from the Occupational Follow-Up Survey and Survey of 2004 Career Graduates were combined for analysis. Counts of respondents and non-respondents were determined. HLC programs that did not have at least five respondents were identified and additional telephoning was completed by Office of Research staff.

Out of 625 career program graduates in 2004, 327 were identified as having earned a degree or certificate in an HLC program. Survey results were obtained for 158 for an overall response rate of 48%.

For HLC program tables, if a graduate earned a degree or certificate in more than one program, responses are included in each program. As a result, responses from 169 surveys are included in the tables that follow. Fifteen HLC programs had five or more respondents on the surveys. The table to the right provides overall response rates for

these 15 programs. Unduplicated results for all Harper graduates of HLC programs (N=158) are provided for comparison.

**Table 1: HLC Program Survey of 2004 Career Graduates
Response Rates**

	Total N	N Responding	Response Rate
Cardiac Technology	15	6	40.0%
Criminal Justice	17	5	29.4%
Dental Hygiene	23	10	43.5%
Dietetic Technician	8	7	87.5%
Early Childhood Education	10	8	80.0%
Early Childhood Education: Teacher	8	5	62.5%
Fashion Design	10	6	60.0%
Financial Services Banking	5	5	100.0%
Health Insurance Coder	13	11	84.6%
Interior Design	13	11	84.6%
Landscape Design	8	5	62.5%
Licensed Practical Nurse	15	7	46.7%
Nursing	74	24	32.4%
Paralegal Studies	22	6	27.3%
Sign Language Interpreting	6	5	83.3%
Harper	327	158	48.3%

Number of students (N) responding to each question is reported in the tables that follow. A “na” means “not available” as there were a few items not included on the Occupational Follow-Up Survey that were on the Survey of Career Graduates.
