RELEASE OF INFORMATION

The Family Educational Rights and Privacy Act of 1974 (FERPA) establishes that students at colleges and universities have the right to privacy regarding all of their educational records. The ACT includes parents/guardians for younger students up through high school. When an underage student requests to be accepted as a college student at Harper College, the law treats them as college students. Parents/guardians, under this Privacy Act, are automatically excluded from having access to student records unless the student specifically waives the privacy right, listing the parent(s)/guardian(s) with whom a representative of the college may communicate.

I, _____, authorize representatives of Harper College to exchange confidential information with (parent/guardian):

I agree to the release of information as stated above.
