

2026-2027 Title IV Authorization Form

Student's Name: _____ **Harper ID Number:** H00 _____

Financial aid regulations specify what charges on your student account your federal financial aid can pay during the current payment period. Federal financial aid pays tuition and fees, without an authorization. Harper College must obtain your authorization to use federal financial aid funds to pay for other allowable educationally related charges on your student account.

1. Authorization to Apply Federal Financial Aid

☐ Yes, I authorize Harper College to apply my federal financial aid to any allowable educationally related charges on my student account.

☐ No, I do not authorize Harper College to apply my federal financial aid to any allowable educationally related charges on my student account. By selecting this option, I will be liable for all charges on my student account not covered by federal financial aid.

2. Authorization for Prior-Year Charges

Harper College must obtain your authorization to use excess current academic year federal financial aid to pay up to \$200 of prior academic year educationally related charges (other than tuition and fees).

☐ Yes, I authorize Harper College to apply my federal financial aid to pay prior year charges up to \$200.

☐ No, I do not authorize Harper College to apply my federal financial aid to pay prior year charges up to \$200.

I understand that this is a voluntary authorization and that it will remain in effect for the academic year at Harper College. I also understand that this authorization can be cancelled or modified at any time by submitting a written request or by submitting a new Title IV Authorization Form. A cancellation or modification is not retroactive - it takes effect on the date it is received by the College. If the authorization is cancelled or modified, the College may use federal financial aid funds to pay only those authorized charges incurred by the student before the College received the notice.
